Land Rover
Parts & Accessories

www.northeastern4x4.co.uk

Welcome to the 14th Edition of the Britpart Accessory Catalogue.

This new edition is packed with nearly **300 new parts**. Many of the new parts are for the latest Land Rover models but with plenty of exciting new accessories for the older range of vehicles too, you'll be able to personalise your Land Rover to your exact needs and wants.

Britpart also stock a vast range of repair parts, many of which are featured in this catalogue, to help Land Rover owners across the world to keep their vehicles going both on and off-road.

At Britpart we are always adding new and exciting products to our accessories range, so remember to look at www.britpart.com for all the latest additions. Also worth remembering is that if there is no picture in the catalogue of a product, then visit our website as there are plenty more product pictures online. You can also check out all the news on our Facebook page, so why not visit and 'like us' at www.facebook.com/britpart

Our commitment
to you!...

For over 35 years Britpart has been supplying quality parts and accessories for Land Rover users across the world and now we are very proud to announce that all* Britpart parts and accessories will be backed by an industry leading **24 month guarantee.**

With a recent multi-million pound investment in the best Land Rover products and with extensive investment in new staff, equipment and procedures we are convinced this new guarantee will give consumers more confidence in Britpart products. This is backed up with our approval by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

This pioneering guarantee will cover over 18,000 parts from our extensive parts catalogue, from springs to clutches and from winches to shock absorbers, confidence in the products we supply is assured. If any part is found to be defective following an inspection by our quality team due to faulty materials or workmanship then that part will be replaced free of charge.

With this significant development in Britpart's philosophy we are now confident that the parts the end users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by the same 24 month guarantee.

Look out for the Britpart Guarantee Logo which is a constant reminder to the customer they are fitting the best available parts and accessories to their Land Rover.

*Subject to our standard terms and conditions. Proof of purchase required by the original point of purchase. Excludes Genuine Land Rovers parts, reconditioned gearboxes & engines. This guarantee does not affect your statutory rights.

Now you've seen what we look like from the outside, why not have a look inside?

BRITPART

The quality parts for Land Rovers

www.britpart.com

A world of Land Rover parts and accessories
all under one (well several) roofs!

> About Britpart

The Marque

Britpart is the leading independent wholesaler of parts and accessories for Land Rover vehicles, supplying in excess of 1,000 customers worldwide from government agencies to trade outlets.

The name 'Britpart' is synonymous with quality parts for Land Rovers and the company has earned a truly enviable reputation around the globe. For over 35 years, Land Rover enthusiasts the world over have come to identify Britpart as a brand to be trusted.

BRITPART

The quality parts for Land Rovers

The Britpart logo has become a widely recognised and highly respected marque; it embodies excellence in the field, both in quality and commitment to meeting the needs of the customer.

Products

Britpart has always reacted swiftly to the demands of the parts market for all Land Rover vehicles, aiming to provide customers with exactly what they want, when they want it. Parts have long been the mainstay of Britpart's business, with many parts simply being unavailable from other sources; however, accessories are now becoming a major part of the business as owners of Land Rovers, old and new, are customising their vehicles to suit their individual tastes and lifestyles; everything they need is now available from Britpart.

The vast array of Britpart accessories ensures that no two Land Rovers are ever identical!

Land Rover appointed Britpart as an 'Approved European Parts Distributor' for all Land Rover Genuine Parts; this, together with Britpart's own vast range of parts and accessories, along with their extensive inventory of O.E.M. product, has resulted in Britpart becoming the ultimate 'One-Stop-Shop' providing everything its customers could possibly require, all ordered and delivered from one dedicated source.

Quality

Britpart is approved by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

Britpart is renowned for quality parts at very competitive prices and takes pride in its excellent customer service, maintaining high stock levels with the aim of fulfilling orders promptly.

Distribution

Parts and accessories for Land Rover vehicles continually flow in and out of the massive state-of-the-art warehouse. Britpart's fleet of vans and trucks all sport the undeniably eye-catching Britpart blue and white livery. Between them they cover the length and breadth of the United Kingdom, including Northern Ireland, delivering directly to Britpart customers on a regular basis, adding to the personal touch that customers have come to associate with Britpart.

Global

When Land Rover finally severed its association with Santana Motor SA it was Britpart who bought up all the existing stock from the factory in Spain and shipped it to their UK headquarters in Shropshire. The shipment included everything from small components to body panels and new engines, along with all the original drawings and tooling. Some of the stock was found to be interchangeable with Land Rover parts and a proportion of the rest is gradually making the journey back home with the assistance of our partner in Spain, Britpart España, Estanfi Automoción.

Britpart's other partners around the globe include: Britpart France, Britpart Belgium, Britpart Brazil, Britpart USA and Britpart Poland.

Britpart is seeking to further expand its comprehensive customer base overseas and is continually looking for well established independent stockists of Land Rover parts to work closely with.

Service

Britpart has an enthusiastic and highly knowledgeable team so that you deal with people who have in-depth knowledge of the business. In addition to major government contracts, we successfully support individual parts retailers, supplying spares for Land Rover models old and new including Series, Defender, Range Rover, Discovery and Freelander.

The lively Sales operation boasts three highly trained teams; one each for Home Sales, European Sales and

Export Sales with technical experts and sales advisors in each, eager to answer the telephone and organise dispatch of goods to their customers within the shortest possible time.

Handmade

The highly skilled team in the Trim Shop make a wide range of seats, seat covers, bases, backs and benches etc for Land Rover vehicles by hand.

Equally skilled is the team in the Lock Shop where a wide range of light engineering work is carried out.

In keeping with the Britpart philosophy, all products leaving the Trim Shop and the Lock Shop are produced to the highest standards and meet with the strictest safety regulations.

Quality Parts

Britpart hold in excess of 26,000 stock items from o-rings and oil seals to engines and exhaust systems. Customers can choose from Britpart quality parts, O.E.M. products and Land Rover Genuine Parts; all delivered promptly at competitive prices.

Everything required for servicing, repairing, restoring or even rebuilding any Land Rover can be supplied by Britpart, thus enabling customers to order all they need on just one order sheet making it easy to keep track of stock and take delivery.

Quality Accessories

Britpart have all the latest accessories you need to customise your Land Rover, whatever the model, to look great on the road and work better off it! From wheels to roof racks, Britpart have everything to ensure that no two Land Rovers need ever look identical.

Exterior Protection

Whether you are going off-road or just want some extra protection on the road for your Land Rover, our wide range of exterior protection is a must have to prevent damage from hidden dangers. We have many forms of exterior protection including chequer plate, A-bars, bumpers, light guards, dash cameras and much more! This section is where you will find protection from front to back and top to bottom for your Land Rover.

IMPORTANT NOTICE Please check local legislation before fitting a frontal protection device to a vehicle that is to be used on public roads.

Dash Camera

DA5061
Plug & play camera features 1,080 pixel resolution meaning important details such as vehicle number plates are more visible. An integrated shock sensor works together with a file locking function, to ensure vital recordings are always protected against overwriting. The camera automatically starts recording, when the vehicle ignition is switched on. Older files can be automatically overwritten, so recording never stops. A built-in battery provides backup power, so recordings can always be completed if the power fails. Camera mode allows the unit to operate as a digital camera, so should an incident occur, additional pictures can be taken. Full camera specifications can be found online at www.britpart.com/dash

They will not rust and you don't need to drill your car to fit these - fitted in seconds. They fit the genuine Land Rover fog and reversing light and the NAS lights. The guard fits over the round rear lights that are roughly 95mm diameter. It is carefully designed complete with the drain hole at the bottom that lines up with the drain hole in the NAS light base.

Unbreakable Mirrors

	Head Dimensions		Arm Length	
DA4404	Flat mirror	204 x 140mm (8 x 5½")	No arm	Flat with fixing kit
DA4405	Flat mirror	204 x 140mm (8 x 5½")	170mm	Flat with fixing kit and short arm
DA4406	Flat mirror	204 x 140mm (8 x 5½")	290mm	Flat with fixing kit and long arm
DA4407	Convex mirror	204 x 140mm (8 x 5½")	No arm	Convex with fixing kit
DA4408	Convex mirror	204 x 140mm (8 x 5½")	170mm	Convex with fixing kit and short arm
DA4409	Convex mirror	204 x 140mm (8 x 5½")	290mm	Convex with fixing kit and long arm

Good visibility is imperative on today's highways and byways so these new high impact resistant mirror heads are an essential item.

- > Optical quality polycarbonate lens - will not shatter like glass or discolour in sunlight.
- > Strong, flexible polypropylene casing - will absorb hard blows without breaking.
- > Universal - can be fitted to either left or right of vehicle.
- > Lightweight - puts less strain on body fixings.
- > Hard lacquer coating on lens - will repel condensation and surface water.
- > Excellent reflectivity - superb daylight and night time vision.

Dirt D-fenders

Dirt D-Fenders are a great solution to the annoying problem of mud which splashes through the gap which exists between the bottom of the wheel arch and the mudflap of your Defender. They are an especially useful addition if you are using wider tyres. The Dirt D-Fenders attach with rivets into the underside of the sill and wheel arch flare. Supplied in pairs with the fitting kit.

Blind Spot Mirrors

DA6550R Right hand side
DA6550L Left hand side

Working closely with one of Europe's leading mirror manufacturers, MUD has created a retrofit mirror for the Defender that incorporates a wide angle convex mirror to eliminate potentially dangerous blind spots. The Blind Spot Mirror function offers a huge improvement in road safety, making lane changing manoeuvres safer whether you're in slow or fast moving traffic.

The surface area of the XL Defender Mirror Head measures 245mm x 140mm compared with the standard mirror glass area of 198mm x 124mm. The mirror area of the MUD Blind Spot mirror is 173mm x 127mm and the convex section is 52mm x 127mm. The convex section is fixed and not adjustable.

The MUD Blind Spot mirror is a straight swap for the original Defender door mirrors, using the same fixing method as the factory mirrors and even retain the same styling as the original Defender door mirror to ensure an OE factory appearance. The MUD Blind Spot Mirror is housed within a larger mirror head that in addition to providing a larger reflective surface area than the standard Defender mirror glass, features the convex wide angle mirror glass. The mirror insert can be flipped through 180 degrees within the mirror head so the wide-angle can be positioned at the top or the bottom of the mirror. The MUD Blind Spot Mirror has been fully homologated, E-marked and carries full EU Type Approval.

Range Rover L405 - Front bumper/side view mirrors

Reversing Camera Kits

DA6611
Rear facing camera kit - includes monitor
Typically mounted under the number plate on a Defender and on the rear end door handle on a Freelander, Discovery & Range Rover Classic.
DA6610
Front facing camera kit - no monitor
An additional camera to add to DA6611 kit.
DA6613
Rear facing camera kit - no monitor
An additional camera to use on a trailer which can be added to DA6611 kit. Cable length is 20 metres.

Seeing exactly what is behind a Land Rover is not easy using conventional mirrors. This kit is a practical driver assistance device with the primary objective of helping the driver to see things that they may not otherwise see when reversing. The kit is engineered to the highest standards with a focus on making it simple to install, robust and discreet. One connection is made to the reversing light circuit and ground to the bodywork. A single cable is then fed through the vehicle from the back to the front to connect the camera to the 3½" slim line monitor. No other work is involved. When the vehicle is put into reverse gear, a sharp and vivid image is instantly displayed on the screen. The camera is the only external part and much like the vehicle it will be installed on it can be submerged in water, it can be blasted by a jet wash, sprayed with mud. Effectively there is very little that can be done to damage the camera, short of hitting it with a solid object. But even then it can withstand some abuse.

- > Waterproof rear view or reverse camera.
- > Small, discreet, MicroBlock™ colour camera.
- > Slimline 3½" LCD monitor.
- > Typically installed above number plate to include the rear bumper in the field of view.
- > Outstanding image quality both day & night.
- > Panoramic view.
- > Instant image on.
- > Single cable installation technology - easy to install.
- > IP68 rated so 100% water and dust proof.

Outstanding image quality

Parking Sensors

Reduce the risk of collision during reversing.

DA4511
These bumper* mounted sensors will detect the distance between your vehicle and any rear obstruction and warn the driver to any potential obstructions. An advanced parking solution for obstacle detection at the rear of your vehicle. Reduce the risk of collision during reversing and reverse parking manoeuvres with this kit.

As the reverse gear is engaged, a sound indicates that the reverse sensors are activated. Any obstacle at the rear of the vehicle is then detected and signalled to the driver through a progressive sound whose frequency increases when moving closer to the obstacle.

Enhance your safety through obstacle detection, even when objects are out of the driver's field of vision. Improve comfort through easy parking manoeuvres. Suitable for 12v cars, SUVs and light commercial vehicles.

- Kit contents include -
- 4 x Bumper fit sensors
 - 1 x Warning buzzer
 - 1 x Control unit
 - 1 x Wiring harness
 - 1 x Cutting tool
 - 1 x Fitting accessories
 - 1 x Installation instructions

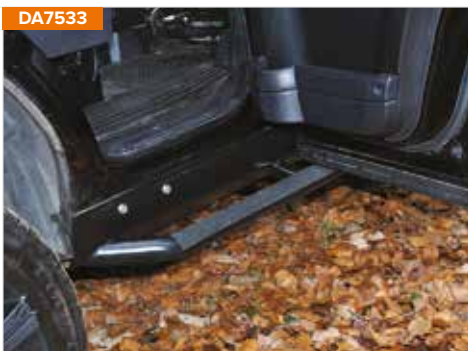

Add an extra set of 'eyes' when reversing...

*Note - Not suitable for vehicles with metal bumpers.

Rock slider/side steps - pair
Discovery 3 & Discovery 4
The best of both worlds with these fitted to your Discovery!

Rock slider - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

Side steps - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TiG welded for a smooth OEM finish.

Great protection for the side of your Land Rover and they replace the sill of your vehicle. These rock & tree sliders are a fully welded 3mm steel construction with heavy-duty chassis mounted brackets and zinc primed with a smart black powder coated finish.

DA7534

Aluminium finish

Discovery 3 & Discovery 4

These rock sliders (sill protectors) are manufactured from 6mm 5083 aluminium and come completely machined and drilled ready to fit. An essential purchase for any off-road use as they prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain. Attaches to your vehicle using 11 mounting points on the side and underneath and when the car doors are closed they are almost unseen, but you have the piece of mind that your car sills are safe from damage. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. For more information & images of these rock sliders visit www.britpart.com/rock

Off-Road Wheel Arch Kits

2.5" wheel arch kits. Wings need cutting for fitting.

DA2364 Discovery 1/Range Rover Classic 3-door

DA2365 Discovery 1/Range Rover Classic 5-door

2" wider than standard enabling tyres up to 14" wide and/or wheel spacers to be fitted while being legal for MOT testing. Made from an unbreakable plastic - ideal for extreme off-road use.

DA2366 Defender 90/110 - 1984 onwards

These two Discovery 2 wheel arches enable larger tyres to be fitted while still being legal as these arches cover the tyres when wider tyres are fitted. The 50mm ones are required for large off set wheels while the 75mm arches will cover the tyres when wheel spacers are used. They are virtually indestructible and all fixings are supplied with the kit. Up to 35" diameter tyres are okay with a 2" lift and these arches as just over 40mm is cut out of the wings when fitting them.

DA1960 Discovery 2 50mm

DA1961 Discovery 2 75mm

Underside Protection

Fuel Tank, Steering/Sump & Transmission Guards

Great protection from hidden dangers.

Sump guards

These guards from Britpart are manufactured from high-quality, hard-wearing and corrosion resistant materials to counteract any unforeseen obstacles your Land Rover may encounter whilst off-roading. All fixings are supplied and the guards fit into the vehicle's pre-existing holes. Each guard has holes at the front to allow for water drainage and also to help with ventilation for the cooling system.

Rock slider/side steps - pair
Discovery 3 & Discovery 4

The best of both worlds with these fitted to your Discovery!

Rock slider - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

Side step - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TiG welded for a smooth OEM finish. The other benefit of this rock slider/side step combo is that the outer 'bar' pushes away small trees and scrub from the bodywork of the vehicle. They can also be used to 'slide' around thick trees when grip is minimal. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitting should take 15 minutes each side. Grip tape supplied loose for optional fitment.

Cycle Carrier

VPLFR0091

- > The smartest, most elegant solution for loading and transporting a bike on the roof.
- > The self-adjusting and upright frame holder into which the bike automatically slides, makes bike loading easy.
- > Adjusting and securing is done comfortably and quickly, with a turning knob, at roof height.
- > Quick-release straps, adjustable for different wheel sizes, hold the wheels securely in place.
- > Light and convenient aluminium design.
- > Can easily be fitted on either side of the car roof.
- > Lockable - bike to bike carrier, bike carrier to load carrier.
- > Fits frame dimensions up to 100mm.

DA2310	Freelander 1	Classic roof bars	Max load - 100kg	Weight - 3.3kg

Cycle Carriers

DA4316 'Scott' - cycle carrier

- > Stable easy-to-use roof mounted cycle holder.
- > Takes frame diameters from 30mm up to 80mm.
- > Lockable to roof rack as well as bicycle.
- > Frame holder with quick attachment for easy fitting without tools.
- > Wheels rest in adjustable wheel holders and are fastened with strong securing straps.
- > Can be fitted on all standard load bars and aluminium profiles.
- > Maximum load - 17kg.

DA4317 'Barracuda' - cycle carrier

- > Unique free stand feature enables ease of loading.
- > Secured in the frame holder and locks to both bicycle carrier and roof bars.
- > Chromium-plated frame holder tube in special steel.
- > Base unit made of UV-resistant composite material.
- > Takes frame diameters from 20mm up to 80mm.
- > Manufactured in accordance with DIN 75302.
- > Will fit to both standard and aluminium bars.
- > CityCrash approved.
- > Maximum load - 15kg.

Britpart Expedition

These roof racks are manufactured from aluminium with a smart black powder coated finish. Fully welded, they are extremely strong, versatile and easy to use. The floor plank profiles are orientated longitudinally which results in a reduction in wind noise. There are nut channels on all the extrusions to allow for easy fitment of 3rd party accessories.

DA4724	Full luggage rail	Gutter mount	2.0m x 1.4m	50kg
DA4723	Full luggage rail	Roll cage mount	2.0m x 1.4m	45kg
DA4704	Marine ply floor		2.0m x 1.4m	16kg

Refer to owners handbook for recommended maximum weight.

Safety Devices Explorer Roof Rack Range

- > Heavy-duty steel roof rack.
- > Explorer roof racks can be affixed with a system of detachable roof cross rails to the rainwater gutters or with aluminium clamps to fit directly on to the majority of Safety Devices' external roll cages.
- > A rain gutter mounted roof rack can be converted in to a roll cage mounted roof rack with the appropriate fitting kit.
- > The standard pack includes a steel roof rack, fixing bolts and optional roof cross rails.
- > Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat.
- > Not compatible with a sunroof.
- > Tents can normally be affixed to the roof rack without a floor, although a marine ply non-slip floor is also available.
- > Additional roof cross rails are available to purchase for use without a roof rack for use as, for example, a roof bar, basic tent support, attaching a roof storage box or to spread additional load on the Safety Devices' roof racks.

Discovery 2

DA4732

Discovery 2 with roof rails

Highlander' roof rack for mounting to the rain gutter. Full luggage rail which neatly follows the profile of the vehicle's roof. 4 lamp brackets at the front, 1 at the rear. Roof rack will also fit with factory fitted 'oversized' roof bars. Weight: 29kg. Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat. Will allow limited use of the sunroofs although cannot be opened fully.

DA4733

Marine ply floor for DA4732 (1 floor with 2 'levels' plus all stainless and galvanised hardware for mounting). Weight: 19kgs.

Defender 110 Hard Top and Station Wagon - Full Length Rack

4 roof cross rails as standard and can accommodate 3 additional roof cross rails.

DA4705	Short luggage rail	Gutter mount	2.8m x 1.4m	42kg

Load Securing System

Bungee Clic Load Securing Starter Kit

DA5040

- > Bungee Clic, a complete system for securing loads and objects.
- > It can be customised in a variety of ways to build the correct length ties needed for securing a variety of objects
- > It gives you all you need to build and adjust safe custom-length ties to suit your needs and requirements.
- > No more unsafe coupling or wrong lengths.
- > It can be used to secure loads at work, at home or out camping.
- > Min/max working load for all items - 0 - 80kg.

Kit Contents

- 2 x J-hooks
- 2 x Locking hooks
- 1 x Straight connector
- 1 x 90 - 135cm bungee cord
- 1 x 60 - 90cm bungee cord
- 1 x 30 - 45cm bungee cord

Bungee Clic Additional Accessories

- DA5041** Bungee Clic J hooks - twin pack
- DA5042** Bungee Clic Locking hooks - twin pack
- DA5043** Bungee Clic Straight connectors - twin pack
Straight connectors provide precision length for every job.
- DA5044** Bungee Clic Y connector - single pack
Y connectors allow you to build netting shapes
- DA5045** Bungee Clic Wall mounts - twin pack
The Wall mount offers solid and permanent anchoring; inside your Land Rover or behind any door.
- DA5046** Bungee Clic Adjustable hooks - twin pack
The adjustable hooks let you quickly adjust and set the bungee cord the right length and position.
- DA5047** Bungee Clic 30cm cords - twin pack
30cm extends up to 45cm
- DA5048** Bungee Clic 60cm cords - twin pack
60cm extends up to 90cm

Tyre Monitoring & Repair

Are your tyres at the right pressure?

DA4512

This system is an advanced monitoring & alert system of tyre conditions. It monitors tyre pressure and temperature then relays the state of each tyre to a display unit. When any abnormalities are detected, the system will display the status of the affected tyre and sound an alarm to ensure you take action to remedy the problem. Keeping your tyres in good condition at the right pressure can extend the life of your tyres, reduce fuel consumption and improve handling. **Note** - This system will only measure up to a maximum of 3.5 bar.

- Tyres that are at the right pressure will -
- > Improve fuel consumption
 - > Increase the tyre life span
 - > Help enhance vehicle handling & braking
 - > Reduce susceptibility to hydroplaning

- System contents -
- 1 x Display
 - 1 x Receiver
 - 4 x Tyre sensors
 - 3 x Display brackets
 - 2 x 3M stickers
 - 1 x Instruction manual

Air Compressors

DA2392

Double-pump air compressor
Air flow - 150ltr/min

It's no good being able to repair your tyres if you can't inflate them. Full details of these air compressors can be found in the off-road section.

Valve Caps

- LR027664** Red, white & blue Union flag Set of 4
- LR027666** Black, white & grey Union flag Set of 4

Enhance your wheels with a set of smart aluminium valve caps.

Tyre Pressure Monitoring System

Tyre Repair Kit

Don't get caught out with a flat tyre or two!

DA2390 - Tyre repair* kit in travel case
How It Works

1. Find and remove the item that caused the puncture.
2. Apply rubber solution to the reamer tool then push the reamer into the puncture and work up and down until the reamer moves easily in the hole.
3. Thread one rubber tyre plug in the hook tool.
4. Push the rubber tyre plug into the hole until 1/2" of the tyre plug remains outside the tyre then turn the hook tool a quarter turn and pull out slowly.
5. Cut off the excess tyre plug as close to the tyre as possible.
6. If the puncture is too big have the tyre fixed by a professional.

*Recommended for off-road use only.

DA1231

ARB Tyre Maintenance

- DA8927** ARB Tyre Inflator
- > Compatible with ARB air compressors.
 - > Easy to read dial with dual scale PSI/bar increments.
 - > Quality bronze Bourdon tube gauge design.
 - > Fully geared, solid brass precision movement.
 - > Protective rubber gauge guard.
 - > Air bleed button for deflating.
 - > 330mm stainless braided flexible hose.
 - > Clip on chuck.
 - > Incorporates ¼ NPT-US standard made air fitting.
 - > Internal air shut off valve.

- DA8931** ARB E-Z tyre Deflator
- The unique, patented design of the E-Z Deflator allows for removal of the valve core for rapid tyre deflation, while also providing accurate pressure reading via the simple movement of a sliding valve. Provided in a protective canvas pouch, the quality bronze Bourdon Tube gauge design ensures accuracy is not affected by fluctuations in temperature, humidity or altitude.
- > Corrosion resistant brass/stainless deflator tool.
 - > Fully geared, solid brass precision movement.
 - > Protective rubber gauge guard.
 - > Easy to read dial with one PSI increments.

- DA6825** ARB Low Air Pressure Gauge
- > Specifically designed for off road use.
 - > Lower scale for improved accuracy at lower pressures.
 - > Quality bronze Bourdon Tube gauge ensures accuracy is not affected by changes in temperature, humidity or altitude.
 - > Fully geared, solid brass precision movement.
 - > Protective rubber gauge guard.
 - > Simple to use with a large 3.5" diameter gauge.
 - > Three pressure scales (PSI, kPa and bar).
 - > Flexible hose with dual chuck for all rim and valve types.
 - > Tested and designed to stay accurate.

- DA8998** ARB Portable Air Compressor
- This portable 12V air compressor comes in a durable polypropylene carry case for added versatility and uses quality components for quiet operation and extra long life. Including a 19ft air hose, it also comes with all the necessary fittings for tire inflation and camping or leisure gear. Its twin motors are internally thermal protected against extreme temperature damage while a heavy duty in-line maxi fuse for each motor provides professional circuit protection. The compressor comes in a high quality carry case featuring internal pockets for components and accessories including a 6 metre air hose. Much more information available online.

- DA6823** ARB Twin Portable Air Compressor
- Designed to fill the market need for a compact sized yet high performance compressed air source for rapid inflation of large tyres as well as the high volume air needs of most air powered tools. The ARB compressor is a world class recreational product designed and built to commercial/industrial standards to survive harsh and demanding outdoor conditions. Much more information available online.

- DA6253** ARB Tyre Inflation Kit
- The ARB tyre inflation kit for air compressors is specially sourced from Japan, providing a unique high-heat tolerant hose for the hi-output compressor (DA4190). The practical kit includes a dust resistant air chuck and an enclosed internal bearing system to prevent dirt ingestion.
- > Suitable for camping, touring and off-road applications as well as everyday usage.
 - > Provides fast, accurate inflation.
 - > Kit includes
 - 1 x high heat pressure hose.
 - 1 x ARB air chuck with quick press fitting.
 - 1 x ARB T-fitting for use with the ARB air compressor (DA4190) and an assortment of additional fittings to suit various camping and sporting gear such as air mattresses and footballs.

- DA6842** ARB Inflation Case
- Designed to keep all your ARB air accessories secure in the one bag and easy to reach, the ARB Inflation Case is a simple yet highly functional solution. Designed with six specialised pockets, fit to house ARB Inflation, ARB Deflation, ARB Gauges, ARB Hoses and other general air accessories, this simple and convenient case keeps all your accessories organised and secure in the one bag. Externally, ARB's bright orange topographical design insures the case itself will not get lost within the back of your vehicle. It has also been manufactured to incorporate the highest of quality materials, from the handle to the internal pockets, ensuring the durability of the case. World renowned YKK#10 zippers appear internally and externally on the case and an abrasion resistant canvas is used to protect your air accessories from outside elements. For ease of use, a large durable rubber handle can be used to carry the case and a high-vis reflective tapping appears on the outside of the case for safety.

- DA8930** ARB Speedy Seal Puncture Repair Kit
- Coming in a compact, high visibility carry case, the Speedy Seal includes all the components necessary to repair tubeless radial or cross ply tyres, without removing the tyre from the vehicle or rim. A pencil type tyre gauge with dual chuck makes setting pressures a snap, while a spring steel insertion needle and hardened reamer tool allow fast tyre repairs.
- > Lubricant for easier tool insertion.
 - > Additional accessories (valve core tool, spare valves and valve caps).
 - > 30 self vulcanising repair cords for complete air sealing.
 - > Allen keys.

4X4 ACCESSORIES

Speedo Healer NEW

DA1343 NEW
 Defender - Td5 & 2007 onwards
 Behind the handbrake backplate, on later Defenders, is a green 3 wire transducer which generates a pulse. This is then sent to the speedometer to show your vehicle's speed. Fitting different sized tyres or a non-standard ratio ring and pinion in the diffs could well mean the speed displayed is inaccurate. Fitting and programming this small box is easy. Once installed it allows you to adjust the output pulse, both up and down, which means your speedo will indicate the correct speed at which you are travelling. The instructions included detail how easy it is to program the box using a sat nav system.

Smart looking, tough, high quality alloy wheels which are ideal for off-road use. Used for rally-road competition vehicles as well as the military these Blindo wheels are TÜV approved and manufactured in Italy.

- > Only prime aluminium is used.
- > Less silicon is added than cheaper alloy wheels.
- > Alloys are heat-treated for improved mechanical properties.
- > Metal is de-gassed to remove any small bubbles.
- > Low pressure cast to ensure improved metal density.
- > Once made each alloy is x-rayed to check for defects, then water tank pressure tested to ensure no leaks.

Bowler Lightweight **NEW**

DA1346

DA1347

Made in the UK exclusively for Bowler, these lightweight, high strength wheels are TÜV tested and are used in the Defender Challenge. They have a manufacturers guarantee and are used extensively in motorsport. Maximum load rating 1,250kg.

Bowler 18" Lightweight Wheels

They are 8" wide and will accept tyres ranging from 255 - 285 wide.

- > Ultima - up to 120% more light on the road.
- > Xenon 130 - up to 130% more light on the road.
- > 100% Xenon gas and advanced filament technology produce exceptional night driving performance.
- > A longer beam pattern enables other road users to be seen more clearly and allows more time to react to potential hazards.
- > Better reflections from road markings and signs make for more comfortable and safer night driving.
- > Street legal and a simple upgrade from standard bulbs, requiring no changes to vehicle wiring.

Xenon Ultima Headlamp Upgrade

DA5014
Xenon 7" universal fit headlamp upgrade kit includes Xenon Ultima. Suitable for Defenders, Series and Range Rover Classic. Xenon Ultima is the first auto bulb to put 120% more light on the road. The lamps have a complex surface to give a superior light distribution. They are E-approved, fully road legal and the kit includes headlamp units and xenon bulbs. 3 year warranty.

Britpart Lynx Eye LED Headlamps

DA6282 Right hand drive pair
DA6283 Left hand drive pair
 Standard 7" fitment for Defender, Series & Range Rover Classic. Durable polycarbonate lens & die-cast aluminium housing provide maximum protection

Features & Benefits

- Light source - 8pcs CREE(XML-10W) LED
- > Certification - DOT & E-mark.
- > 2800LM@30W on low beam.
- > 4450LM@48W on high beam.
- > Stepless thermal management system built-in.
- > Durable polycarbonate lens stands up to harsh environmental conditions.
- > Rugged solid LED means never having to replace another bulb again.
- > Die-cast aluminium housing provides maximum protection.

General Specifications

- > Lens material: Polycarbonate
- > Housing material: Die-cast aluminium
- > Mounting: Replaces PAR56 headlights
- > Mounting connector: H4 and H4 to H13 converter
- > Colour temperature: 6000-6500K

Technical Specifications

- > Low beam: 2.5 amps @12V DC
- > High beam: 2.00 amps @ 24V DC
- > Low beam: 1.25 amps @ 24V DC
- > Row lumen output: 5600LM
- > Effective lumen output: 3640LM

Note - Some EU countries may require fitment of headlamp washers.

ECE LED Headlamps

DA6280K Right hand drive Pair
DA6281K Left hand drive Pair

Series/Defender/Range Rover Classic

Technical Specifications

- > Hard-coated polycarbonate lens.
- > eCoat aluminium housing and internal structures.
- > Metallized reflector.
- > 1.3mm CSA / 16 gauge wire.
- > Light source - 2 LED arrays.
- > Multi-volt (9V-33V) design works with both 12V and 24V systems.
- > More technical information available online.

Note - Some EU countries may require fitment of headlamp washers.

Features & Benefits

- > ECE & ROHS compliant.
- > LED sealed beam technology with polycarbonate lens and sealed electronics.
- > Up to 50 x longer life than halogen headlamps, lowering life-cycle costs.
- > Produces pure white light, nearly identical to daylight that is easy on the eye, unlike harsh blue HID systems.
- > Includes built-in position lamp with optional wiring.
- > Offers great forward vision, improved roadside coverage and highly controlled beam patterns, offering glare protection to oncoming traffic.
- > Dipped/passing beam and main/driving beam functionality.
- > Ultra-bright output for maximum night visibility.
- > H4, 3-Blade connector system (main & dipped beam only).

LED Light Bars

DA6284

DA6284
500mm LED light bar - single
Size - including bracket
H 98mm x W 574mm x D 91mm
Function - Combination beam
Watts - 90W
Light source - 30 x 3W LED
Light output - 7,500 Lumens

DA6295

DA6295
120mm LED light bar - single
Size - including bracket
H 98mm x W 174mm x D 91mm
Function - Spot beam

Inspection Lamps

DA5063

- High Power Mechanics Headlamp
- > 3W Cree LED provides 320 lumens of light output.
 - > Operating times: 2.5hrs (high); 8hrs (med) & 18hrs (low).
 - > Lamp adjusts through 50° to focus on work area.
 - > Tough & robust impact resistant aluminium construction, ideal for a workshop environment.
 - > Weatherproof design for outdoor use.
 - > Adjustable headstrap with padding for comfortable usage.
 - > 4 x AAA batteries included.

DA5026

- Professional LED Inspection Pocket Lamp
- > Rechargeable and cordless for convenient use.
 - > High powered LEDs provides a bright light output.
 - > Anti-slip comfortable grip.
 - > Magnet for hands free use.
 - > LED torch function for focused light output.
 - > Precision reflector provides wide angle light output.
 - > Tough and robust polycarbonate lens for demanding conditions.
 - > Lithium ion battery for faster consistent recharging.
 - > Includes AC mains charging adapter with UK plug.

Specifications

Light output: 120 lumens
 Battery: 3.7v 1200mAh
 Mains adapter: Input 240v - 50/60Hz
 Output 5v - 300mA
 Operating time: 5hrs
 Charging time: 5hrs

DA5027

- Essential LED Inspection Pocket Lamp
- > Magnet for hands free use.
 - > LED torch function for focused light output.
 - > Protective lens for demanding conditions.
 - > Integral swivel pocket clip.
 - > Includes batteries.

Specifications

Battery: 3 x AAA
 Operating time: 5hrs

Add some light to your working environment.

BRITPART

The quality parts for Land Rovers

JANUARY 2017

Winter Warrior

Land Rover L34 - Black Package
Winning, Cornwall, UK
by Mark Rowley

Make Your Land Rover A Star in 2018!

Here at Britpart we are planning our next Land Rover themed calendar and we'd love to feature the pictures of proud Land Rovers owner's vehicles – whatever model, age or condition of the vehicle.

We love to see pictures of Land Rovers in locations stretching from rural UK, right through to vehicles in a foreign urban environment - use your imagination. Winning entries will all feature in the next Britpart calendar and each one picked will win a great prize. So get out there with your Land Rover and camera - happy snapping. You can send us as many entries as you would like! **Good luck!**

Prizes

There will be 12 prizes awarded –

1 x first prize: £250 cash prize, 10 copies of the calendar with the winning image on the front cover and featured inside the calendar and a large Britpart hamper.

11 x second prizes: 5 copies of the calendar and a Britpart hamper.

Details on how to enter and full terms and conditions - www.britpart.com/calendar

Towing

This section contains all of the equipment needed to get you hitched up and towing with a wide selection of hitches and ancillary parts to suit all Land Rover models!

Discovery Sport

DA5142

DA5144

DA5143

Armrest with soft pad and real stitching for Discovery Sport models without one fitted originally. The armrest is made and designed using only quality materials to guarantee comfort and longevity. Handmade in Italy.

- > Innovative design.
- > Fits right and left hand drive vehicles.
- > Flips up and out of the way.
- > Soft pad.
- > Invisible fitting system - no screws or brackets in sight.
- > Do-it-yourself fitting in only 5 min.

DA5144	Black real leather
DA5142	Black eco leather
DA5143	Black automotive fabric

Range Rover Evoque

DA5122

DA5123

DA5148

Improve your driving position in a Range Rover Evoque with an additional armrest.

- > Manufactured from real leather and simple to fit.
- > The armrest can easily be moved to suit your driving position and you will still be able to access the cubby box.

DA5147	Lunar
DA5148	Almond

Bulkhead Bars

DA1810

DA2351

DA1810 Defender OEM bulkhead removal bar kit

DA2351 Defender bulkhead reduction bar kit

Need more leg room and seat adjustment in your Defender?

These bulk head bars alleviate that problem without compromising strength. The bulk head bars allow for extra seat recline and travel on the seat base - giving you a more comfortable seating position and more space in the front foot wells. The bars create a rigid bracing for the front of the Defender tub as well as the added benefits of extra room in the vehicle due to the seats being more manoeuvrable, access to the rear of the Defender is now not compromised by a higher bulk head. Powder coated and supplied complete with all the necessary fixings and instructions.

Extended Seat Rails

DA2148

- > Ideal for the taller driver.
- > A more practical and comfortable driving position.

DA2148

Give your Defender (including 2007 onwards model) seats 3" of extra slide with a pair of these seat rails. Ideal for the taller driver to give a more practical and comfortable driving position. One pair of rails is suitable for one seat.

Photo courtesy of Andy Yung

Glove Boxes

DA2603

DA2603CF

Neat storage solution for the Defender - 2007 onwards model - which utilises the available dashboard space. Ideal for storing all the usual small items you carry with you. Robust construction and easy to fit with all the necessary parts supplied. Suitable for both right and left hand drive vehicles.

DA2603	Normal interior finish fascia plate
DA2603CF	Carbon fibre effect finish fascia plate

The highly skilled team in the Britpart Trim Shop make a wide range of seats and seat covers for Land Rover vehicles by hand. The material arrives in vast reams and has to be cut with great precision before being stitched together and then assembled into seat bases, seat backs, seat benches etc. In keeping with the Britpart philosophy, all products leaving the Trim Shop are produced to the highest standards and meet with the strictest safety regulations.

Retrofit Seat Heaters

DA5717 NEW

These retrofit seat heaters will allow you to enjoy a comfortable and warm seat in any Land Rover vehicle with a removable seat cover. These highly durable and flexible heating elements are placed between the upholstery and seat cover on the seat base and back and will not alter the shape of the seats. There are two switches provided for the driver and passenger seats which allow the heat output to be altered to the two different settings. A ready-made cable set connects the switches to the 12V on-board power supply to the heat the pads. There are integrated temperature sensors which ensure that the seat heater will not overheat.

- Operating voltage: 12 volt
- Output: Low - 44 watts / High - 90 watts
- Dimensions: Seat base - 400 x 280mm / Backrest - 300 x 280mm
- > Complete set for driver and passenger seats.
- > Two stages of heating.
- > Kit includes four heating elements and items needed for installation.
- > Pre-assembled cable set with switching relay and buttons included.
- > Temperature guard to prevent overheating.
- > Heating elements are durable and extremely flexible.
- > For use on seats which have a removable cover.
- > Includes fitting materials and instructions.
- > Test mark: e-approved to 95/54/EC (EMC guidelines for vehicles)

DA7307	Mounting kit - removable
DA7308	Mounting kit - fixed

DA7304

- > Lightweight and compact
- > High comfort
- > Tubular frame construction
- > High quality recline mechanism for smooth and easy adjustment
- > Compatible with 3 or 4 fixing point harnesses
- > Base mounted - 271 x 345mm

These Sparco seats are ideal for the Defender (excluding truck cabs*). Drawing on decades of racing history, Sparco has created a line of street car seats that offer the ultimate in comfort and performance. The ergonomic designs help cradle and protect the driver against even the most demanding lateral forces. The R100 is Sparco's latest incarnation of ground-breaking steel-model seats. It features redesigned bolsters for greater support and new padding configurations for improved comfort. It has been built with comfort and support in mind but it's lower side bolsters and slightly narrower steel frame allow it to fit into vehicles where fitting seats with larger side bolsters may be difficult. The seat features backrest harness slots so that it can be used with a race type harness or normal seatbelts. The seats can be reclined using the double adjuster lever. Made from a durable fabric, the R100 is available in single tone or duo-tone styles. Duo-tone styles feature contrasting side accenting and stitching to match any interior. The Sparco R100 range is designed to attach using Sparco vehicle specific seat mounts.

*Not suitable for vehicles with truck cabs fitted as they restrict the leg room in the vehicle.

DA7308

DA7306

Corbeau Seats

Corbeau Sportline RRS Low Base Seats

A revised version of the RSS, the Low Base has been designed specifically for Defender owners. The RRS has up-to-the-minute styling, giving you the ultimate in comfort and safety. This steel-framed sports recliner has a high quality moulded foam cushion, with lumbar support to give maximum comfort whilst not compromising lateral support. With its ultra low side bolster this is the perfect application for any high rise vehicle. Fitted with a high quality single reclining and tilting mechanism for ease of adjustment. TÜV Approved. Sold in pairs.

DA4649 NEW

Defender door card fixing kit
Suitable for one door.

Black

Door Stays

DA1203

Does your Defender's rear door sometimes close on you unexpectedly?

This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

DA1204 Defender - up to 2002

DA419024V 24 volt

ARB High flow on-board compressor assembly

- > Airflow - 87.2lpm
- > Designed for Air Locker use.
- > Sealed for moisture and dust resistance.
- > Hard anodised cylinder bore and Teflon impregnated carbon fibre piston seal for reduced friction and maximum trouble free life.
- > Heavy-duty maxi-fuse equipped for professional in-line circuit protection.
- > Quality components for quiet operation and extra long life.
- > Anodised mounting brackets dissipates motor heat and allows compressor to be repositioned by 180°.
- > Constructed entirely of lightweight, high strength engineering grade materials.
- > Over-pressure safety valve equipped.
- > Motor is internally thermal protected against extreme temperature damage.

DA4958

ARB Compact 12 volt on-board compressor assembly

- > Airflow - 27.7lpm
- > Designed for Air Locker use.
- > Compact, vehicle mounted design.
- > Sealed for moisture & dust resistance.
- > Quality components for quiet operation & extra long life.
- > Mounting bracket allows for versatile positioning.
- > Kit contains 12V air compressor, mounting bracket & hardware, auto on/off pressure switch, plug-in Air Locker wiring loom and installation instructions.

DA4985

ARB Twin on-board compressor kit

Designed to fill the market need for a compact sized yet high-volume compressed air source to suit the high volume airflow needs of most air powered tools, and also to suit the actuation and control needs of the ARB Air Locker, and the harsh and demanding environment of the ARB Air Locker user. Much more information available online.

DA6836
 ARB Air tank
 Ideal for use with ARB's twin motor and high output on-board compressors.

- > 4 litre aluminium air tank.
- > Rated to a maximum working pressure of 1030KPA (150PSI).
- > Delivers high volume air output suitable for rapid tyre inflation and most air powered tools.
- > Two 1/4NPT ports (input and output) with JIC-4 male fitting pre-installed.
- > Designed for use with ARB's on-board compressors.
- > 50% lighter than an equivalent steel tank.
- > Mounting hardware included.

DA8994
 ARB Air compressor pressure switch
 Threads into the ARB air compressor to regulate internal pressure in the compressor tank. Turns compressor on at 70psi and off at 100psi.

DA6837
 ARB Air locker manifold kit

- > Designed for the remote mounting of air locker solenoids.
- > Stainless steel braided PTFE hose and fittings connect to and cool the compressor outlet air.

Kit includes

- > Manifold body with mounting bracket
- > 2 x 1/8" BSPP ports for installation of up to 2 x Air Locker solenoids
- > 2 x 1/4" NPT ports, one to be used as an input and the second could be used for installation of a pump up kit
- > 1 x high temperature resistant Teflon stainless steel braided hose with heavy duty JIC4 fittings
- > 2 x JIC4 - 1/4" NPT nipples to connect the included hose to the compressor outlet and manifold kit input
- > 2 x M6 hex head bolt and nylon lock-nuts for securing the manifold kit

ARB Diff Lockers

- > Provides 100% traction on demand without affecting on road driveability or driveline wear.
- > Vastly improved traction means less reliance on momentum, thus reducing the likelihood of vehicle damage and environmental impact.
- > Easy, convenient operation allows the driver to concentrate on the terrain without leaving the comfort and safety of their seat.
- > Ultra durable and extremely strong - only the highest quality materials used in construction.
- > Incredibly simple yet effective design that employs minimal moving parts, thereby ensuring maximum reliability.
- > Thoroughly tested and proven design - trusted and used in over 80 countries around the world.
- > Easy installation and maintenance - no special tools, skills or additives required.
- > Two year warranty guarantees the Air Locker will be free of defects in materials.

Air Locker locking differentials allow you to tackle the toughest terrain. As the world's premier traction aid, ARB Air Lockers keep you moving in all conditions. Ultra durable and extremely strong - only the highest quality materials used in construction.

Notes - **1.** If vehicle was manufactured during 1993, check spline count. **2.** Air Locker not available for vehicles equipped with high load option. **3.** Ring gear spacer required. Longer ring gear bolts (not supplied) are also necessary - (Land Rover part no. 576521). **4.** When an DA4191 Air Locker is to be installed in Range Rovers manufactured prior to 1980 (approx.), special carrier bearings (No. K11300/K11162) may also be necessary - Land Rover part no. RTC3426. **5.** Some vehicles have crown wheel bolts which cannot be reused and must be replaced. Consult service manual. **6.** P38A is most commonly found in traction control equipped vehicles. Identify P38A type diff by large 205mm [8.07"] flange diameter. P38A was not used on North American delivered Discoverys - use DA4193.

ARB diff cover
Defender - front and rear Salisbury axles.
High tensile solid nodular iron structure (tougher and harder than solid carbon steel) protects the differential and ring & pinion set from the obstacle impact hazards of competition rock crawling, or extreme off road trails.

Diff Locker

- > A unique non-rotating annular piston locking actuator is designed to eliminate air leaks sometimes found with rotating seals.
- > The annular piston is also designed to eliminate the oil blow back in the air exhaust line.
- > The large piston area gives maximum hold-in force to reduce the possibility of jumping out of lock.
- > Locking ring gives full 6mm positive engagement with side gear, again reducing the possibility of jumping out of lock.
- > Gears have been redesigned for maximum strength and durability.
- > The lock ring is made from high spec 300m steel to provide ultimate strength and ability to withstand shock loads.
- > Locking actuator cage made from steel to withstand shock loading caused by power locking.
- > Locker body turned from billet 817M40T (EN24T) to give optimum strength.
- > Only change necessary to fit the locker is drill and tap the diff housing 1/4" bsp for the air feed fitting.
- > No changes to the axle case.
- > Requires on board air supply - not supplied.

Ashcroft Transmissions Cross Pin

The standard LT230 transfer boxes have a two piece cross pin in the centre diff, this is two shafts with a cut out in the centre so they can overlap. This one piece heavy-duty cross pin is much stronger.

DA9011

Automatic Torque Biasing Limited Slip Differential

Defender - 1993 onwards	Front & Rear
Discovery 1 - 1993 - 1998	Front & Rear
Discovery 2	Front & Rear
Range Rover Classic - 1993 - 1996	Front & Rear

- > Fully automatic - needs no driver input
- > Totally transparent on road, i.e., no unwanted adverse effects
- > Only comes into play when one wheel loses traction, i.e., a difference in wheel speed
- > Enhances the traction control as it multiplies the bias load created by the braking effect of the traction control
- > Needs no special oils
- > Needs no adjustment as the gears compensate for any wear that takes place
- > Only with 24 spline side gears

Heavy-duty Crown Wheel & Pinions

With the standard diff design, under extreme conditions, the front diff tries to climb out of full engagement under full power and then easily strips the teeth. Ashcroft has cut the gears in reverse for the front so they try to push together in mesh rather than push out so much stronger than the original design. Ashcroft looked at the materials used and compared these to the genuine materials used by Land Rover. The new range are now made from improved materials which is an improvement over the genuine specification. All pinions accept the later 24 spline drive flanges and have the female thread to accept the later type bolt (FS112301P) and washer (FTC5413), all ring gear threads are the stock 3/8 UNF, we stock the later flanges head high tensile bolts for these also FTC5150, see related parts. Ashcroft have chosen to coat the crown wheel and pinions in chemical black to aid corrosion resistance and offer a unique appearance.

DA1207

Front with reverse cut

Heavy-duty 4.12 ratio using a tooth count of 33 on the crown wheel and 8 teeth on the pinion.
Defender/Discovery 1/Range Rover Classic

DA1508

Diff Lock Lever Kit

DA1178

Discovery 2

Early Discovery 2's were not supplied with a centre diff lock function for the LT230 transfer case although the vehicles still have the centre diff lock installed in the transfer case. To get the diff lock function to work it just needs connecting. The linkage is easy to fit, cable operated and very neat.

You attach the existing high/low stud to this new lever assembly. This kit will only work on transfer cases with serial numbers starting with either 41D or 42D.

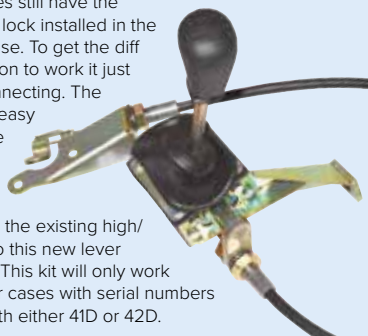

Photo courtesy of Carla Taylor

Detroit

Detroit Locker

- > 100% locking differential
- > Legendary traction
- > Ultimate performance

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker is the most durable and dependable locking differential available.

The Detroit Locker maximises traction by delivering 100% of the torque to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required.

No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world! The durability of the Detroit Locker is unmatched!

DA5700 Series 3/Defender/Discovery 1/Range Rover Classic	24 spline	Rear
DA5701 Series 3/Defender/Discovery 1/Range Rover Classic	10 spline	Rear
DA5704 Defender - Salisbury axle Detroit Locker	24 spline	Rear

Detroit Truetrac

- > Smooth operation
- > Performs open until needed
- > Fully automatic limited slip

The Detroit Truetrac was the first helical gear differential ever introduced into the automotive aftermarket as an Eaton brand. It remains the leading helical gear-type limited slip differential in the industry. Detroit Truetrac's proven helical gear design eliminates the need for wearable parts, resulting in maintenance free traction.

Recognised not only for its toughness but also it's smooth and quiet operation. Engineered to work efficiently in front and rear axles, semi-floating (C-clip axles) and transfer cases. Power transfer is so smooth, it literally goes unnoticed by the driver - even in front wheel drive axles.

Proven design, low cost and effective performance, all make the Detroit Truetrac limited slip differential the ideal choice for a wide variety of vehicle applications.

No maintenance - just traction!

DA5709 Series 3/Defender/Discovery 1/Discovery 2/Range Rover Classic	24 spline	Rear
DA5710 Series 3/Defender/Discovery 1/Discovery 2/Range Rover Classic	24 spline	Front
DA5711 Defender - Salisbury axle	24 spline	Rear

"The choice of professional racers & off-road enthusiasts around the world."

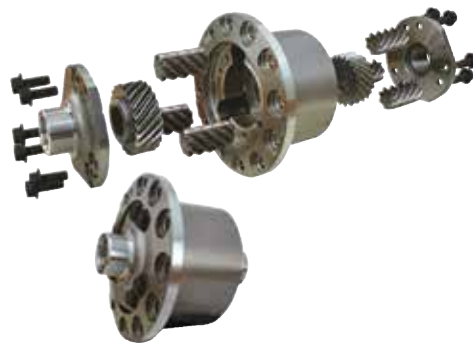

IMPORTANT

When fitting a metric diff centre with metric bearings into an imperial casing you will require the additional following parts. Diffs went from imperial to metric in approximately 1983, take a look at one of the heads of the four large journal end cap bolts, if '8.8' is on the head it is metric, if not then it is imperial. Parts are required for fitting to both Truetrac or Detroit lockers.

DA5712	Spacer ring
DA5713	Imperial bearing sleeves
RTC3095	Bearings. 2 x bearings are required
576521	Longer bolts x 10

Fitting a Detroit Truetrac to the rear of a late Defender 110 will require the spacer ring DA5712. Ten longer bolts are needed too 576521 is a pack of 10.

"Recognised for its toughness as well as its smooth & quiet operation."

Emergency Equipment

First Aid & Travel Kits

For first aid & travel kit contents details
www.britpart.com/safety

DA5076 NEW
Mini first aid kit
First aid kit stored in a lightweight, compact carry case. Great for people on the move and ideal for treating minor injuries. Contents are CE certified.

DA5077 NEW
Complete first aid kit
First aid kit that includes a comprehensive range of essentials items stored away in a handy case. Ideal for the car, camping, home and travel. Contents are CE certified.

DA5033
Essential emergency travel kit
Essential items for emergencies on the roadside. Compact carry case. Ideal size to store in front of the vehicle for easy access.

DA5028
European travel kit
Includes essential items when travelling to Europe. All products are manufactured to UK required standards where applicable.

Emergency Hammer

DA6500

Life Hammer - The Original

- > Double-sided steel hammer for shattering windows quickly and easily for a safe and quick exit from any vehicle.
- > Razor sharp blade cuts through seatbelts to ease escape.
- > Fluorescent button allows hammer to be located in the dark.
- > Installation mounting bracket ensures hammer is accessible when you most need it.

Fire Extinguishers

STC8138AB

STC8138AB

- > 2kg kit.
- > Long-life - 100% polyester resin coated fire extinguisher.
- > Safe handling & crash proof fastening.
- > Readiness to operate displayed by manometer.
- > Precision brass valve.

STC8529AA

STC8529AA

- > 1kg kit.
- > One-handed operation fire extinguisher.
- > High rating.
- > Checkable & re-chargeable.
- > With crash-tested bracket.
- > Attractive design.
- > Controlled discharge.

Recovery Kits

DA8932

DA8904

ARB Winch storage bag
Contains no kit

With a recovery kit you have the peace of mind carrying a purpose-built recovery bag filled with a selection of items that will come in handy the next time you get stuck.

DA8932

ARB Premium Recovery Kit

- > 8,000kg snatch strap
- > 4,500kg winch extension strap
- > 12,000kg tree trunk protector
- > 9,000kg snatch block
- > Recovery damper
- > Winch pack storage bag (available separately - DA8904)
- > Bow shackles and gloves

DA8928

ARB Essentials Recovery Kit

- > 8,000kg snatch strap
- > 12,000kg tree trunk protector
- > 9,000kg snatch block
- > Snatch pack storage bag
- > Bow shackles

DB1015

Britpart Recovery Kit

- > Wheel chocks
- > 9,000kg snatch block
- > 8,000kg tow strap
- > 8,000kg snatch tow sling
- > Bow shackles
- > Tree stop
- > Winching gloves

Fuel Storage

Defender 90

DA4547

Defender 90 - Td5 & Tdci - up to 8A

DA4548

Defender 90 - Tdci - from 8A

- > 30 litres* plastic flow tank
- > Lightweight
- > Supplied as kit
- > Easy to install & use
- > Requires no pumps or added fillers
- > Does not interfere with storage or clearance
- > Compatible with standard Defender fuel filler cap *approximately

The best way of getting more fuel into your Defender without using valuable space or complex pumping systems!

DA4546KIT

DA4547 / DA4548

Long Range Fuel Tanks

Defender 110

DA4545

Defender 110 - up to 1999 (pre-Td5 models)

- > Rear arch metal spare fuel tank - right hand side
- > 45 litres
- > Supplied with all the necessary fittings to install and use

DA4546

Defender 110 - 1999 onwards (Td5 & Puma models)

- > Rear arch metal spare fuel tank - right hand side
- > 45 litres
- > Supplied with all the necessary fittings as well as a replacement filler neck and specifically engineered bulkhead fitting for the balance pipe, having these makes the fitting of the tank quicker and easier as well as it working better too.

Note - Both above tanks are not suitable for use in a Defender 130. Additional bracket required for 7 seater.

DA4546KIT

The long range fuel tank DA4546 will require this additional bracket when fitting to a 7-seater Defender.

Jacks

Hi-Lift

Rugged & Highly Versatile Jacks

The Hi-Lift jack is a rugged, highly versatile jack that puts you in command of situations requiring lifting, pushing, pulling, winching, and clamping. Although light in weight and easy to manoeuvre, the Hi-Lift jack offers a rated lifting capacity of 2½ tons (2,114kg).

DA2243 48" Jack (4ft)
DA3120 60" Jack (5ft)

Specifications

- > Approximate weight: 30lbs (14kg).
- > 4,660lbs (2,113kg) rated capacity.
- > Climbing pins of specially processed steel with 125,000psi tensile strength and 100,000psi yield.
- > Steel bar is manufactured of specially rolled extra high carbon steel with 80,000lbs minimum tensile and carbon 0.69 to 0.82.
- > Steel handle of 14-gauge high-yield structural tubing with minimum yield of 55,000psi - 15/16" diameter x 30" long.

Features

- > Every jack comes complete with an adjustable top clam clevis for use in clamping and winching.
- > For speedy disengaging, lifting unity automatically drops away when load is removed.
- > 4½" (11cm) long lifting nose for positive contact with load.
- > Safety bolt is designed to shear at 7,000lbs (3,175 kg).
- > Steel bar can be reversed for extra long life.
- > Low pickup of 4½" (110mm).
- > 28" square base plate.

Accessories

- DA2174** Off-road base plate - Alleviates jack sinkage on soft surfaces - suits both models.
- DA2243EYE** Jacking eye - Spare jacking eye.
- DA2244** Jacking point adaptor - Allows the use of the jack with the standard jacking points on a Defender.
- DA2248** Fix-it-kit - The maintenance kit contains all the key components for servicing all Hi-Lift jacks.
- DA4350** 4XRAC - Heavy-duty mounting system for the serious off-roader.
- DA4351** Loc-Rac - Conveniently mounts and locks your Hi-Lift jack. Includes lock and suits all models.
- DA4352** Jack protector - The jack protector vinyl bag protects your jack from the elements - one size fits all.
- DA4353** Lift mate - Designed to provide a lift point from most wheels for quick and easy lifting. Lifting capacity is 5,000lbs/2,273kg.
- DA4354** Off-road kit - The Hi-Lift winching kit includes a winch attachment, winch tensioner, tree strap, d-ring shackle, Hi-Lift gloves and gear bag. Winch time is reduced significantly using the winch attachment and tensioner together.
- DA4355** Bumper lift - Designed to fit curved steel bumpers. Rugged design of the bumper lift has a lifting capacity of 3,000lbs/1,361kg.
- DA4356** Neoprene jack cover - This jack cover offers a level of mud and dirt protection for the main lifting mechanism of the jack when not in use. It zips on easily over the foot of the jack and provides a tight fit.
- DA4357** Adjustable tube jack mounts - small set - For use on tubes from 1 to 2" in diameter, which works on many roof racks. It can also be used on ATV/UTV bars, bumpers and roll cages.
- DA4358** Adjustable tube jack mounts - large set - For use on tubes from 2 to 3" in diameter that will work on most vehicle bull bars and roll cages.

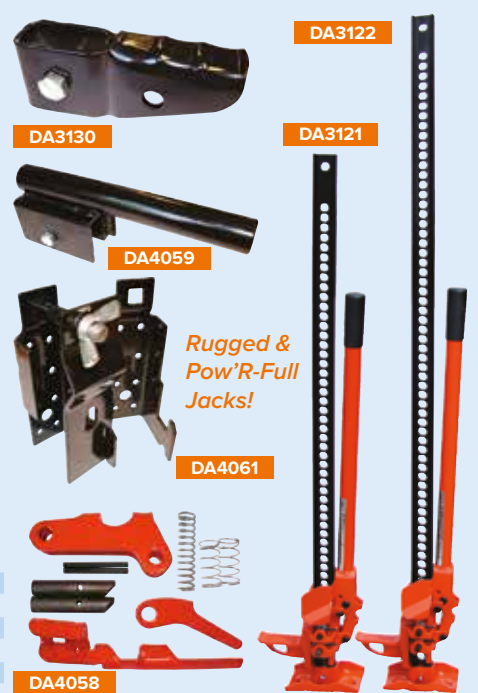

Jackall

Built with a patented 'Safety Link', the Maasdam Jackall is the 'Jack with More!' Larger base for greater stability. 'Safety Link' mechanism that prevents abuse, misuse and makes operations safer. Jacks come with a lifetime warranty and are built to current ANSI/ASME specifications. When safety and dependability matter most, continue to rely on Jackall.

Features & Benefits

- > Patented 'safety link' mechanism which prevents abuse and misuse.
- > Heavy ribbed, extra large base which provides strength and greater load stability.
- > Cast components assures long life, trouble free operation.
- > Hot roll-formed, alloy steel beam which is strong and reliable.
- > Steel handle locks against beam for convenient storage.
- > Powder coated through and through which reduces scratching, greater corrosive resistance.

- DA3121** 48" Jack (4ft) - 8,000lbs capacity
- DA3122** 60" Jack (5ft) - 8,000lbs capacity
- DA3130** Top clamp
- DA4058** Maintenance kit
- DA4059** Jacking point adaptor
- DA4061** Mounting kit jack rack

Land Meters

- > Independent twin meter.
- > Convenient for seeing the pitching and rolling of the vehicle body or terrain.
- > Transparent illumination for easy-to-see readings at night.

- DA1003 Double incline land meter Black
- DA1004 Double incline land meter Carbon fibre effect

Lift Rod Kit

DA7531

DA7531
Fully adjustable suspension lift rod kit
Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013
"The ease of changing the ride height is what separates these rods from others in the marketplace."

These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.

The lift rods have two settings; standard and off-road. With the air suspension set to normal driving height the lengthened rods will give you standard road and off road driving heights. If you shorten the rods the standard ride height will be approx 50mm higher. If you select off-road height the vehicle will be in the 'super extended' position.

No tools are required and should take no more than 2 minutes to do all four rods.

Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

Note - If run for a long time in off-road position then wheels may need realigning.

PowerPacks

XS PowerPack
MULTI-FUNCTION JUMP STARTER

- DA1239 UK mains plug
- DA1239EU EU mains plug
- DA1256 Replacement jump leads for DA1239
- DA1255 12V cigarette lighter adaptor

Technical Specifications

Battery volume: 18,000mAh
Starting current: 300A

Size: 230 x 87 x 27mm
Weight: 615g
Output: 5V = 2A (smart phone/tablet fast charge)
12V = 10A
19V = 3.5A (laptops/notebooks)
Input: 14V = 1A
Peak current: 600A

- > Small and lightweight high capacity nano lithium polymer portable power pack with the latest battery technology.
- > Supports fast charging with low self-discharge cycle.
- > Charging cycles can reach more than 1,000 times.
- > Supports 12V jump starts as well as back up charging or many brands of mobile phones, laptops, tablets, portable refrigerators etc.
- > Supports 3 different types of charging modes.
- > Built in redundant electronic control safety protection for jump starter over-charging and over-discharging.

XD PowerPack
MULTI-FUNCTION JUMP STARTER

- DA1238 UK mains plug

Technical Specifications

Battery volume: 9,000mAh
Starting current: 200A

Size: 131 x 75 x 25mm
Weight: 300g
Output: 5V = 2A (smart phone/tablet fast charge)
Input: 14V = 1A
Peak current: 400A

- > Small and lightweight portable power pack with the latest nano lithium battery technology.
- > High capacity, high power special battery.
- > Supports fast charging with low self-discharge cycle.
- > Charging cycles can reach more than 1,000 times.
- > Supports 12V jump starts as well as back up charging for many brands of mobile phones, tablets etc.

The XS & XD PowerPacks are handy to keep with you on your travels to ensure you never run out of 'juice'!

Raised Air Intakes

Other

NRC6920

This version from Britpart is a classic mushroom-top snorkel for Defender. Featuring heavy-duty metal pipe work, cyclone pre-cleaner and a durable attractive matt black finish.

- DA2225 Defender - 300Tdi/Td5
- PHD500340 Defender - 2007 onwards
- NRC6920 Raised air intake cleaner for DA2225 & LR008383 Inside diameter - 64mm

If your likely to be driving your Land Rover in circumstances which could mean wading deep water or driving in very dusty conditions then you should consider fitting a raised air intake to your vehicle.

Photo courtesy of Christie Conely

Safari

Pioneered in Australia in the early 1980's, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off road applications.

Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material, using stainless steel hardware where appropriate. Each system includes quality fixtures and fittings, which offer superior sealing, presentation and long-term durability.

In arguably the best, if not toughest environment, Safari Snorkel Systems are thoroughly researched, tested and tooled for each model of Land Rover. The Safari Snorkel delivers a continuous and cooler supply of air for maximum engine performance. It is positively sealed as well to ensure the best protection against deep water crossings and dust.

With its patented Spiralcell® Technology, Optima batteries offer 15 times the vibration resistance and up to twice the life of ordinary batteries. The Optima is like no other battery found in today's market. Optima's unique patented Spiralcell® design offers the best technology by providing a strong and clean power source that far surpasses any of today's traditional lead acid batteries. With Optima as your choice, you can count on a longer lasting battery.

Yellow Top

Demand more from your vehicle? Then get more from your battery. Optima Yellow Top batteries are made for the extremes. If your vehicle is designed to take the abuse of off-road driving, you need increased performance and reliability from your battery. Optima batteries combine patented Spiralcell® Technology to deliver that performance. The deep cycle characteristics of this technology coupled with its extreme resistance to vibration provides performance vehicles with the repetitive power they need, packaged in a spill-proof compact design.

If your vehicle is fitted with high drain accessories such as additional lighting, tracking devices, ICE systems, winches, hydraulics etc, then this ultimately demands more from your battery. Optima Yellow Top batteries provide the extra performance and deep cycling capability that your vehicle demands.

Red Top

Optima Red Top batteries are built to withstand the abuse 4x4's experience on and off-road. Spiralcell® Technology immobilises the internal components of the battery, enabling Optima batteries to withstand incredible amounts of vibration.

Vehicles modified for improved engine performance demand more from a battery. Optima batteries withstand the high engine bay temperatures associated with these performance vehicles. The sealed construction makes the battery spill-proof, even if you install it on its side!

This prevents external gassing and leaking which can damage engine components and reduce battery performance.

If your battery is used in applications that demand extra reliability endurance and performance, or if you just take pride in getting the best performance out of your vehicle, Optima Red Top batteries deliver the performance you demand.

Battery Charger

DA3185R

Multi-Stage Fully Automatic SmartCharger From Ring - the ultimate in battery maintenance. Diagnose, repair, recondition and charge in one automatic device. Ideal for long-term connection and winter charging. This is battery care made easy. This charger is a multi-award winning SmartCharger. It has won the Automechanika Madrid Exhibition Award for Innovation, Auto Express' Product of the Year and Land Rover Monthly's Best Buy.

- > Multi stage fully automatic SmartCharger.
- > Auto charge applies the fastest charge, based on battery size.
- > Includes settings for both standard vehicles and Start/Stop.
- > Includes battery repair tools to increase performance and battery life.
- > Charging current up to 12A.
- > Battery capacity: 25-300Ah.
- > Interactive LCD display.
- > Memory saver function allows vehicle and audio settings to be retained if the battery is removed.
- > Product dimensions - 139mm high x 197mm wide x 74mm deep
- > Weight - 1.48kg
- > Voltage - 230V AC input & 12V DC output

- > Includes the following battery and alternator analysis tools:
 - Start power test – measures voltage drop during engine start to identify potential battery issues
 - Alternator check – tests the recharging performance of the vehicles alternator
 - Battery cranking performance – measures the battery's cold cranking performance to determine engine starting ability

Keep your batteries in tip-top condition

Replacement Batteries

- > Batteries are manufactured on the same equipment as OE batteries and use the same components to give consistent quality and performance.
- > Original equipment (OE) quality standards, giving assurance that the batteries will not let the user down.
- > Batteries are recyclable, helping to protect the environment.

Upgrade the alternator to 100A

DA1174

This fully automatic Microprocessor Controlled Dual Battery Management System separates the starter battery from auxiliary battery if the vehicle has stopped and links them while the car is running. All systems are equipped with a 200A power relay. For emergency situations all systems are equipped with the manual override function (link). This manual linking function (called load sharing) is very helpful for jump starting or when using high current appliances such as an electrical recovery winch, power inverter or compressor. The kit includes a 4.7m wiring loom with sealed automotive plug, battery and crimp terminals for easy installation. The battery monitor is installed in the vehicle (dash) and informs the driver about the charge level of both batteries, the charging voltage from the alternator or an additionally installed solar system and the relay link status. The system offers low battery alarm on both batteries and a link failure alarm. Includes a manual link for 30 and 120 minutes with automatic return.

Functions

Display of Battery Voltage (Energy Level)

LED indicators:

- Green: Batteries are in the safe working range
- Yellow: Check batteries
- Red: Batteries should be charged

The LED's show the energy level if all loads are switched off:
12.6V = 100% / 12.4V = 75% / 12.2V = 50% / 12.0V = 25%
11.0V = flashing and beeping indicates low battery situation
This function is called by pressing the display button for about 30 seconds.

Display of Charge Voltage while charging

LED indicators:

- Red: >14.5V: High loading of batteries, may be present at cold ambient temperature for a longer time.
- Yellow: >14.0V: Proper charge mode.
- Green: <14.0V: Save charge mode, no damage to batteries.

Bi-directional Automatic Battery link

While the engine is running the main and auxiliary batteries are linked together for parallel charging from the alternator (green LED linked is on). If the engine is stopped, the two batteries will be disconnected automatically with some delay. Appliances such as fridges, lights, compressors, inverters are now safely fed from the auxiliary battery. With the additional charge by solar equipment, battery charger or generator is sufficient for charging, the starter battery will be charged automatically with auxiliary battery together (green LED "link" lights).

Manual Battery "link"

In an emergency situation (defective or empty main battery) or in case of higher power consumption the two batteries (main & auxiliary) may be connected together by activating the link button (red LED manually linked is on). After a lapse of time of 30 minutes (or immediately after activating the auto button), the system returns to the automatic mode. When using an electric winch, the battery connection can be activated for 120 minutes by pressing the link button twice. In this mode sounds a beep every 30 seconds to remind of this status (auto return after time expired). The load sharing function with the manual battery connection reduces the load on the alternator, the wiring and the batteries in the use of the winch.

Alarm functions:

Low battery alarm

If the battery voltage of one or both of the batteries, is for a longer period below 12V, the sound low battery with "Beep" and the LED "Low Battery" of the corresponding battery (main and / or auxiliary) flashes. With the display button, the "Beep" is switched off. The blinking LED "Low Battery" is reset if the battery voltage is exceeding 12V.

Link failure alarm

The monitor monitors the charge on both batteries. When fitting a charge (from alternator, solar, charger) no charge to the other battery is detected, the link error alarm with flashing green LED "linked" and the "Beep" sounds. If this error occurs, check immediately the wiring of the power cables to (relay, battery terminals, crimp contacts, control relays). After bug fixes, alarm will automatically reset.

Deactivation of automatic and manual battery dual link function

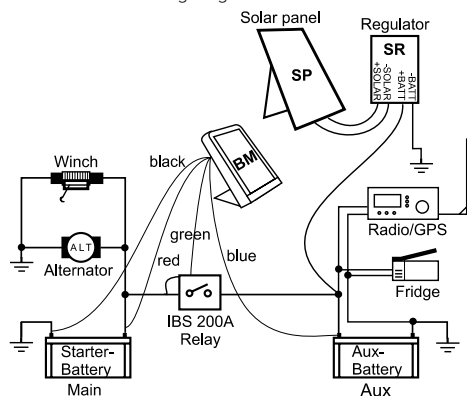

Is there a problem with the auxiliary battery (aux) as short circuit of cells, short circuit or defective battery housing, leading to damage of the generator (alternator). In an emergency situation the battery system can be operated in the vehicle in the basic configuration (alternator, starter battery without additional charge to auxiliary battery). By pressing the link button for 6 seconds (until the sound of the beep), the link is deactivated. In this mode, no manual and automatic battery connection is possible. This feature can solve the battery problem of the auxiliary battery by pressing the auto button for 6 seconds to be reset. Now the system is working again with all the functions.

Microprocessor Controlled Dual Battery Management System

Winch application

Connect an electrical recovery winch to the main battery as shown in the wiring diagram.

Specifications

Supply voltage	4 - 16V
System voltage	12V
Measuring range (sense wire blue)	8 - 16V
Display range (battery voltage)	11.0V - 12.8V
Alarm level main and aux	12.0V
Display range (charge)	13.0V - 14.5V
Accuracy	+/-1%
Consumption monitor	1mA
Consumption max. display active (30 sec)	20mA
Isolator link-on/off threshold	13.1V/13.0V
Consumption on-state (relay)	0.6A
Relay continuous load current	200A
Relay current inrush	500A
Relay contact material	Silver (AG SnO2)
Free combination of batteries possible?	Yes
Operating temperature	-40°C - +80°C
Housing	ABS black
Sealing level	IP40
Size, dimensions	100 x 65 x 24mm
Weight	800g
Cabling	Red - Supply/sense (main battery) Black - GND (main battery) Blue - Sense (aux battery) Green - Control relay (open collector)

Protected against

Wrong polarity & against overload of solenoid driving circuit on PC board with SMD electronically security devices, no fuses have to be replaced.

Winches

BRITPART® PULLING POWER

If you are serious about off-roading then a winch is an essential piece of kit. They are indispensable when getting yourself and others out of tricky situations.

The Britpart Pulling Power range of powerful and reliable electric winches all feature a planetary gear system for fast line speed, free spooling, power in & power out and low electric current. Now with the larger winches you have a choice of having the traditional steel cable fitted or Dyneema rope.

A full range of winching equipment is also available from Britpart - including; safety gear, bumpers, chocks, hooks, shackles & ropes.

Together with the winches you'll be able to **'Get to where you want to go!'**

Winch Bumpers

Winch Bumper Kits

Britpart have all the kits you need to help you to get winching.

Defender winch bumper kits all include the extended wiring kit including safety cut-off switch kit (DB1014)

Standard Bumper

DB1313	Defender - non air-con	Steel Cable	DB12000i winch
DB1313R	Defender - non air-con	Dyneema Rope	DB12000i winch
DB1344	Defender - air-con	Steel Cable	DB12000i winch
DB1344R	Defender - air-con	Dyneema Rope	DB12000i winch
DB1310	Defender - non air-con	Steel Cable	DB9500i winch
DB1310R	Defender - non air-con	Dyneema Rope	DB9500i winch
DB1345	Defender - air-con	Steel Cable	DB9500i winch
DB1345R	Defender - air-con	Dyneema Rope	DB9500i winch
DB1313-24V	Defender - non air-con	Steel Cable	DB12000i winch - 24 volt
DB1325	Discovery 1/Range Rover Classic	Steel Cable	DB12000i winch
DB1325R	Discovery 1/Range Rover Classic	Dyneema Rope	DB12000i winch
DB1324	Discovery 1/Range Rover Classic	Steel Cable	DB9500i winch
DB1324R	Discovery 1/Range Rover Classic	Dyneema Rope	DB9500i winch
Note - DB1324, DB1325, DB1324R& DB1325R are for vehicles without air-con and/or without transmission oil coolers fitted.			
DB1346	Discovery 2	Steel Cable	DB12000i winch
DB1346R	Discovery 2	Dyneema Rope	DB12000i winch
DB1347	Discovery 2	Steel Cable	DB9500i winch
DB1347R	Discovery 2	Dyneema Rope	DB9500i winch

Galvanised Standard Bumper

DB1313GALV	Defender - non air-con	Steel Cable	DB12000i winch
DB1313RGALV	Defender - non air-con	Dyneema Rope	DB12000i winch
DB1310GALV	Defender - non air-con	Steel Cable	DB9500i winch
DB1310RGALV	Defender - non air-con	Dyneema Rope	DB9500i winch

Tubular Bumper

DB1319	Defender - non air-con	Steel Cable	DB12000i winch
DB1319R	Defender - non air-con	Dyneema Rope	DB12000i winch
DB1321	Defender - air-con	Steel Cable	DB12000i winch
DB1321R	Defender - air-con	Dyneema Rope	DB12000i winch
DB1348	Defender - non air-con	Steel Cable	DB9500i winch
DB1348R	Defender - non air-con	Dyneema Rope	DB9500i winch
DB1349	Defender - air-con	Steel Cable	DB9500i winch
DB1349R	Defender - air-con	Dyneema Rope	DB9500i winch
DB1320	Discovery 1	Steel Cable	DB12000i winch
DB1320R	Discovery 1	Dyneema Rope	DB12000i winch
DB1350	Discovery 1	Steel Cable	DB9500i winch
DB1350R	Discovery 1	Dyneema Rope	DB9500i winch

Note - DB1320, DB1350, DB1320R & DB1350R the grille needs trimming for fitting to air-con & automatic vehicles.

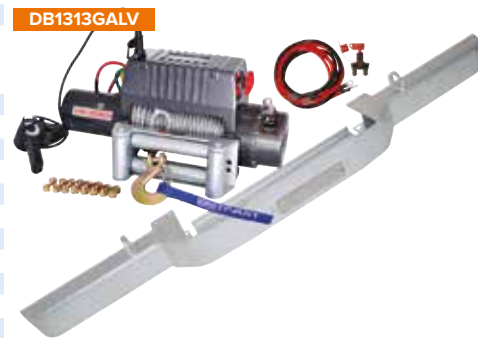

Standard Bumper

Standard Galvanised Bumper

Tubular Bumper

Tamper Proof Nuts & Bolts

Ensure your precious accessories remain firmly on your Land Rover by using a set of these tamper proof nuts and bolts. Ideal for securing your winch and front bumper. Each set contains either 4 nuts or bolts and 1 key.

DA7330	M6 nut set & key
DA7331	M8 nut set & key
DA7332	M10 nut set & key
DA7333	M10 x 110 bolt set & key
DA7334	M10 x 35 bolt set & key

Winch Bumpers

Tubular winch bumpers

- > Stylish tubular steel space-frame construction for strength
- > Extremely close fitting for maximum approach angle
- > Compatible with many steering guards
- > Built-in high-lift jacking points
- > Integral rock guard
- > Supplied with full fitting kit

Note - Grille will need modifying

DA5609 Defender - air-con
Suitable for DB12000i, DB9500i & DB9000C winches

DA5622 Defender - non air-con
Suitable for DB12000i, DB9500i & DB9000C winches

DA5604 Discovery 1
Suitable for DB12000i, DB9500i & DB9000C winches

Note - Grille needs trimming for fitment to air-con & automatic vehicles

Standard winch bumpers

- > Heavy-duty steel winch bumpers

DA5620 Defender - non air-con Black
Suitable for DB12000i, DB9500i & DB9000C winches

DA5681 Defender - non air-con Galvanised
Suitable for DB12000i, DB9500i & DB9000C winches

DA5623 Defender - air-con
Suitable for DB12000i, DB9500i & DB9000C winches

DA5643 Defender - air-con
Suitable for Warn 9000 and 9.5 Series winches

DA5621 Discovery 1/Range Rover Classic

Note - For vehicles without air-con and/or without transmission oil coolers fitted
Suitable for DB12000i, DB9500i & DB9000C winches

DA5645 Discovery 2

- > One piece bumper manufactured from 5mm steel with wrap around sides to protect the wings
- > Fixed to standard mounting points with provisions for 2 swivel recovery points and 2 Hi-Lift jacking points

Note - Grille needs trimming to fit winch

Suitable for DB12000i, DB9500i & DB9000C winches

A range of winch bumpers to suit your Land Rover

Discreet winch bumpers

- > Suitable for any low line winch
- > Made from 6mm and 8mm steel
- > Discreetly fits behind the existing bumper
- > Bolts directly onto the front cross member using existing holes
- > Modifications to bumper are required, includes instructions
- > Excludes fairlead

Note - Low line winch needs to have a removable solenoid. Use DB9000 - solenoid needs to be removed and relocated.

DA7537 Discovery 3 - TdV6/Discovery 4 - TdV6/Range Rover Sport - TdV6

DA7538 Range Rover Sport - 3.6 TdV8, 4.2 V8 Supercharged, 4.4 V8

Winch and A-bar not included

DA1278

2 Ton Flat Webbing Sling - Green

This soft and light polyester product reduces the chance of damage during use. The reinforced eyes make the sling both secure and reliable. Tested on a 7:1 breaking strain factor, this flat webbing sling ensures that the item is safe to lift a weight of 2 ton or less. Sling will come with the safe load limit, date of manufacture, serial number and test certification.

	Length	Width	Breaking Strain
DA1278	3,000mm	60mm	2,000kg
DA1279	5,000mm	60mm	2,000kg

DA1281

3 Ton Flat Webbing Sling - Yellow

Crafted from polyester to give you a lighter alternative to chain and rope solutions. They are easy to pack away and store, making your life that little bit easier! The sling is coloured in line with EU safety standards with yellow representing a 3 ton loading limit. These webbing slings have been carefully tested on a 7:1 breaking stress factor to confirm that they can safely handle the 3 ton safe loading limit. Sling will come with the safe load limit, date of manufacture, serial number and test certification.

	Length	Width	Breaking Strain
DA1280	3,000mm	90mm	3,000kg
DA1281	4,000mm	90mm	3,000kg
DA1282	6,000mm	90mm	3,000kg

DA1283

Tow Strap - Loop and Loop - Orange

Flat polyester tow strap is lighter than chain and rope equipment, giving you the flexibility to take it with you wherever you go. It is ideal for towing and pulling vans, caravans, cars and agricultural vehicles.

	Length	Width	Breaking Strain
DA1283	8,000mm	50mm	5,000kg

Shackles & Pulleys

- DA3160** Swivel recovery eye - stainless steel - 36mm diameter & shackle (3.25 tons)
Note - Not suitable for standard Land Rover bumpers
- DA3160A** Replacement shackle for DA3160
- DB1009** Shackle - 1.4 ton
- DB1353** 'D' shackle - 1.4 ton
- DB1012** Shackle - 4.7 ton
- DB1322** Swivel shackle
- DB1323** Non-forged jate ring
- DB1329** Forged jate ring
- DB1008** Pulley hook - SWL loads - Pulling - 1,500kgs / Lifting - 750kgs
- DB1002** Snatch block

DA7335
 Dynaline Shackle Pair
 Minimum breaking load - 5,830kg
 Weight - 40g each
 Manufactured from 8mm Dyneema SK78 fibre.
 The lightweight, easy and safe way of joining ropes and strops. Due to the much lower kinetic energy being stored, using this Dynaline shackle is much safer in the event of a rope or strop failure. Can also be used to attach ropes to standard towing eyes without scratching the paintwork. See how easy it is to use this shackle at - www.britpart.com/DA7335

Oops!...
 "Glad I've got that Britpart winch"

DA8995
 ARB Snatch Block
 Feature side plates that sit snug against the pulley, eliminating the possibility of the winch cable becoming trapped between the pulley and the side plates. The groove on the pulley itself tapers down to the centre allowing for a variety of cable sizes (1/4"-1/2") to be used and ensures the cable is seated securely in the pulley, minimizing lateral movement.

- Features**
- > Works with steel or synthetic winch lines
 - > Light weight design
 - > Easy to use
 - > Doubles the capacity of your winch
 - > Allows winching from awkward angles
 - > Engineered tough for serious recovery
 - > Suits vehicle mounted and portable winches
 - > Vehicle recovery booklet enclosed

Specifications

Working load:	9,000kg (20,000lbs)
Breaking strength:	17,500kg (38,500lbs)
Side plate material:	6mm cold rolled steel
Pulley material:	Specialized polymer
Pulley diameter:	110mm (4.3")
Cable size:	8mm - 13mm (0.3"-0.5")
Weight:	2.4kg (5.3lbs)
Greasable:	Not required

> Winching

Safety Equipment

DA2037	Universal battery isolator switch
DA2037KY	Replacement isolator switch key for DA2037
DA3156	Winch In Safety - A5 guide from Land Rover
DB1000	Wheel chocks - pair
DB1010	Gloves - for protection winch operation
DB1016	Winch blanket - manufactured from heavy-duty vinyl, the blanket will absorb most of the recoil in the unlikely event of the cable breaking. It's also very useful to kneel on in the mud!

Winch Remote Control

DB1308	12 volt remote
DB1308-24V	24 volt remote

Operate your winch from a safe distance with this wireless remote control

- > High frequency circuit using SMD design for reliability
- > The transmitter uses FM technology for frequency stability and greater control distance
- > Receiver output is protected against voltage spikes

Winch with safety in mind

Winching Accessory Kits

Britpart Pulling Power winching recovery kits come with all the basic items needed to ensure your winch can be used to the best effect. There is a choice of a starter or professional kit depending on your needs.

DB1015

1 x DB1000	Wheel chocks (pair)
1 x DB1001	Winch kit bag
1 x DB1002	Snatch block - 9,000kgs
1 x DB1006	Tow strap - 8 ton, 60mm x 9m
1 x DB1007	Tree strop
1 x DB1010	Winching gloves
1 x DB1011	Snatch tow sling - 8 ton
2 x DB1012	Alloy bow shackle - 4.75 ton
1 x DB1016	Winching blanket

DB1017

1 x DB1001	Winch kit bag
1 x DB1002	Snatch block - 9,000kgs
1 x DB1006	Tow strap - 8 ton, 60mm x 9m
1 x DB1007	Tree strop
1 x DB1010	Winching gloves
2 x DB1012	Alloy bow shackle - 4.75 ton

DB1017P

1 x DB1001	Winch kit bag
1 x DB1002	Snatch block - 9,000kgs
1 x DB1007	Tree strop
1 x DB1010	Winching gloves
2 x DB1012	Alloy bow shackle - 4.75 ton
2 x DB1329	Jate rings

Other Essential Winching Accessories

DB1309 'Dyneema Bowrope'
12 strand synthetic fibre replacement winch rope - 11mm x 28m
Breaking point - 25,800lbs

- > For use with DB9000C, DB9500i and DB12000i winches
- > Very light
- > Easily spliced
- > Highly visible
- > Less effort in use
- > Very strong
- > Does not curl
- > Compact
- > Safety in use
- > Easy to handle
- > Floats
- > Does not kink

DB1328	Replacement winch cable with hook - 30.5m x 9.5mm Suitable for DB12000/DB9500/DB9000C
DB1339	Replacement winch cable with hook - 26.0m x 8mm Suitable for DB6000
DB1354	Replacement winch cable with hook - 15.2m x 4mm Suitable for DB2000
DB1001	Winch bag - a heavy-duty bag
DB1014	Extended winch wiring kit - 1 x red, 1 x black wire, each 1.8m in length with end connectors and cut-off switch for Defender vehicles Ground anchor
DA6541	Pull yourself out of trouble with this heavy-duty ground anchor. This anchor utilises a Hi-Lift jack (not included).
DB1314	Ground anchor set - 600mm pins
DB1318	Ground anchor bag set - 2 x Pulling Power bags Note - ground anchor not included (DA1314)

DA8904
ARB's winch pack is designed to fit a complete recovery kit including snatch strap, tree trunk protector, winch extension strap, snatch block, recovery damper, bow shackles and gloves. The winch pack is sold individually and does not come stocked with the straps. All items sold separately so the user can select the correct strap weights for their vehicle.

Performance

Make your Land Rover even more special by upgrading from its standard specification to something a bit more unique. An extensive selection of braking equipment to air filters and tuning boxes means that there is something to suit every Land Rover to help improve its performance.

Britpart Performance Brake Discs

- > Slotted design to increase braking efficiency by reducing dust, debris, water and gas on the disc.
- > To improve brake cooling, reduce weight and to offer an escape route for dirt and gasses these performance discs are drilled with rows of holes.
- > Excellent upgrade for your Land Rover to aid braking, especially under a heavy load.
- > Ideal for off-road use.
- > Manufactured to British Standard BS1452 Grade 220 and DIN1691 GG20.
- > Supplied in pairs.

Quality performance brake discs.

IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

Anti-squeal Shims

DA1141
 Pack of 4. Universal self adhesive noise dampening shims.

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated.

Brake Lubrication

Cera-Tec Advanced Lubricant
 Mintex Cera-Tec is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

- > Non-metallic content - ABS and ESP friendly.
- > Operates to a high temperature (1,000°C).
- > Non-conductive.
- > Free of copper and acid.
- > More effective at reducing any brake squeal.
- > Protects against corrosion and dirt.
- > Neutral colour prevents any visible residue or staining.

EBC Brake Discs

- > Sold in pairs.
- > 100% British cast and machined high quality product.
- > Wide aperture slots that draw cool air under the pad surface.
- > Slots that expel all dirt dust and debris from the braking area.
- > Blind drilled dimples that eliminate cracking common with through drilled sport rotors whilst helping maintain perfect pad contact.

IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

EBC BRAKES

EBC Ultimax Heavy-duty Brake Pads

- > New AF42/66 friction material which completely eliminates brake judder and produces a high friction long lasting brake pad.
- > Unique powder coat finish to both pad and back plate gives lifetime resistance to corrosion and prevents moisture ingress.
- > Unique Brake-In surface coating provides instant brake efficiency on installation and conditions the brake rotor removing glaze, black spotting etc from disc surface.
- > All pads feature centre line slot which prevents heat expansion cracks and reduces brake noise.
- > All pads feature edge chamfers which have major technical benefits;
 - Significant reduction in brake noise
 - Prevents 'edge lifting' under left and right extremities of pad which can cause corrosion ingress and eventual pad de-bond
 - Can extend pad life by virtue of improved pad efficiency
- > Most pads in the Ultimax range features factory fitted noise reduction shims.

EBC Green Stuff High Performance Brake Pads

- > 100% British design and manufacture.
- > Superb gloss powder coat paint finish to reduce corrosion.
- > Unique engineering finish with noise reduction slots and edge chamfers.
- > Extra high friction compounds for better stops, these pads will improve your stopping power by up to three vehicle lengths.
- > Special compound ingredients that prevent "Outline Etching" eliminating brake stiction onto the rotor in damp conditions.
- > Unique "Brake-In" surface coating to accelerate pad bed in after installing new pads which also guarantees brake efficiency from installation.
- > Super quiet braking with rubber-steel-rubber noise reduction shims on the reverse, this dampens all possible noise.
- > Extra heavy duty compound lasts longer than low cost standard pads.
- > Fully ECE R 90 approved and legal for road and off road use.

For full range of EBC brake pads - see overleaf

EBC Yellow Stuff Performance Race Brake Pads

- > High friction compound which is effective from cold up to high heat.
- > Effective brake upgrade for heavy-duty braking.
- > Long lasting powerful brakes.
- > Shims, edge chamfers and slots for silent braking.

EBC Yellowstuff brake pads are British made and contain Aramid fibres. These are man-made high performance fibres, used widely for their light-weight, high strength, abrasion resistance and thermal stability. These properties provide advantages over cheaper steel fibre based products. Not only high in friction from first application when brakes are cold but extremely effective at higher brake temperatures as encountered in faster driving and towing/trailing. These pads are a favourite with the military and are used on armoured vehicles in several countries to handle the higher loads and heat and offer a good brake upgrade. Fitted with shims chamfers, centre slots and the unique EBC Brake in coating for fast bedding in of new brakes these pads are also long lasting and silent in operation.

High Performance, Low Dust

DTEC is an advanced, low dust, ceramic formulation which has been developed by TRW for those customers who want cleaner wheels without compromising the braking performance that they are used to. The new material meets all EU legislative requirements as well as TRW's demanding performance requirements. In addition, rim surface dust levels have been reduced by up to 45% when compared to other standard materials. Cotec coating improves green behaviour during bedding in and ensures great pedal feel from the first stop.

Dust levels reduced by up to 45%

*Note - Front hoses fit directly into the wheel cylinders replacing brake pipe 537763

These brakelines are constructed from the finest quality hose, consisting of a PTFE inner and stainless steel overbraid.

- > Eliminates sponginess under heavy braking.
- > Increases braking efficiency.
- > Abrasion and corrosion resistant.
- > Britpart hoses available at plus 150mm lengths - ideal for use with our Plus 5" suspension products.

Increase your braking efficiency

Handbrake Conversion Kits

Driving off-road you'll know how easy it is for the standard Land Rover hand brake to get bunged up with dirt and once the mechanism gets clogged up it doesn't work as efficiently as it should. Britpart now offer a solution to that problem - a drum to disc conversion kit. These kits use powerful callipers whose mechanism is sealed to prevent the access of mud. Parts are supplied coated with a tough corrosion resistant coating of gold zinc passivate to ensure a long life. Fitting is easy requiring only simple tools. Full fitting instructions are included as well as advice on adjustment and use.

Defender/Discovery/Range Rover Classic

The disc transmission brake uses a state of the art monster sized mechanical calliper designed for agricultural vehicles and earth moving equipment - so using it on a Land Rover is easy work for it. The mechanism is sealed so it will not seize up due to ingress of mud or water and it uses special 'sintered' pads which are resistant to abrasion from mud as well as providing greater friction against the disc than a standard pad. The disc has been specially designed for Land Rovers and manufactured from tough 10mm thick steel. It has a smaller diameter than a standard drum and so does not dangle below the transfer box which helps it to protect it from whatever you are driving over. The calliper mechanism sits in a well protected area at the top, away from most of the mud and water.

DA5513

Defender 90 & 110

For anything post 1993 (300Tdi, Td5 & Puma) you need to change the cable - NRC5088. Puma onwards - modifications may be needed to the chassis to enable fitment.

DA5526

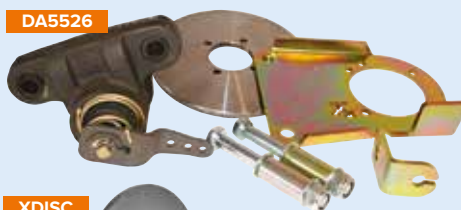

Discovery 1/Discovery 2/Range Rover Classic
Will not fit a Borg Warner or LT95 transfer box.

XDISC

Replacement disc for DA5513 & DA5526

XPAD

Replacement pads for DA5513 & DA5526

Series

DA5537 Series 1, 2 & 3

This will fit any Land Rover fitted with a standard Series transfer box, including those fitted with PTO's, under or overdrive units. The new brake replaces the original transmission brake drum. It is supplied with a new adjustable actuator rod which connects from your original handbrake lever, direct to the calliper, reducing the amount of slack in the linkages. The disc transmission brake uses an industrial open-frame calliper with simple adjustment and easy cleaning. The new calliper is mounted on a laser cut steel back-plate with a folded gusset for added strength and incorporating a built in skid plate to protect the disc which is manufactured from robust 10mm thick mild steel plate and which bolts directly to your original gearbox output flange with six new bolts (supplied). The system is very light weight, offering a saving of almost 10kg compared to an original drum brake.

Filter Guards

- > Extends engine life
- > No vehicle modification needed
- > Added protection for stop & go driving and towing
- > Improves fuel economy
- > Cleans engine oil for 50,000 miles
- > Does not effect your Land Rover's warranty

Britpart Filter Guard removes potential engine damaging metal particles from your oil. Clean oil works better than dirty oil with reduced friction and less wear. Britpart's Filter Guard is an inexpensive way of removing the harmful contaminants that conventional oil filters can miss. The contaminants are fine metal particles which act like an abrasive on the fast moving parts in your vehicle's engine - dramatically shortening engine life. Filter Guard works by magnetic filtration technology resulting in cleaner oil which your engine will thank you for by running better now and in years to come. The Filter Guard will never clog or restrict the all important oil flow. **Note** - Filter not included with Filter Guard. Please check that there is sufficient room for the addition of the filter guard.

Added protection for your engine!

Britpart Performance Air Filters

A breath of **fresh air** for your Land Rover

- > A range of performance filters tailored to fit your Land Rover.
- > Maximum breathing efficiency for your engine means more power or better fuel mileage.
- > No compromise on quality - the engine gets more air but the dirt particles are trapped by the quality filters.
- > No need to replace as easy cleaning means maximum performance guaranteed.

- > Easy fit, directly replaces standard air filter.
- > Ideal for use in hot dusty conditions to reduce engine wear.
- > Compatible with snorkels, ideal for use in conjunction with other performance modifications.
- > Filters don't need pre-oiling and if the filter gets dirty there is no need to use a cleaner to clear the dirt on the filter - just use air, water or detergent.

"Breathing efficiency for your engine means more power or better fuel mileage"

Intercoolers - Performance

DA4635
Discovery 3 - 2.7 TdV6
Range Rover Sport - 2.7 TdV6
The original Land Rover intercooler design can have problems due to the blocking up of the core with mud when the vehicles are used off road, as the intercooler is mounted at the lowest point in the front of the vehicle. This intercooler is designed to be easier to clean and less prone to blockage due to the courser, less dense fin design whilst dramatically improving flow, performance and economy, even without any further tuning. Tests have shown a minimum improvement in fuel economy of 12-15%. Power and throttle response in the lower and mid-range engine revs particularly are noticeably improved. The intercooler is designed to be simple to install without major modifications to the vehicle. The performance intercooler makes full use of the space available behind the bumper. It is designed with an integral fan cowl extension to ensure no loss of cooling efficiency and is supplied with mounting brackets and fitting guide.

Defender comparison - performance vs standard

These high performance and robust units are constructed from polished aluminium and are 30% larger than the standard intercooler. As a result air has a chance to cool before entering the engine. This cooler air can increase engine power by up to 25bhp (subject to application). Other benefits include better throttle response and reduction in fuel consumption depending on driving conditions. Ideal for on or off road use. Fully pressure tested, capped and sealed.

Increase Engine Power & Reduce Fuel Consumption

DA4630	Defender 90/110 - Td5 - 1998 - 2006 inc. air-con vehicles	60mm deep x 300mm high
DA4634	Defender 90/110 - 2007 onwards inc. air-con vehicles	60mm deep x 300mm high

- > Quality silicone hoses are designed to operate at a higher temperature than the original hoses.
- > Will not rot or perish like rubber hoses.
- > Fit with both standard and performance intercoolers.

Will not rot or perish!

Aluminium Header Tanks

This is a direct replacement for the original plastic tank which is prone to splitting. TIG welded by hand and manufactured from high specification lightweight non-corrosive alloy, this tank also aids cooling. Tank uses original pressure release screw cap and is a straight fit with no modifications required. Ideal for motorsport, overland or just to improve the look of your vehicle's engine bay.

More information and images online

Dynalite Alternator

Designed & manufactured by highly experienced auto electricians in the UK. The Dynalite aims to bring together modern alternator technology with the classic looks and appearance of a Dynamo. Ideal for both road and competition use the Dynalite provides up to 80% more power and weigh up to 40% less than original dynamo units. The Dynalite unit directly replace dynamo units with no modifications to the vehicle. The self regulating Dynalite unit offers increased reliability and performance charging efficiently across the full rev range. The wiring changes required for the units are very simple and reversible. All Dynalite units are supplied with comprehensive fitting instructions.

Electronic Fan Controller

DA8973
> 35mm
> To fit extended loom
> Negative earth housing. Fits directly in to a radiator top or bottom hose for direct water contact.
> Supply Voltage: 12v
> Space in hose approx: 35mm
> Overall length approx: 65mm
> Material: Aluminium
> Relay Rating: 30 AMPS
> Wire Length: 2,500mm
Kit contains -
2 x hose clamps, relay, cap, 3 x cable ties, fitting Instructions.

Fan Override Switch

DA8974
3-way rotary switch for use with a Revotec fan controller enabling the fan to be manually controlled either on, off or automatic. Perfect for 4 x 4 applications such as wading. This product must be used with a Revotec electronic fan controller. Kit contains -
Black anodised mounting bracket kit.
Position decal.
Sealed 3m wiring loom and connection diagram.

PSI Power Tuning Products

DA4419

Improves torque

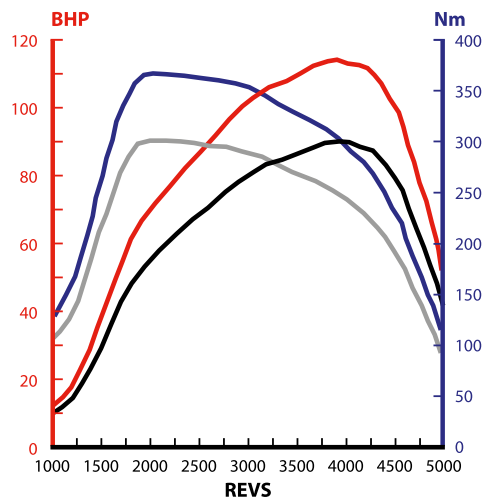

Improves m.p.g

The Power Box houses a digital microprocessor which intercepts the fuelling signals being transmitted from the ECU to the fuel pump; it then modifies them to ensure the exact amount of diesel required for enhanced performance. Such efficient use of the fuel optimises consumption, reduces smoke emissions and there is less engine stress, enhancing engine life in many cases.

The Power Box improves torque enabling the vehicle to change gears earlier and hold higher gears at lower speeds, making driving more pleasurable. The unit fits using the original manufacturers plugs; these existing plugs are opened and the Power Box is secured in between. Full fitting instructions are included with every unit.

Features

- > Plug-in unit
- > No intervention with the original ECU
- > TÜV approval
- > Compact size
- > Shock resistant & waterproof
- > Competitively priced

Tuning Box

DA4507

Tuning box for the Defender - Puma 2.2TdcI

Power increases by **27bhp** (20kw)
Torque increases by **71Nm**

The 2011 onwards 2.2 Tdci model Defender has new style piezo injectors and requires specialised tuning solutions. It is currently not possible to remap the ECU through the OBD port. This substantial new tuning unit is designed to plug directly into the wiring loom and requires no modification to the vehicle. Contained in waterproof housing so can be safely located in the engine bay.

Tunit

DA4437

Freelander 2 - 2.2 Td4 - 2007 onwards

Power improvement - before / after
Power - HP 152 / **177** Power - Kw 112 / **130** Torque - Nm 295 / **325**

Tunit Diesel Performance - The Diesel Tunit has been forged from many years of experience to bring a world class unbeatable range of diesel performance solutions.

Tunit Features - Tunit possesses many advantageous features not seen in other tuning solutions such as chips, eeprom serial reprogramming (flashing) or other types of fixed map devices. It is interchangeable between vehicles and able to be upgraded. External to the ECU or 'Plug and play' as it is often called means no interference with the original manufacturers engine equipment. Its option to adjust power and performance provides easy manual adjustment for the novice or finer electronic alterations for the more dedicated tuner.

Fuel Savings - Tunit has become advantageous in reducing fuel costs for a variety of applications; not just improving performance but now helping with saving fuel costs.

Installation - The Tunit is normally connected to original plugs on the vehicle and can either be self-installed or by a professional mechanic.

Upgrade Chips

DA4497

Range Rover P38
Replacement ECU chip to improve power and economy on the GEMS engine 4.0 and 4.6 in the Range Rover P38. Fitting this chip will increase economy by approx 15% and power by 10%. Once fitted, it helps makes a big difference to the driveability of the vehicle by improving throttle response and mid-range pull.

No trade off between fuel economy and increased power!

Accelerate technology

Limitations and restrictions exist which prevent your vehicle from achieving optimal performance. The manufacturer's emissions test is extremely rigorous due to inclusion of all parts of the driving cycle, especially warm up and full load operation, which is where problem emissions are at a maximum. To meet these they compromise performance and efficiency of the engine - this chip helps redress that balance.

Off roaders in the driving seat

Your requirements are met through a stable and predictable idle quality, good engine braking and an engine which has plenty of midrange torque. Perfect idle control for hill descents and winching, with no possibility of stalling. Total reliability ensures you never lose control.

Greater expectations

By comparison we know climate conditions and fuel quality your vehicle experiences and can therefore improve efficiency by reducing fuel consumption and optimising the engine to get its best performance on full load, which is less than 10% of the time.

Turbo Boost Box

DA4667

The Td5 engine fitted in Defenders and Discoverys is one of the most 'tuneable' engines available and it responds well to modifications including a PSI power tune box, larger intercooler, EGR removal kit and decat pipes. However the turbo will only boost to 14.7psi in standard form and this will quickly limit the potential from the modifications you have made. The ECU will cut fuel to the engine if it detects an over boosting situation, but there is a solution.

Turbo Boost Box! This intelligent box allows the Td5 engine to run with a higher boost pressure after adjusting the waste gate in accordance with the instructions. This allows increased turbo boost pressure without the engine going into limp home mode. You will feel the benefits of fitting the Turbo Boost Box as soon as you drive. At the lower rpm's the vehicle will feel more responsive whilst at the same time giving you a much smoother spread of power through the rpm range. An added benefit is a reduction of exhaust smoke.

You will feel the benefits of fitting the Turbo Boost Box as soon as you drive!

Fitting the Turbo Boost Box is an easy 3 wire installation. The box is manufactured from extruded aluminium and easy to fit as it uses the original Land Rover connectors. The box is 99% water resistant - ideal for most off-road uses.

This product must be fitted by a competent mechanic in accordance with the included instructions, incorrect waste gate adjustment can lead to engine damage.

Weber Carburettors

DA3049

Part of the conversion kit

ERC2886W

DA4538

Note - Due to the synchronising of the throttle chokes in order to enhance performance the cold start (choke) capability has been removed from this carburettor.

DA3049

V8 4-Barrel conversion kit including manifold
The Webcon 4 barrel replacement carburettor kit is a direct replacement for the twin Stromberg or SU carbs fitted to the Rover V8. Calibrated to work perfectly on the 3.5 and 3.9 engines, the Webcon kit is the most complete on the market and features a Webcon modified Weber 4 barrel 500cfm carburettor, intake manifold, air filter and every single nut, bolt washer, gasket and hose that could possibly be needed. The kit adds up to 20bhp at the wheels and transforms the driveability and economy. Starting becomes instant either hot or cold and with no balance adjustment to worry about with twin carbs, the engine is simply superbly smooth as a V8 should be.

ERC2886W

Series - replacements for the Zenith 361V
Available for LHD, RHD, with or without fuel shut off solenoid, the Weber range of carburettor kits to replace the Zenith 361V offer the optimum balance of power and economy together with the legendary quality and reliability of Weber. Shipped as complete turnkey solutions, all kits are supplied with every nut, bolt, washer and gasket required and comprehensive, easy to follow instructions ensure that installation can be carried out with no specialist carburettor knowledge.

DA4538

Twin choke performance carburettor kit for Land Rover 2.25ltr engines.
The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies. This greatly enhances low speed driveability and torque, essential for off-road driving. This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4-hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed.

DA3049AF Replacement air filter for DA3049

DA3049KD Weber kick down kit for use with DA3049 on automatic vehicles.

Double 'S' is recognised as one of Europe's leading manufacturers of stainless steel automotive components with a wide selection of systems for off-road use.

Using only the finest austenitic and ferritic stainless steels and employing the latest in CNC mandrel and empty tube bending, measuring and inspection equipment, means increasingly high levels of product quality.

All Double 'S' exhaust systems carry a lifetime guarantee. Double 'S' will replace or repair any part of their Stainless Steel Exhaust Systems found defective through corrosion during the period that the system remains the property of the original owner. Provided that the system is inspected by a garage or exhaust fitting centre annually to ensure that the rubber and other mountings are in good condition.

These stainless steel exhaust silencer replacement pipes are designed to directly replace the front silencer in your exhaust system. Once replaced the pipe will give your vehicle more power or reduced fuel consumption with only a small increase in cabin noise. CNC mandrel formed for a perfect fit with laser cut flanges, the pipes have a sateen finish, deep lustre appearance. Quick and easy to install.

Reduced fuel consumption

Quick and easy to install with more power

Transmission

Roamerdrive Overdrive Units

DA9017

Defender DA9017 Overdrive Unit

Reduced engine speed contributes to quieter more comfortable travel under motorway conditions and reduces wear & tear

The distinctive third lever on the centre console of a Defender identifies it as a vehicle equipped with a Roamerdrive overdrive. This rugged, bolt on accessory has been proven in hundreds of installations and tested under the most demanding expedition conditions. No other modification improves the performance and economy of your Land Rover like a Roamerdrive. The DS model overdrive is an auxiliary gearbox that is easily fitted to a Defender 90 or 110 with standard five speed transmission. The unit adds an optional 28% to the ratio of the drive train giving improved fuel economy. Reduced engine speed contributes to quieter more comfortable travel under motorway conditions and reduces wear and tear on mechanical components.

The Roamerdrive is a completely mechanical device built in the tradition of rugged dependability that has made Land Rover the world's favourite expedition vehicle. These overdrives have no electronic or hydraulic components. They are controlled by moving the convenient hand lever.

Unlike a high ratio transfer case that will permanently detract from the versatility of the gearbox, the Roamerdrive does not alter the vehicle's designed gear ratios. Off road performance is enhanced as the overdrive ratio can be added to any gear in high or low range.

The Roamerdrive uses the same epicyclic gear technology as a modern automatic transmission and runs quietly. This is particularly evident at high speeds and makes driving a Defender for long distances a pleasurable experience. On long journeys Roamerdrive users have reported fuel savings of up to 18% - not surprising when you consider that the engine lopes along the highway at about 2,000rpm - a favourable spot on the diesel torque band. Although precise fuel savings will depend on your driving habits.

DA9017

DA9018 Transfer Case Sump Cover

Fits all Land Rover Defender, Discovery and Range Rover Diesel models fitted with 230 type transfer case. Billet transfer case sump oil coolers are designed to replace the flimsy sump covers supplied as standard equipment. These covers are stronger than the originals and have cooling fins to keep the oil in your transfer case cool in harsh conditions. The sump cover is supplied with a new gasket, and the existing bolts are used for installation. The sump cover is significantly stronger than the original and adds about 1/2 litre to oil capacity. Existing ground clearance is not compromised. A plugged port is supplied so that DA1285 oil temperature gauge can be fitted. It is possible to fit this sump cover to V8 models but check first that there is good clearance between the cover and existing exhaust pipes.

DA9018

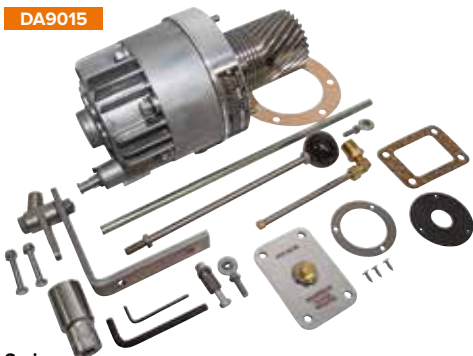

DA1285 Oil Temperature Gauge

This oil temperature gauge is a high precision mechanical temperature gauge with a full 270 degree sweep. The unit is designed to compliment DA9018 transfer case sump cover and fits directly to a pre-drilled port in the sump cover. The unit fits into a standard two inch mounting hole and operates completely independently of electrical power. A 12 volt lamp supplies illumination. The gauges are far more accurate than common electrical types using thermistor senders. These gauges can also be used to measure cooling water temperature or engine oil temperature in commercial or marine applications. The sending tube is 240cm (8ft) long, and contains pressurised fluid so it cannot be shortened - but you can coil surplus tube behind your dash.

DA1285

DA9015

DA9015

DA9016

Series DA9015 Overdrive Unit

The distinctive extra lever on the right hand side of the transmission tunnel on a Series 1, 2 or 3 shows that it is equipped with a Roamerdrive. Since 2002 the majority of new overdrives fitted to these timeless vehicles have been simple rugged units. Proven in hundreds of installations worldwide, this rugged and well engineered product will improve the performance and economy of your collectable Land Rover. The SS model Roamerdrive is an auxiliary gearbox that is easily fitted to a Series 1, 2 or 3 with a 4 or 6 cylinder engine. The unit adds an additional 28% to the ratio of the transmission giving improved fuel economy. Reduced engine speed contributes to quieter more comfortable travel at motorway speeds and extends the life of drive train components.

The Roamerdrive is a completely mechanical device built in the same tradition of rugged dependability that has made Land Rover the world's favourite expedition vehicle. These overdrives have no electronic or hydraulic components. They are engaged or disengaged by moving a convenient lever.

Unlike a high ratio transfer case that will permanently detract from the versatility of the gearbox, the Roamerdrive does not affect the vehicle's designed gear ratios. The unit provides useful 'splitter' gears such as a gear ratio midway between conventional third and fourth.

The Roamerdrive uses the same epicyclic gear technology as a modern automatic transmission and is very quiet running. This is particularly evident at higher speeds and makes driving a Series Land Rover for long distances a more pleasurable experience. Fuel savings will depend on your driving habits. On long journeys Roamerdrive users have reported fuel savings of up to 18%.

DA9016 Transfer Case Sump Cover

Fits all Land Rover Series 1, 2, 2A and 3 models (except V8) Billet transfer case sump oil coolers are designed to replace the flimsy sump covers supplied as standard equipment. These covers are stronger than the originals and have cooling fins to keep the oil in your transfer case cool in harsh conditions. This Series model is supplied with a new gasket and replacement fastening bolt to replace the brittle standard studs. Being solid aluminium, the cover completely eliminates leaks caused by differential expansion. If your vehicle is pre 1980 you can use your existing drain plug and washer. Owners of Later Series Vehicles with Metric fasteners should purchase a plug (Land Rover part 235592) to fit the threads in this casting. As the cover expands at the same rate as the aluminium transfer case the stubborn oil leaks associated with the original steel cover are completely eliminated.

Defender 90, 110 & 130/Discovery 1/Range Rover Classic Black anti-roll bar kit with rubber bushes.

Heavy-Duty Drive Flanges

These heavy-duty drive flange kits have been engineered to outperform many of the inferior products available on the market. Manufactured from 5140 steel, they are much stronger than an OE drive flange. Complete with hex head bolts and screw on caps with integral seal.

DA1148 Defender - from LA/Discovery 1 - from JA Range Rover Classic - ABS and front from JA Pair

DA1149 Defender - up to KA Pair

DA1148CAP Replacement drive flange cap with rubber seal for DA1148 & DA1149 Single

DA1128 Replacement drive flange bolt set for DA1148 & DA1149 Qty 10

DA1129ULTRA

Fulcrum bracket with high articulation for Defender Discovery 1 Range Rover Classic

DA1129ULTRA

One of the major factors limiting the rear suspension movement on vehicles fitted with an A-frame is the standard ball joint. We have developed this part to provide significantly more articulation than the standard and most aftermarket joints. Others claim more articulation yet in reality they offer very little over the standard 30°. This exclusive ball joint offers 45° movement in all directions. It is easily adjustable with a regular hex spanner and has a grease nipple for convenient regular maintenance. It is supplied fitted ready to bolt to your Land Rover.

Castor Corrected Swivel Housings

DA3203

'3 degrees of additional castor'

DA3203

Defender - from LA up to WA

DA2992

Discovery 1 - JA32851 onwards - non-ABS

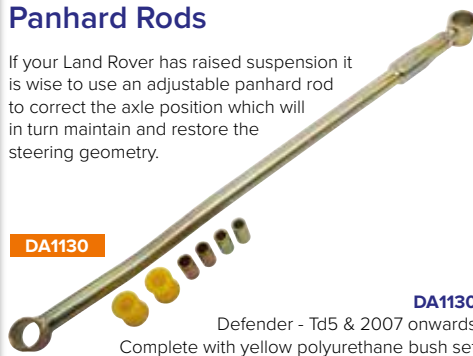

Range Rover Classic - JA624517 onwards - non-ABS

Normally the only way to correct the castor angle on a beam axle vehicle is to fit castor corrected radius arms or go through the lengthy process of repositioning the brackets on the axle. Something which takes considerable time and skill. Britpart offer you an alternative. These castor corrected swivel housings come as a handed pair. They are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor. The swivel housings are from the OEM supplier and then machined to our specification. Kit contents - Swivel housings; swivel pin bearings; gaskets; seals; plates; shims; joint washers; swivel pin uppers - non-ABS & swivel housing grease sachets.

Panhard Rods

If your Land Rover has raised suspension it is wise to use an adjustable panhard rod to correct the axle position which will in turn maintain and restore the steering geometry.

DA1130

DA1130

Defender - Td5 & 2007 onwards Complete with yellow polyurethane bush set

Bush Kits

DA1247

Front bush kits include bushes for radius arms and panhard rods.

Meyle Heavy-Duty NEW

Steering and suspension components are subject to extremely high load levels, which frequently results in increased part wear and shorter replacement intervals. Required to perform reliably under these conditions our parts are therefore made in genuine Meyle heavy duty quality which means optimised products offering maximum service life and outshining OE solutions.

DA6323L	Defender/Discovery 1/Range Rover Classic*	Single shock turrets	Front	2" Lift
DA6324	Defender/Discovery 1/Range Rover Classic*	Twin shock brackets - kit	Rear	

Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover to its maximum. One of the critical components that takes most of the abuse is the suspension system. When using the standard single shock absorber configuration it is not unknown for the shock absorber to break the factory fitted turret mount. These shock absorber turrets from Britpart give you confidence that your vehicles suspension will tackle the terrain you take it through with greater ease.

The single shock absorber turret is manufactured from heavy-duty steel and replaces the existing turret mount which is susceptible to corrosion by allowing a build up of dirt inside which is hard to clean thoroughly. The new design is harder wearing and easier to clean.

The twin shock absorber turret is manufactured from the same quality steel as the single shock absorber turret but allows for the fitting of an additional shock absorber. The benefits of having extra shock absorbers fitted to your Land Rover is that any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers. Using twin shocks is also beneficial when carrying loads both on and off-road as it improves the load carrying ability of the vehicle. An additional benefit is that when changing shock absorbers there is no need to remove the turrets.

***Note** - Rear brackets involve some welding to fit. Fitting shock absorber brackets may require some vehicle modification, please ask distributor for full details.

DA6337

- DA6337**
Defender/Discovery 1/Range Rover Classic
Long travel rear shocker absorber mounting kit

The standard pin and eye shock absorbers don't have the necessary articulation for extreme off-road conditions and the answer is to use pin and pin shock absorbers. If you use our Cellular Dynamic Plus 5 shock absorbers they offer better articulation. Laser cut, jigged and computer welded with zinc plated and powder coated finish. To be used in conjunction with DC6000LL.

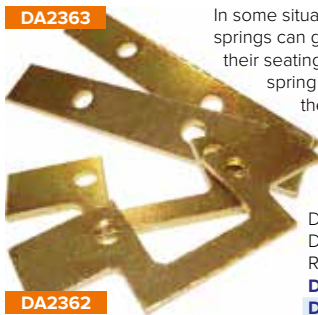

Note - On Defender Td5 the fuel filter must be moved.

Adjustable Ball Joint

ANR1799A
Defender/Discovery 1/Range Rover Classic
An adjustable A-frame ball joint
Single

Spring Retainers

In some situations the vehicle's springs can get dislodged from their seating, these heavy-duty spring retainers ensure the springs are kept in the correct position.

Turret Rings

DA6338

Defender
Discovery 1
Range Rover Classic

These robust & heavy-duty front shock absorber turret rings are made to replace the existing standard turret rings.

Spring Spacer Blocks

Defender - 90/Discovery 1/Range Rover Classic
These 50mm spring spacer blocks are manufactured from 6mm plate with a powder coated finish. The spacers fit between the axle and the spring seats on the front and rear to give you that extra 50mm of lift you need.

DA6344 Front pair
DA6345 Rear pair

Discovery 2
These 40mm spring spacer blocks are machined from high quality aluminium and anodised deep blue.

DA6341 Front pair
With this kit you are able to retain the standard springs and shock absorbers. Use in conjunction with DA6342.

DA6342 Rear pair
This kit enables you to retain your air springs yet give your vehicle the desired 40mm lift. We recommend that this kit be fitted in conjunction with DA6341, DA4198 or DA4199. Please look at the shock absorbers suitable for this vehicle and at 40mm braided brake hoses.

Lift Rod Kit

DA7531
Fully adjustable suspension lift rod kit
Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013

"The ease of changing the ride height is what separates these rods from others in the marketplace."

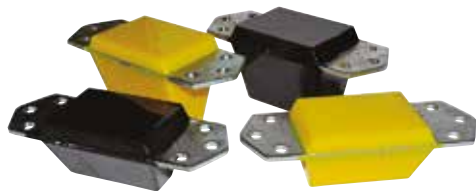

These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work. The lift rods have two settings; standard and off-road. With the air suspension set to normal driving height the lengthened rods will give you standard road and off road driving heights. If you shorten the rods the standard ride height will be approx 50mm higher. If you select off-road height the vehicle will be in the 'super extended' position. No tools are required and should take no more than 2 minutes to do all four rods. Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

Note - If run for a long time in off-road position then wheels may need realigning.

Bush Sets - Castor Correction

DA8952

Defender/Discovery 1/Range Rover Classic
Old Man Emu replacement bushes to correct the castor angle after a Land Rover has been lifted. These will ensure the correct steering geometry is maintained.

DA8952 Wide bush - 44mm

DA8951 Narrow bush - 38mm

Bushes - Meyle Heavy-Duty

Steering and suspension components are subject to extremely high load levels, which frequently results in increased part wear and shorter replacement intervals. Required to perform reliably under these conditions our parts are therefore made in genuine Meyle heavy duty quality which means optimised products offering maximum service life and outshining OE solutions.

Note - Part numbers without yellow as a suffix indicate the bush colour is black.

- > Britpart are proud to present an exclusive range of Yellow and Black polyurethane bushes.
- > Manufactured exclusively for Britpart using the latest Vulkollan™ polyurethane technology.
- > Machined to exact tolerances once cast to produce the highest finish available.
- > Produced in both yellow and black they are both the same compound which gives similar ride characteristics to the standard rubber bushes, but they offer improved articulation, vibration damping and last longer.
- > The black bushes are ideal for replacing individual bushes as they can be fitted without a press.
- > The DC range of kits include shock absorber and A-frame bushes.

Notes

*Kit includes front anti-roll bar bushes but these bushes aren't suitable for vehicles with ACE fitted.
**Excludes shock absorber bushes.

All bushes are manufactured using the latest Vulkollan™ polyurethane technology.

- > Better handling
- > Better stability under braking
- > Prolong tyre life
- > High quality polyurethane material
- > Last longer (up to 10 x rubber equivalent)
- > Easily fitted

Powerflex bushes offer improved performance, safety and prolong tyre life. Engineered to be the best, Powerflex bushes are an answer to soft ageing and failing rubber suspension bushes and provide improved suspension mountings. No special tools are needed and comprehensive fitting instructions are included.

Air Suspension Compressors

At last, a cost effective and easy way to replace the OE air suspension compressor. These compressors are a direct replacement fit for the OE compressors that were fitted by the factory. They are made in Japan by Hitachi. By using the original brackets and pipes they are easy to install. The relay, which is included, must be changed. No need to reprogram the ECU (fault codes may need to be cleared).

- > Direct replacement fit
- > Cost effective
- > No need to reprogram the air suspension ECU

Shock Absorbers

Britpart XD Remote Reservoir

BRITPART XD

Britpart have developed this range of remote reservoir shock absorbers for users wanting the extra benefits of a remote reservoir shock absorber on a vehicle that is used both on and off-road. The remote reservoir allows the shock to remain cooler under more extreme conditions and hence reduces the possibility of fade. Unlike most remote reservoir shock absorbers on the market the Britpart XD remote reservoir shock absorbers use conventional rubber bushings instead of ball joints. This is because ball joints have a very short life span when used on a road vehicle and are more suited to an all out competition vehicle.

Nitrogen filled remote reservoir shock absorbers with zinc plated steel body and anodised fittings.

Note - Will require extra fabrication to fit.

- > Single piece eye ring

The Britpart Cellular Dynamic Shock Absorber represents a significant advance in Land Rover suspension systems. It features a cellular foam insert instead of a normal nitrogen gas or air, this is to stop the oil from boiling. The foam takes up less room which means more room for oil, 50% more, which offers maximum heat dispersion. This heat dispersion translates to a very subtle but controlled ride that will not fade no matter how hard you push them. They are ideal for a driver who needs more control to complement performance improvements or to enhance a standard vehicle. The unique design ensures ride comfort and cornering ability is maximised and of course they are superb off-road.

Notes

- *Terms & conditions apply
- ** Dimensions are +/- 5mm
- *** The Plus 5" Cellular Dynamic Shock Absorbers are specialist suspension products and to install them additional fabrication work or brackets may be required. Please ensure that they are fitted by a competent expert.

Britpart Super Gaz Shock Absorbers offer a 35mm bore tube filled with Fuchs shock absorber fluid, using the best seal available, single piece eye rings, polyurethane bush mounts and a very durable powder coated finish. These offer a vast improvement in ride quality and damping performance. They are ideal for use with either of the Britpart Yellow Spring range or standard Land Rover springs.

- > Impact resistant polymer dirt shield.
- > Balanced, 35mm Teflon banded piston assembly.
- > Teflon coated low friction glacier piston rod guide.
- > 18-25mm induction hardened chrome piston rod.
- > High quality replacement mounting bushes.
- > Australian made and engineered.

Nitrocharger Sport shock absorbers introduces advanced dual-stack deflective disc technology that continuously adapts to the terrain, offering rapid response improvements to ride quality, handling and control. Available in the UK only.

Features

- > Interactive, multi-stacked rebound and compression valving systems ensure optimal damping performance in all conditions.
- > Vehicle specific fine tuning for superior handling and ride performance.
- > Piston rod 'slip ring' provides more consistent and uniform damping performance.
- > Triple lipped oil seal with gas retention check valve design virtually eliminates contaminant damage and gas loss.

Air Lift Kits

Adjustable Air Helper Springs - The load and towing problem solver

Air adjustability is the difference! Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't carry heavy loads; heavy springs ride rough, especially when the vehicle is unloaded. Air Lift adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions. Just add air when towing or hauling and then remove air for a softer ride when unloaded.

Features & benefits of Air Lift 1000

- > Improve ride, handling and stability by reducing roll, sway and "bottoming out"
- > Fits open coil springs, front or rear
- > Up to 1,000lbs of levelling capacity
- > Tough long-lasting moulded polyurethane construction
- > Quick connecting easy-to-use engineered polymer air fittings

Springs - Leaf

For many years Land Rover road springs have been difficult to obtain to the correct OE specification. To remedy this, Britpart commissioned the same Spanish factory that produces our Santana parabolic springs to reproduce a comprehensive range of springs for Land Rover Series vehicles. The springs are constructed from the correct grade alloy steel 60SiCr8, heat treated consisting of hardening & tempering and set as Land Rover engineers specified and therefore will give years of service with the correct ride comfort.

Springs - Parabolic

The Britpart range of high quality OEM parabolic springs are made to the exacting specifications as fitted to Santana specification vehicles. Manufactured in Spain to the standard and quality you would expect from an OEM supplier. The correct grade alloy steel 60SiCr8 is used, heat treated consisting of hardening & tempering and springs are shot peened before painting. These parabolic springs will bring a comfortable ride and improved handling to your Series vehicle.

Note - Includes 'U' bolts and nuts.

Old Man Emu

- > Manufactured from state of the art micro-alloyed spring steel for superior strength and durability.
- > Double scragged before and after shot peening to reduce spring stress and enhance spring life.
- > Exceptional resistance to sagging and corrosion.
- > Springs are designed for each vehicle to match the spring to the specific applications.
- > Springs formed on computer controlled, precision mandrels to ensure manufacturing consistency.
- > Spring end configurations designed to exact specifications, guaranteeing perfect fitment to your vehicle.
- > Durable, hard wearing black powder coat.
- > Designed and manufactured in Australia.

Notes

Caution - Due to altered gearbox mounts on models after 1998 any lift above OE ride height may cause front driveline vibration that can only be rectified by fitting of a front double cardan propshaft. On vehicles fitted with an OE inner helper coil such as fitted to some 110 and 130 models. The inner coil must be retained with Old Man Emu coils. Important: DA8922 has reduced spring rate from OE to provide improved ride quality for light loads. Available in the UK only.

Springs - Lowered Coils & Kit

Reduce the ride height of your Land Rover by 1" (25mm). By lowering your vehicle it will help reduce body roll as well as giving your vehicle a more sporty squat stance and improve handling. The springs are designed in line with the standard spring rate specification and are finished in powered coated orange paint to match the anti-roll bars and shock absorbers.

Springs - Britpart Coil

Britpart Performance - Lifted Springs

Britpart performance springs are high quality, versatile and competitively priced - the right choice when replacing the old sagging original springs.

Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind. Britpart performance lifted springs have the added benefit of improving your vehicles approach and departure angles which in turn allows you to overcome more obstacles when off-roading.

As Land Rovers are often working vehicles as well as the family car, uprated springs must offer the ability to carry loads, handle off-road terrain and provide a good ride on road. The progressive springs offer a compliant ride when lightly loaded, but firm up as the load increases.

Note - Spring quantity 1 = 1 pair

The right choice when replacing the old sagging original springs!

Britpart Performance - Standard Height Springs

Britpart yellow springs are designed for the enthusiast who wants a performance spring without having to raise the vehicle. They offer a firmer ride with less body roll, ideal for a vehicle with uprated performance or one used for carrying heavy loads. The springs are designed to offer full articulation off-road with a compliant ride. Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind.

Note - Spring quantity 1 = 1 pair

Air Spring Conversion Kits

Discovery 2

It is a sad fact that it's likely the air suspension on your Discovery 2 will fail - probably at the most inconvenient time possible. You then have a choice to make. Do you replace it with a new air spring system which is comfortable but not so comfortable on your wallet or replace with an equally comfortable but much more affordable and reliable coil spring system? Britpart have the complete kit for air to coil spring conversion making your decision that little bit easier.

Range Rover P38

The EAS (Electronic Air Suspension) System found on Range Rover 4.0 and 4.6 vehicles can present expensive, recurring maintenance problems. If you've had an air spring failure before, you know this first hand. Britpart now has a coil spring conversion kit for Range Rover 4.0 and 4.6 that makes switching to coil springs seamless and error-free. Conversion to coil springs provides a better, maintenance-free ride that will save you significant money over time. The EAS Override Module suppresses all typical false dashboard display errors and buzzers seen when converting to coil springs. Any mechanic or Range Rover owner can install this coil spring conversion kit without having to go to a Land Rover dealer or Autologic-equipped repair shop to eliminate false dash warning light errors.

The kit features:

- > Detailed step-by-step instructions.
- > The EAS Override Module overrides all typical computer errors seen when converting to coil springs.
- > Eliminates the need for a costly shop visit.
- > Aluminium spring perch adapters.
- > Britpart custom made coil springs provide standard ride height and maximum articulation.
- > Affordable alternative to expensive, recurring air suspension failures.
- > Trip computer compatibility - maintains operation of your vehicle's trip computer.
- > Kit provides everything needed to complete a professional installation.

DA4288CMD	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Medium-duty	40mm lift
DA4288CHD	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Heavy-duty	40mm lift
DA4365	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Medium-duty	Plus 5" shock*
DA4289C	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Light-duty	40mm lift
DA4289CMD	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Medium-duty	40mm lift
DA4289CHD	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Heavy-duty	40mm lift
DA4366	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Medium-duty	Plus 5" shock*
DA4299C	Defender 110 - up to 1994	Narrow bush	Heavy-duty	40mm lift
DA4367	Defender 110 - up to 1994	Narrow bush	Heavy-duty	Plus 5" shock*
DA4300C	Defender 110 - 1994 onwards	Wide bush	Heavy-duty	40mm lift
DA4368	Defender 110 - 1994 onwards	Wide bush	Heavy-duty	Plus 5" shock*
DA1234	Defender 90/Discovery 1/Range Rover Classic - with axle brackets			1" lower

*Note - The Plus 5" Cellular Dynamic Shock Absorbers are specialist suspension products and to install them additional fabrication work or brackets may be required.

Please ensure that they are fitted by a competent expert. Open and closed dimensions - DC6000LL - 765 - 455mm & DC6000LL - 750 - 440mm.

Propshafts

Propshaft Kit

DA6355

Defender/Discovery 1/Range Rover Classic

- > 300Tdi & Td5 manual models only
- > Double cardan extreme use front propshaft with flange and fitting kit.
- > For vehicles with L230 transfer boxes.
- > Ideal for use with lifted vehicles.
- > Helps to reduce driveline vibration where diff and transfer flanges are not in-line.

Note - Flange must be fitted to transfer box.

Propshaft Spacer Kits

DA6339

15mm spacer kit

DA633925

25mm spacer kit

Defender/Discovery 1/Range Rover Classic Propshaft spacer kit machined from billet aluminium and anodised deep blue. When suspension lift kit is fitted it increases the distance between the transfer box flange and the diff flange. This increased distance can cause the propshaft to run out of spline travel.

DA633925

Fitting this prop spacer helps return the propshaft to its normal operating length therefore allowing full spline travel which also helps reduce the characteristic "binding" of the yokes when a propshaft is over extended.

Wide Angle Propshafts

If your Land Rover has raised suspension or been modified for extreme axle articulation then the joints on the existing propshaft will become strained. This will cause the propshaft to lock up or vibrate and wear the universal joints prematurely. Dropping the axle further away from the chassis is great for looks, articulation and off-road performance - a neat solution is to fit a wide angle propshaft. This allows drivetrain angles of up to 32 degrees which reduces vibration, universal joint 'bind-up' and premature wear on the joints. These wide angle shafts have greasable universal joints which are more desirable where longer life is required.

DA6350	Front	Defender - from MA - 300Tdi & Td5/Discovery 1/Range Rover Classic - 1986 - 1991	FRC8386
DA6352	Front	Defender - up to LA (1993)	FRC8390/FRC5566
DA6351	Rear	Defender 90 - 4 cylinder	FRC8392
DA6353	Rear	Defender 90 - V8 - up to 2007 & diesel from MA	FRC8393
DA6354	Rear	Discovery 1 - 1989 - 1994 & V8 from 1997	FRC8387
DA6356	Replacement heavy-duty universal joint for wide angle propshafts		
DA1123	Nut & bolt kit - each kit contains 4 nuts - for transfer box end & 4 nuts & bolts - for diff end. Enough nuts & bolts to make propshaft repair out in the field. Suitable for DA6350; DA6351; DA6352, DA6353 & DA6354.		

Steering

Steering Dampers

Britpart Cellular Dynamic

DC6004	Defender
DC6005	Discovery 1/Range Rover Classic/Series
DC6009	Discovery 2
DC6006	Range Rover P38

Britpart Super Gaz

DC5004	Defender
DC5005	Discovery 1/Range Rover Classic/Series

Old Man Emu

DA8925	Defender 90, 110 & 130
DA3066	Discovery 1
DA3135	Discovery 2
DA3066	Range Rover Classic

Features

- > 9 stage valving for optimum performance.
- > Massive 35mm bore.
- > Stone guard.
- > Fits original mounts.
- > 50/50 valving.

DA8925

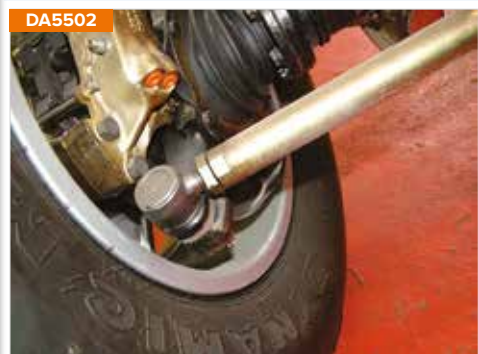

Steering dampers with nitrogen charged foam cell for reduced wheel vibration and improved handling and control. Available in the UK only.

Heavy-Duty Steering Arms

- > Solid heavy-duty arms which are suitable for off-road use
- > Improves steering response
- > Zinc plate finish to increase corrosion resistance

Lynx Evo Diagnostics Interface **NEW**

What is Lynx Evo?

Lynx Evo is the next generation diagnostic tool for Land Rover vehicles. Offering market leading diagnostics from a powerful and mobile design. Lynx Evo provides full vehicle servicing and in depth diagnostic capability for all Land Rover models from 1990 through to current day. Ideal for the workshop and home user.

Live data can also be displayed using numerics and graphics making it easier to read time based events on your Land Rover. This small but powerful Dongle requires no batteries as it uses the vehicles power. For the enthusiast home user, using Lynx Evo will mean no more trips to your local main dealer to clear any faults on your Land Rover.

Lynx Evo is compatible with iOS and Android mobile devices with apps available for download from the Apple App Store and Android Play Store. As the software is App Store based and is loaded onto your mobile device, updates are as easy to do as any other mobile app, simply click the update icon. Lynx Evo is manufactured by the company who supply Land Rover with their T4H Legacy diagnostic product.

What does Lynx Evo do?

- > Read fault codes
- > Clear fault codes
- > Read & display live data
- > Test actuators
- > Special functions - see coverage chart
- > Programming - such as alarm settings, key fobs etc. on selected models
- > Service reset

What do you get with Lynx Evo?

- > Lynx Evo dongle
- > Quick start guide
- > Protective carry case

What Land Rover models does Lynx Evo cover?

It is important to note that if you purchase an unlock code for a Discovery this code will cover all the Discovery family - from Discovery 1 through to Discovery 4. This feature is hugely beneficial if, at a later date, you upgrade your vehicle within the same Land Rover family you don't have to purchase another unlock code.

Defender Family

- > Defender - from 1990

Discovery Family

- > Discovery 1
- > Discovery 2
- > Discovery 3
- > Discovery 4

Freelander Family

- > Freelander 1
- > Freelander 2

Discovery Sport Family

- > Discovery Sport

Range Rover Family

- > Range Rover Classic
- > Range Rover P38
- > Range Rover L322
- > Range Rover L405

Range Rover Evoque Family

- > Range Rover Evoque

Range Rover Sport Family

- > Range Rover Sport - Mk1
- > Range Rover Sport - Mk2

Supported Languages

- > English
- > French
- > Spanish
- > Portuguese
- > German
- > Italian
- > Dutch

Upgrade software over app store

What do I need?

DA1500 NEW

Single Lynx Evo Land Rover family home user version. Unlocked for one Land Rover family only. Upgradable for extra Land Rover families at a later date.

Extras

DA1502 NEW

Unlock code for additional models.

DA1504 NEW

Range Rover Classic - cable kit for 14CUX, air suspension and ABS.

DA1505 NEW

Range Rover P38 - cable kit including air suspension, BECM.

Lynx Evo FAQ's available online

Example screen shots showing some of the different Lynx Evo display modes.

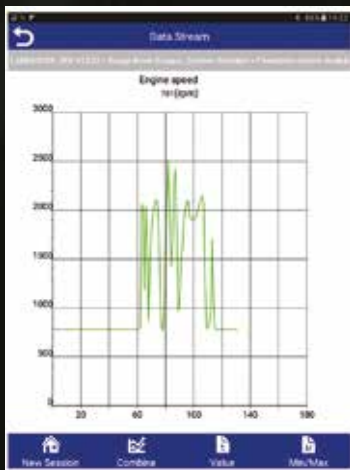

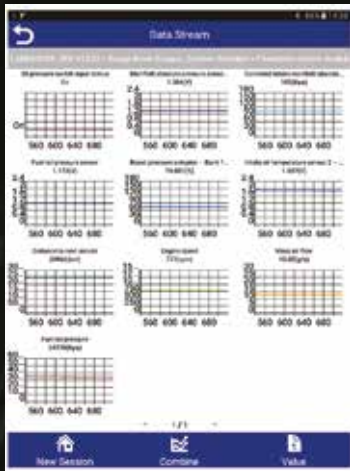

Key Features

- > Read & display live data
- > Mobile device based
- > Easy to use
- > Unlocked ready to cover an entire Land Rover model family
- > Upgrade software over app store
- > Quickly checks your Land Rover for faults
- > Small enough to store in glove box

Ideal for the workshop & home user

DA1600 NEW

iCarsoft Multi-system Scanner i930

i930 for Land Rover is a vehicle fault diagnostic tool. It's a powerful DIY tool, test modes include: CANBUS, ISO9141, KWP2000, J1850 etc..

Features

- > Read DTCs
- > Clear DTCs
- > Read live data stream
- > Single brand of all models (OBDII-16 DLC)
- > Full system diagnosis
- > Upgrade via USB 2.0
- > Multi-language

Vehicle Coverage

- > Freelander
- > Freelander 2
- > Defender
- > Discovery 2
- > Discovery 3
- > Discovery 4
- > Range Rover Sport
- > Range Rover
- > Range Rover Evoque

System Coverage

- > Engine
- > PCM
- > TCM/Gearbox
- > ABS
- > RCM/SRS/Airbag
- > ICCM/IP
- > RLCM /Air Suspension
- > BCM/BODY

- > Television

Specifications

- > Display: 2.8" colour screen, 320 x 240 pixels display with contrast adjustment
- > Operation temperature: 0°C - 50°C
- > Storage temperature: -20°C - 70°C
- > Power: 9V - 18V
- > Operating current: 100mA @ 12V (typical)
- > Power consumption: 1.2W (typical)
- > Dimension: 121mm x 86mm x 26mm - (L x W x H)
- > Weight: 300g

Contents

- > Hardcopy user manual
- > 3-foot OBD II cable
- > USB cable
- > Nylon carry case

Support Multi-Languages

- > English
- > German
- > Spanish
- > French
- > Portuguese
- > Russian
- > Dutch

OBDII Function

- > I/M Readiness - I/M Readiness indicates whether or not the various emissions-related systems on the vehicle are operating properly and are ready for Inspection and Maintenance testing.
- > Freeze frame - When an emission-related fault occurs, certain vehicle conditions are recorded by the on-board computer. This information is referred to as freeze frame data. Freeze data is a snapshot of the operating conditions at the time of an emission-related fault.
- > O2 Sensor test - This option allows retrieval and viewing of O2 sensor test results for most recently performed tests from the vehicle's on-board computer.
- > On-Board monitoring - This function can be utilized to read the results of on-board diagnostic monitoring tests for specific components/systems.
- > Evap system test - The EVAP test function lets you initiate a leak test for the vehicle's EVAP system. Before using the system test function, refer to the vehicle's service repair manual to determine the procedures necessary to stop the test.
- > Vehicle information - The option displays the vehicle identification number (VIN), the calibration verification number (CVN), and other information of the test vehicle.
- > Retrieve generic (P0, P2, P3, and U0), manufacturer specific (P1, P3, and U1) codes and pending codes.
- > Turn off Check Engine Light (MIL), clear codes and reset monitors.
- > Multilingual menu and DTC definitions- English, Spanish, and German, etc.

DA1389 NEW - Wheel hub & bearing **FRC3875** - Wheel hub only

Discovery 2 Long Sensor Lead
 Land Rover recognised that on some Discovery 2 vehicles the wiring from the ABS sensor to the ECU could get damaged. This would result in the vehicle recording ABS faults that cannot be corrected by either a sensor or hub replacement. Their solution was to produce a sensor with a very long lead that bypassed the damaged lead. This hub assembly is a complete unit with this type of ABS sensor and lead.

Ready Made Brake Pipe Sets

- > Easily fitted
- > Will not rust

Copper nickel brake pipe sets manufactured in the UK. Each kit is complete for a specific Land Rover model. Pipes are cut to the correct length, fitted with solid brass unions and marked clearly to indicate the correct location on the Land Rover. Pipe fitting clips and brass in-line connectors are supplied where necessary. More brake pipe kits available on request.

DA7440
Brake pipe bending tool. Can be used with all the brake pipe kits.

Anti-squeal Shims

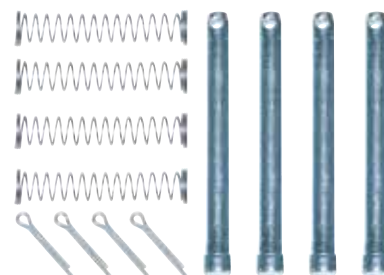

DA1141

Universal self adhesive noise dampening shims. Pack of 4.

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex Cera-Tec silicon based lubricant, most brake noise related issues will be eradicated.

IMPORTANT BRAKE INFORMATION For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

XD Brake Pads

- > Manufactured to OEM specifications ensuring long life and low noise in a TS16949 & ISO14021 approved factory.
- > Asbestos, lead & CR6 free material.
- > The XD Brake Pad range meet all official legislation for quality and safety and are compliant with European ECE R90.
- > All XD Brake Pads are produced with an underlayer material designed to dampen vibrations to prevent noise and to reduce heat transfer to the brake fluid.

The Britpart range of XD Brake Pads gives you the opportunity of fitting a much higher quality brake pad than the price would indicate. Britpart has tested many different brake pads over the last 5 years and have found this brake pad specification offers Land Rover owners the best possible performance at this price level.

The XD Brake Pads are manufactured to an exact tolerance using only the best European friction materials to OEM specifications ensuring long life and low noise. All raw materials are analysed in-house using a fully equipped quality laboratory with, for example, an atomic absorption device. After analysis the raw materials are mixed and pressed using several different methods to achieve the best brake pad for each application. Each part number is tailored to the application it is intended for. The XD Brake Pad range has been thoroughly tested on dynamometers and noise measuring rigs before being put through their paces on test tracks and extended operations tests to ensure a perfect and effective operation every time. All pads are covered by the worldwide Britpart warranty and Britpart recommends they are fitted with the Britpart standard or performance brake discs.

XS Brake Pads

Best possible combination of long life, pedal feel and noise suppression.

The exact performance material specification of production line brake pads.

The Britpart range of XS Brake Pads offers you the opportunity to have the exact factory production line specification of brake pad at an affordable price. These pads offer the best possible combination of long life, pedal feel and noise suppression. All the pads in the range use the same friction material specification that your Land Rover was originally made with. The XS range of pads are all produced in one of the world's premium brake pad facilities where production procedures are carefully monitored to ensure a consistently good product. The facility has both in-house testing and access to OE testing facilities to ensure all pads meet the exact specification required. Britpart XS Brake Pads are ideal for high mileage or heavy-duty applications.

XS Brake Discs

XS Brake Disc

- > Exact OEM specification.
- > Low noise.
- > Installation ready - no need for cleaning before use.
- > Anti-corrosion coating which provides a long lasting clean appearance, ideal for today's open rims.
- > Disc run out - $\leq 0.08\text{mm}$
- > Unbalance requirement - $\leq 150\text{g.cm}$
- > Coating - 5*20µm NA paint
- > Salt spray test - 120 hours

Brake Lubrication

DA2389

- 75ml
Cera-Tec Advanced Lubricant
Mintex Cera-Tec is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.
- > Non-metallic content
 - ABS and ESP friendly.
 - > Operates to a high temperature (1,000°C).
 - > Non-conductive.
 - > Free of copper and acid.
 - > More effective at reducing any brake squeal.
 - > Protects against corrosion and dirt.
 - > Neutral colour prevents any visible residue or staining.

Stainless Steel Brake Calliper Pistons & Kits

Stainless steel brake calliper piston kits

Each kit is one complete axle, either front or rear as stated.
The kit includes OEM repair kit and grease sachet.

Alternator Upgrade Kits

DA1195

200Tdi alternator upgrade kits. Kits include uprated cable.

DA1195 Defender - 200Tdi
Upgrade the 45A alternator to 100A

DA1196 Discovery 1 - 200Tdi
Upgrade the alternator to 100A

Electronic Distributors NEW

ETC5835ERED NEW Red top
ETC5835EBLACK NEW Black top
Defender - 90/110 - 2.5l 4-cyl petrol - 1985 - 1994
Distributor with electronic conversion fitted which replaces the existing points and condenser with a new reliable electronic module.

Electronic Conversion Kits

ETC5835K
Electronic conversion kit replaces the existing points and condenser with a new reliable electronic module. For 4-cylinder petrol engines the electronic ignition module has been developed to work with the standard ignition coil and provides service free and accurate ignition timing. The kit can be easily fitted to standard points type 45D4 distributors. We recommend fitting a new coil at the same time - PRC9858. Also available a new distributor with points to which this kit can be fitted - ETC5835.

ERC4536K
This electronic conversion kit is for V8 points and has built in dwell adjustment with rpm protection when not running.

NGC500370/410 Grey leads
Freelander 1 - 1.8K

These silicone HT lead sets are designed to meet or exceed the original equipment specification. The silicone cable has minimal interference with maximum suppression, it is also resistant to water, oils, chemicals and high temperatures. High quality with ISO 3808 class noise suppression performance.

More information in Performance section and images online

Programmable Wiper Relay

AMR2341DELAY
Fed up with your Defender's intermittent wipers not being intermittent enough? Does it drive you mad when you give the screen a quick spray and it wipes for ages?

Fit this new relay in place of the standard AMR2341 to your vehicle to solve this problem. Once fitted you press the stalk down so that the wiper wipes and then back off again, now count/wait till you want another wipe, switch the stalk down and leave it on, this timing will now remain constant till you set another timing the same way or turn off the ignition at which point the relay reverts to a standard 6 second wipe interval. Another bonus is that the wipers will now only wipe once following a short burst of washer fluid or 3 times after a long burst. This will work on all Defenders with the latching intermittent wiper stalk PRC7370 or AMR6106 HA onwards (stays down when pressed) but it will also work on 300Tdi and Td5 although on post 2002 Td5s the relay AMR2341 is located behind the speedo. Will not work with early stalk PRC3900 up to GA models.

Engine

Engines

Complete Engines

Include fuel pump, injectors, injector pipes, timing assembly and bell housing. Complete engines are tested prior to despatch. Once tested the flywheel and manifolds are removed and the engine is packed without these parts. Outer timing covers, pulleys, manifolds, flywheel and turbo charger are not included.

Stripped Engines

Include sump, block, cylinder head, rocker cover, inner timing cover, camshaft and crankshaft gear.

Discovery 1
Range Rover Classic

Oil Cooler Repair Kit

DA1127
Td5 oil cooler repair kit, to replace leaking oil cooler found in all Td5 engines, part of the PBC500230 assembly. Replace just the faulty cooler and not the casting which normally is perfectly serviceable, includes all hardware required. All manufactured to exact OEM specification.

Top Hat Liner Set

DA1185
This flanged repair liner is suitable for damaged/porous 3.9/4.0/4.2/4.6 Rover V8 blocks. The block will require re-boring and flange recess machining before fitting. This liner is the complete solution for fixing these blocks. The liner can be bored to 96.00mm for over-bored versions of the V8 engine, taking it to 5.0 litres. Semi finished bore 94.00mm (less 1.00mm for final finishing in bore).
Dimensions
Inside diameter - 94.00mm; outside diameter - 99.06mm; length - 135.64mm; flange - diameter - 105.23mm; flange depth - 5.33mm

Heating

DA4178

Range Rover Classic - 1990 - 1994 - 200Tdi with air con
Discovery 1 - 200Tdi with air con

Atlantic British has developed this all inclusive kit designed and engineered to replace failed heater motors. The kit includes heater blower motor, blower wheel, motor mounting bracket and mounting screws, heater assembly seals, nylon ties, solder, shrink tubing (for soldered connections) and complete instructions. **Note** - When replacing the heater blower motor the vehicle's resistor must be upgraded to DA4178RESISTOR.

DA4178RESISTOR

The air con blower motor resistor controls the speed of the blower motor and the force of the airflow out of the dash vents, it features a thermal-sink aluminium mounting plate that dissipates circuit heat effectively.

Automatic Transmission Filter Conversion & Service Kits

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. ZF recommend oil and filter changes after 50,000 to 75,000 miles on automatic gearboxes to ensure optimum performance.

This is an easy change filter conversion kit for all vehicles using the ZF 6HP26 automatic transmission - Discovery 3, Discovery 4, Range Rover Sport - 2005 - 2013 and Range Rover L322 models. From the factory a fluid and filter change on this transmission is a very lengthy process. The sump and filter are normally one piece and fitting involves jacking the engine up and unbolting the mounts, plus the removal of the exhaust.

The fitting of this kit is far easier. Once the fluid has been drained from the transmission simply remove the bolts from the old unit. Cut the old plastic sumps filter tube with a hacksaw. Slide the old sump out and remove the other end of the sawn off filter tube. The new separate filter can then be fitted and the new sump pan slides into place and is bolted up with the new gasket supplied. Once secure the transmission can be filled as per manufacturer's instructions. The new sump pan also has the added benefit that it is manufactured in durable steel rather than the plastic of the original item - LR007474. Also see DA6085 & DA6085G in service kit section. 7ltrs needed for oil change.

Service kit for 5-speed gearbox.
Kit comprises of oil screen, seal & o-ring.

Damper Kit

DA2352

Freelander 1 - up to 2006 4-cylinder
Not all viscous coupling problems are the fault of the unit itself, sometimes the damper is at fault, this kit prevents buying the whole coupling, just to replace the damper.

Diff Coupling Shaft

We are now able to offer a cheaper alternative!

DA2355

Range Rover L322 - 2002 onwards, suffer from a common problem with the coupling shaft spline wearing between the front propshaft and front differential, thus losing drive to the differential. The problem relates to the coupling shaft, the differential itself is not affected. Currently the only solution offered by Land Rover is to replace the propshaft and the whole complete front differential assembly - a very expensive option! Using this new coupling shaft will enable you to replace just the propshaft and coupling shaft and leave the differential in place, therefore reducing both time (the differential need not be removed from the vehicle) and cost.

CV Joint Kits

Britpart has put together these boxed kits to help the fitter have all the necessary parts to do the job in one hit, saving time and money trying to find the necessary parts to do the job. These kits are also helpful to pass over the trade counter instead of having to hunt for the individual parts. One kit does one CV joint.

Dual Mass Flywheel Conversion Kit

The flywheel conversion kit can be used to replace the dual mass flywheel using a solid metal flywheel and a heavy duty clutch kit. The one piece flywheel will not break up like the dual mass one so it is highly likely you will never need to change it again which means - lower cost, ease of fitting & potentially eliminating any future flywheel failures.

Note - This kit will make the gearbox more audible in the car at tick over and the kit doesn't include the release bearing - UUB000070.

Marsland Chassis

Chassis have bolt on gearbox crossmember as standard with anti-roll bar brackets front and rear. The main legs are in pressed pieces as original made from 2mm steel with 3mm stiffeners fitted and spotwelded internally for added strength where outriggers and suspension mounting points are fitted, effectively giving you 5mm of material where most needed. Bolt on rail for rear tub mountings and LH & RH steering damper bracket welded on as standard. All tapped holes re-drilled and tapped, excess galv removed with riv nuts fitted for front & rear mud flaps, power steering pipe clips and step. Rear suspension upper link bush (A-frame) fitted with new M16 bolt and sleeve to fit old level bush.

	Original Chassis	Heavy-duty Chassis
Material	Low-alloy steel, meant for stamping at a thickness of 2mm for legs. Stamping technology is well-suited for mass production, but limits the choice of materials to only malleable sheet metals of lower durability. An additional limitation is the thickness of the stamped material – for this reason certain laminated elements of the frame are particularly susceptible to corrosion.	Legs made from 3mm thick steel. Outriggers and cross members produced with 3mm, 4mm or 8mm thick material. High-durability S355 grade alloyed steel used.
Construction	Legs are welded from two stamped halves. Remaining frame elements also stamped. In order to attain adequate thickness of the material on features exposed to greater structural stress, two-part lamination was used - e.g. on the outriggers of the rear arms. This kind of bi-metal combination is particularly susceptible to corrosion.	All frame elements are laser cut and shaped with digital presses. Legs are welded from four parts. Items that require extra strength use thicker steel, not lamination. Less stress on chassis and other components due to less flex in the chassis and outriggers.
Anti-corrosion protection	Non UV stabilized paint with several mud traps.	Hot galvanization – high-quality coating which achieves a quality durable finish. Construction designed from the start for galvanization with appropriate size holes and flow ways. Additional inspection holes in the legs and other closed profiles so the chassis can be washed out internally or ideal for wax protection. Mud accumulating points kept to a minimum.

Important

This page is a selection of the chassis' that we do. Please enquire if the chassis you require is not listed here.

Richards Chassis

All Richards chassis are manufactured in the UK, using locally sourced materials and locally based machine shops. They are located close to the steel city, Sheffield, and therefore optimise the use of local steel, ensuring that all their chassis are formed from 2.5mm British steel which are all galvanised as standard. All profiling is done 'in house' using their own laser machine, enabling them to have greater control over the quality of parts used and the materials that they are formed from. The chassis are made using 2.5mm side rails which are 25% heavier than the standard 2.0mm rails. Overall this gives a small increase in the vehicle weight but has a massive effect on the long term durability of the chassis. Bolt on crossmembers are not supplied with Richards chassis but are available separately - see DA5300 above.

Fitting kit to fit Series SWB fuel tank - 552174

Fuel Latch Repair Kit

DA1114
Discovery 3/Discovery 4/Range Rover Sport - 2015 - 2013
This handy little OEM kit is used to repair the temperamental fuel latch.

Window Kits

DA4032GREY

DA4033GREY

DA4033GREEN

DA4033

Deluxe - Defender & Series

Deluxe kits have rubber mounting strips to cover rivets and a plastic catch. Glass is toughened to E11 CE R - 43.

DA4033	Clear	Pair
DA4033GREEN	Green tinted	Pair
DA4033GREY	Grey tinted	Pair
DA4033BRONZE	Bronze tinted	Pair

Standard - Defender & Series

Standard kits have a metal catch. Glass is toughened to E11 CE R - 43.

DA4032	Clear	Pair
DA4032GREY	Grey tinted	Pair

DA4032-3SEAL

Replacement window seal for both standard and deluxe windows. Each kit does one window.

DA4033CATCH

Replacement catch for deluxe window kit. Single.

Britpart Service Kits
Quality service parts manufactured to O.E. specification and competitively priced.

Britpart Service Kits with Oil

Britpart Service Kits with Oil
Quality service parts manufactured to O.E. specification and competitively priced with the relevant Britpart XD oil which meets Land Rover's specifications.

“Servicing a Land Rover just got a whole lot easier with Britpart!”

Land Rover Service Kits
A wide range of service kits using genuine filters and spark/heater plugs.

Ever started servicing a Land Rover and then suddenly realised you haven't ordered a filter or forgotten the sump plug washers?

Well now thanks to Britpart with one simple part number you can order your Land Rover kit safe in the knowledge that all the parts you need will be there for you to complete the job. No more half-finished services!

Alternative Brand Service Kits
Britpart stock a wide range of alternative brand service kits with OEM brands including Coopers, Mann, Mahle, Champion & NGK.

Automatic Transmission Fluid Change Kits

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. It is recommended that oil and filters are changed after 50,000 to 75,000 miles on all 5, 6 & 8 speed automatic gearboxes to ensure optimum performance.

DA6085 Britpart pan with Ravenol oil
DA6085G ZF pan with ZF oil
Automatic transmission fluid change kit for vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws, sleeve & plugs.

Suitable for -
Discovery 3 & Discovery 4
Range Rover Sport - 2005 - 2013
Range Rover L322

Also see DA2142 & DA2142G in transmission section.

DA6106 Britpart pan with ZF oil
Automatic transmission fluid change kit for vehicles with ZF 8HP70 8-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws & plug.

Suitable for -
Discovery 4
Range Rover L322 - 2010 - 2012
Range Rover Sport - 2010 - 2013 & 2014 onwards

Swivel Housing Grease

STC3435	370gm bottle
STC3435S	370ml sachet

- > Formulated for all Land Rover models with ball type swivel housings.
- > Lubricates swivel pins and housing seals, protects spheres.
- > A semi-fluid grease designed to withstand shock loading in oscillating joints.
- > Reinforced with solid lubricants, highly resistant to water and salt corrosion.
- > Better lubrication while driving, less leaks while standing.
- > One shot gives 'filled for life' protection.

Brake Cleaner

STC8972
500ml aerosol TRW brake cleaner

- > Cleans & degreases brake and clutch parts.
- > Evaporates quickly.
- > Simplifies dismantling and assembly.
- > Removes dust, oil, grease & brake fluid.
- > Sprays from any angle.

Trade Tack Stab

DA6348
Super bond spray adhesive.

- > High strength
 - > Variable spray
 - > Quick
 - > Clean
 - > High tack/long tack
 - > Very fast set
 - > 250ml aerosol
- Ideal for bonding and laminating of polyurethane foam, polystyrene foam, fibres, fabrics & felts etc to themselves.

Hylomar Sealants & Compounds

RTC3347

Hylomar Universal Blue - gasket & jointing compound - 100g

Non setting universal jointing compound that is resistant to fuels, coolants and lubricants. Use on gaskets and machined metal surfaces. High temperature capability up to 250°C with unlimited assembly time. Easy disassembly for service maintenance and allows for differential thermal expansion of components. Excellent vibration resistance.

STC4404

Hylomar 607 Silicone Sealant - 300ml

Engineering grade with excellent gap filling properties. Forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Good fluid resistance - not petrol or diesel. Electrical insulator with maximum constant operating temperature 250°C. Neutral curing. Tolerant of some oil and grease, ensure surfaces are clean.

RTC3254

Hylomar 101 Silicone Sealant - gasketing, sealing & bonding compound - 85g

Engineering grade which forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Maximum constant operating temperature 250°C with neutral curing. Ensure surfaces are free from oil and grease.

STC4600

Hylomar 3400 Anaerobic Gasket Compound - 300ml

Excellent resistance to automotive fluids including fuels with an operating temperature -40°C to 150°C. Machined metal to metal surface only, not suitable for pressed steel. No gap filling. Latest generation anaerobic gasket compound. Single part product. Suitable for K-series engines. Ensure surfaces are free of oil and grease.

DA6441

Hylasil 100 Series Instant Gasket - 85g

Engineering grade amine curing RTC silicone sealant with a proven performance in aftermarket applications. Non corrosive. Forms any size or shape of gasket instantly. Remains flexible, will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Ensure surfaces are clean and dry before use.

STC50530	Havoline	5 litres

Engine Oils

DA1122	Castrol Edge Professional A1 5W-20	1 litre
Co-engineered in partnership with Land Rover for new engine applications. Over the full service interval it keeps the engine clean and provides outstanding fuel economy.		
DA6287G	Castrol Edge Professional C1 5W-30	1 litre
Proven in tests to deliver outstanding oil strength. Micro-filtered and with its signature fluorescent colour it is your guarantee of professional quality. It is suitable for use in automotive petrol and diesel engines where the manufacturer recommends an ACEA C1 5W-30 lubricant.		

Transmission & Drive Train Oils

STC50531LR	Automatic transmission fluid 402	1 litre
STC4861	Transmission fluid – transfer box	500ml
STC9157	LubeTech Manual transmission fluid 94 API GL4	5 litres
YVK000010	Gear oil - MTF94	1 litre
STC9158	LubeTech Manual transmission fluid 94 API GL4	1 litre
STC4862G	Texamatic 7045E	1 litre
Automatic transmission fluid. Provides top-tier protection to all applications where Dexron IILG type products are specified, offering excellent protection to automatic transmission and power steering systems.		
LR006247G	Castrol Syntrans 75W-90/API GL-4	1 litre
Multi-vehicle manual transmission fluid		
STC4863G	Mobile ATF LT 7141	1 litre
Automatic transmission fluid. Suitable for use in automatic transmissions and power steering systems.		
TYK500050G	ZF Lifeguard Fluid	1 litre
This high performance full synthetic oil for automatic transmissions has been exclusively developed and approved for ZF automatic transmissions only.		
YK500010G	Transfer Fluid TF-0870 - OEM	1 litre
Use in active transfer case to provide a stable viscosity.		

Transmission & Drive Train Oils - continued

TYK500010G	Castrol Differential SAF-XO SAE 75W-90	1 litre
Fully synthetic final drive lubricant recommended for most passenger car final drives.		
LR003156G	Castrol Differential EPX SAE 80W-90	1 litre
Mineral based multi-grade extreme pressure gear oil for the lubrication of spiral bevel and hypoid differentials. The product is also suitable for the lubrication of manual transmissions where the manufacturer recommends the use of an oil to API GL5.		
LR019727LR	Castrol Differential SAF Carbon Mod Plus SAE 75W-90	1 litre
Fully synthetic gear oil which can be used for axles with limited slip differentials.		
LR024835G	Castrol Syntrans FE 75W / API GL-4	1 litre
Multi-vehicle manual transmission fluid		

Anti-freeze

Dr. Tranny® Instant Shudder Fixx™

DA6809 2fl oz (59.2ml)
Packaged in a uniquely engineered two ounce application tube Dr. Tranny® Instant Shudder Fixx™ is compatible with conventional or synthetic automatic transmission fluids. This formulation of friction modifiers made of synthetics and synthetic esters is concentrated five times.

- > A concentrated friction modifier formulated specifically for instantly eliminating torque converter lock-up shudder
- > Provides 4x's less wear than regular ATF
- > The original shudder fix
- > Compatible with conventional and synthetic ATFs
- > Commonly used as a diagnostic tool to determine if a problem is fluid related or a more mechanical fix is required

Britpart XD Oils **NEW**

DA1331 NEW Britpart 10W-40 - 1 litre

Product Description

A semi-synthetic multi-grade engine oil meeting ACEA and API specifications required by a large number of cars and light commercial vehicles.

Engine design has changed rapidly over recent years. Increased output from smaller units coupled with reduced engine oil sump capacity has put greater demands on the lubricant.

Britpart 10W-40 is designed to meet these challenges and is manufactured from a balanced blend of top quality mineral and synthetic base stocks to produce a high quality engine oil with outstanding properties. Its naturally higher lubricity offers lower internal friction which reduces engine wear and improves fuel economy. It provides excellent stay in grade performance for a wide range of modern engines.

Benefits

- > Suitable for a wide range of vehicles
- > Stay in grade properties
- > Excellent high and low temperature stability
- > Improved oil consumption and emissions
- > Superior performance over standard mineral based oils

Applications

Britpart 10W-40 is suitable for normally aspirated and turbocharged highly stressed diesel and petrol engines in passenger cars and light commercial vehicles. It is miscible with all synthetic and mineral based engine oils.

XD oil

DA1333 NEW Britpart 5W-30 - 1 litre

Product Description

Britpart 5W-30 is a fully synthetic, fuel-efficient multi-grade engine oil approved to Ford specification WSS-M2C913-D and WSS-M2C913-C and meeting the STJLR.03.5003 Jaguar/Land Rover specification. Britpart 5W-30 is a fully synthetic multi-grade engine oil formulated with highly refined synthetic base stocks and the very latest in advanced additive technology. The carefully selected components combine to provide the user with improved fuel economy benefits, greater robustness to fuels containing increased levels of bio-diesel and superior soot handling properties. This highly stable, stay-in-grade product allows extended oil drain intervals to be achieved.

Benefits

- > Approved to Ford specification WSS-M2C913-D
- > Approved to Ford specification WSS-M2C913-C
- > Extended drain capability
- > Fully backwards compatible with the earlier specifications of WSS-M2C 913-A and 913-B
- > Stay-in-grade formulation
- > Excellent low temperature stability for improved flow rates
- > Improved fuel efficiency
- > Fully synthetic formulation

Applications

Britpart 5W-30 is an ideal choice in many normally aspirated and turbocharged petrol and diesel engines designed to use a fuel saving engine lubricant. In particular, Britpart 5W-30 can be used in all Ford diesel engines (except Ford Ka TDCi 2009 onwards and Galaxy 1.9 TDi 2000-2006). It is strongly recommended for use in Transit models (2012 onwards) carrying the 2.2 Duratorq TDCi engine where only WSS-M2C913-D lubricants can be used.

DA1331

DA1333

AdBlue Diesel Exhaust Fluid **NEW**

LR072258G NEW

4 x 1.89 litre (1/2 gallon) bottles

All new Euro 6 engines now have to have a diesel additive to reduce the emissions. The AdBlue liquid - called Diesel Exhaust System - does this and on new Land Rovers, they are using this more than expected, so there is a need for people to replace the fluid used. If the fluid runs out, the engine stops and won't restart without a visit to the Land Rover dealership. Previously this has only been available through Land Rover, now Britpart have the OE supplier product in stock.

Wet Clutch Oil **NEW**

DA1356 NEW

1 litre

This special fluid is developed for Borg Warner wet clutch applications and is suitable for use in wet clutches with sinter and organic plates. The oil provides excellent friction characteristics and prevents stick-slip. The extremely good shear stability properties ensures optimum lubrication during the life time of the clutch. This fluid is recommend for Borg Warner Generation II-V rear AWD coupling control unit clutches used in Land Rover. To the specifications of Land Rover EJ3219A509AA.

Ravenol Workshop Consumables

Engine Oils

DA6289 1 litre
DA6288 5 litres
SFE Super Fuel Economy 5W-20
 Ravenol SFE 5W-20 is suitable for all petrol and diesel engines requiring a 5w20 grade fuel economy lubricant, and is especially developed to meet the requirements of the latest generation of Land Rover and Jaguar vehicles fitted with 5.0L V8 units.

DA6291 1 litre
DA6292 5 litres
FO 5W-30
 Ravenol FO 5W-30 is a fuel economy engine oil, special product for modern gasoline and passenger car diesel engines.

DA6376 1 litre
DA6377 5 litres
FLJ SAE 5W-30
 Ravenol FLJ SAE 5W-30 is a universal, fuel-saving, specially-composed motor oil for modern petrol and diesel engines both with and without turbochargers, for use in automobiles and vans with extended oil change intervals.

DA6378 1 litre
DA6379 5 litres
VMO SAE 5W-40
 Universal synthetic low friction motor oil especially developed for pump-jet diesel engines. Moreover, this lubricant is suitable for gasoline and diesel engines in passenger cars and vans with and without turbo charger. Due to the specific composition Ravenol VMO SAE 5W-40 is suitable for use for several of the latest OEM requirements.

DA6368 1 litre
DA6369 5 litres
TSi SAE 10W-40
 TSi 10W-40 is suitable for year round use in modern petrol & diesel cars. For use in turbo & non-turbocharged vehicles, multi-valve & direct injection diesel engines and is catalyst-compatible. Due to the specific high quality composition of TSi 10W-40, meets and exceeds the requirements of many leading OEM's, it also carries manufacturer approvals.

DA6380 1 litre
DA6381 5 litres
Turbo-C HD-C SAE 15W-40
 It is perfectly suited as all-season motor oil for the mixed fleet. It can be used in the commercial vehicle sector for operation and extended oil change interval (up to 45,000 kilometres are possible) according to manufacturer's specifications.

Transmission Oils

STC4863 1 litre
ATF 5/4 HP Fluid
 Ravenol ATF 5/4 HP Fluid is primarily designed for use in ZF 4HP-series (4HP20, 4HP22, 4HP24) and 5HP-series (5HP18, 5HP19, 5HP24, 5HP30) automatic transmissions.

STC50531 1 litre
ATF JF506E Fluid
 Ravenol ATF JF506E is primarily designed for use in JATCO JF506E 5-speed automatic transmissions used in Land Rover Freelander.

TYK500010 1 litre
TYK500010-20L 20 litres
VSG 75W-90 Gear Oil
 Ravenol VSG 75W-90 is suitable for use in both synchromesh and non-synchromesh gearboxes as well as being perfectly suited for use in highly stressed axle drives and differentials. Used in many high performance and motorsport applications as well as for road use in cars, light commercials and trucks where maximum protection and fuel economy are desired.

TYK500030 1 litre
MTF-2 75W-80 Gear Oil
 Ravenol MTF-2 SAE 75W-80 is ideally suited to ensure smooth and efficient operation of modern transmissions subject to very high mechanical and thermal loads of gear oils, even at the longest oil change intervals.

TYK500050 1 litre
TYK500050-4L 4 litres
TYK500050-20L 20 litres
ATF 6HP Fluid
 Ravenol ATF 6 HP Fluid was developed specifically for use in the latest ZF 6HP-series transmissions, 6HP19, 6HP21, 6HP26, 6HP28, 6HP32, 6HP34, also for 5-speed automatic transmission 5HP-series. It is backwardly compatible for all earlier versions of ZF 4.

IYK500010 1 litre
IYK500010-20L NEW 20 litres
Transfer Fluid TF-0870
 Ravenol Transfer Fluid TF-0870 was developed for use in active transfer case and provides a stable viscosity even under the highest loads.

DA6374 1 litre
DA6375 4 litres
Ravenol ATF T-WS Lifetime Fluid
 An automatic transmission fluid based on the latest HC/HT and PAO synthetic technology. Due to the special formulation the durability is up to twice that of a comparable standard ATF oil.

DA6372 1 litre
DA6373 4 litres
Ravenol ATF Dexron D II
 It was developed for the use in automatic transmissions, hydro steering mechanisms, converters and power transmissions and can be used as a universal ATF (Automatic-Transmission-Fluid) for all vehicles and working machines.

LR002748 1 litre
ATF T-IV Fluid
 Ravenol ATF T-IV Fluid was primarily developed for use in the latest Aisin Warner and Toyota transmissions found in many modern European and Japanese vehicles, and it's versatile formulation means it can also be used to replace older T, T-II and T-III fluids where required, as well as fulfilling many other manufacturer requirements.

STC4862 1 litre
ATF Dexron III H
 Ravenol ATF Dexron III H was primarily developed for use in automatic transmissions with electronically controlled converter lockup clutch, but also suitable for use as a universal ATF and power steering fluid, especially where Dexron III is the required specification, and is backwards compatible for Dexron II applications.

LR003156 1 litre
EPX SAE 80W-90 GL
 Ravenol Getriebeoil EPX SAE 80W-90 GL 5 is compatible with all brand-name transmission oils. In case of changing to Ravenol EPX SAE 80W-90 GL 5 flushing is not necessary. It can be used in manual transmissions, axle drives, distributor and intermediate transmissions in vehicles and working machines.

LR019727 1 litre
Multi-disc Locking Differentials Semi-synthetic Lubricant
 Ravenol MDL multi-disc locking differentials was developed specifically for use in lamella limited slip differentials.

Transmission Oils - continued

DA1345 NEW 20 litres
Ravenol ATF 8HP
 Ravenol ATF 8HP Fluid is an automatic transmission fluid (ATF), produced with a blend of hydrocrack oils and synthetic PAO together with special additives and inhibitors to enable smooth and efficient function of the latest ZF automatic transmissions. Ravenol ATF 8HP Fluid has been formulated specifically for the latest generation of 8-speed ZF automatic transmissions and is coloured green for easy identification.

Coolants

DA6293 1.5 litres
DA6294 5 litres
OTC Organic Technology Coolant Concentrate
 Ravenol OTC Organic Technology Coolant Concentrate is an eco-friendly 1.2- Ethanediol (monoethylene glycol) based silicate, borate, nitrite and phosphate-free coolant for cooling circuits in combustion engines which provides maintenance-free corrosion and frost protection.

Grease

DA4960 400g
DA4961 5kgs
Ravenol Multi-purpose Grease
 Ravenol Mehrzweckfett OML is a lithium based multi-purpose grease with oxidation and corrosion protective additives.

Power Steering

STC50519 1 litre
STC50519-20L 20 litres
SSF Power Steering Fluid
 Ravenol SSF Fluid is a special hydraulic fluid formulated using the latest synthetic technology blended with special ashless additives. It is designed for use from -40°C to +100°C and is therefore recommended for the latest developments in the vehicle market. Ravenol SSF Fluid is a special hydraulic fluid formulated using the latest synthetic technology blended with special ashless additives.

Oil Analysis Kit

DA6358 Oil Analysis Kit
 Extend the life of both engine and transmission...
 Lubetrend Analysis is the complete fluid analysis programme performed by the Number One oil condition monitoring laboratory in the UK with over 35 years of experience in monitoring all types of fluid lubricated and insulating oil systems; giving you the confidence to act.
 Regular checks on the condition of the oil can extend the life of both engine and transmission and help spot potential problems long before they materialise. Our aim is to help you succeed in making the most of your vehicles and machinery through reducing unplanned downtime, extending oil drains and detecting potential future failure - before they happen. Essential not only for all aspects of motorsport - we'd recommend taking a sample after each event - but also recommended for your everyday transport as part of the annual service.
 The price includes the sample kit and the full analysis report. Only the postage to the laboratory is your responsibility.

Diesel System Cleaner

DA4962 300ml
Ravenol Diesel System Cleaner
 A fuel additive for all diesel engines which cleans the fuel injection system and restores the full power of the engine, whilst increasing operational safety and improving fuel economy. It is a cleaning agent for electronically and mechanically controlled fuel injectors which allows for combustion with a low degree of soot and reduced particles whilst preventing rattling noises and rough idling.

Much more information on each of these Ravenol products at www.britpart.com/ravenol

Ravenol the renowned German Manufacturer is one of the most technically innovative companies in the lubricants industry. Ravenol prides itself on the special formulations, unique design and its exacting manufacturing processes that are individually tailored to suit customer needs. This is why the demand for Ravenol product is growing worldwide.

In the advanced in-house laboratories products are carefully developed to meet and exceed the requirements of the major automotive manufacturers and to comply with all current and future regulations. Across the globe, Ravenol has earned an enviable reputation for innovation and technical excellence.

Ravenol have developed an extensive range of products meeting and exceeding Land Rover requirements resulting in quieter running engines with improved fuel economy and smoother gear changes. Whichever Land Rover/Range Rover model you drive, wherever and however you drive it, Ravenol have developed a lubricant to meet your specific requirements.

We at Britpart not only recommend the use of Ravenol lubricants in your Land Rover, but use them in our own fleet of Land Rovers, trucks and vans.

Sundries

DA6485 Brake Cleaner 500ml
 Ravenol brake cleaner is a highly effective solvent-blended brake cleaner aerosol for the degreasing and cleaning of brakes, brake linings and clutch parts.

DA6486 Silicone Spray 400ml
 Ravenol Silicone-Spray is a universal lubricant and slide release agent spray for use on all types of components. Specially developed for the lubrication, care and maintenance of all types of rubber, plastic and metal surfaces and components. The water-resistant and weatherproofing properties make it especially suitable in a marine environment. The quick drying formulation leaves a colourless and odourless coating which is physiologically inert, water-resistant, UV-resistant and weatherproofed.

DA6496 Copper Paste 90g
 Ravenol Copper paste is a lithium grease containing copper powder as a solid lubricant additive, anti-wear additives, and anti-corrosion properties. It is suitable for application to components which are exposed to high temperatures, strong pressures and corrosive influences. It reduces friction and wear, provides protection against corrosion and seizing and is used in the automotive industry for assembling disc brakes and exhaust systems.

Castrol Classic Oils

Castrol Classic Oils, total care and protection for your classic vehicle.

For much more information on each product and images visit www.britpart.com/castrol

A conventional multi-grade engine oil of good all round performance for pre-1980 modern classic cars.

DA6260 Classic XL 20W-50 1 gallon tin
DA6261 Classic XL 20W-50 1 litre tin

Mineral based, multi-grade, crankcase lubricant. Designed to facilitate running-in of new and reconditioned diesel and petrol engines.

DA6262 Running In Oil No. 2 1 gallon tin
 Castrol R40 provides the ultimate in lubrication.

DA6263 R40 1 litre bottle
 Originally specified grade for Series steering boxes and relays.

DA6264 EP140 Extreme Pressure API GL4 1 litre tin
 Extreme pressure multi-purpose gear oil for hypoid and non-hypoid applications.

DA6265 EP90 Extreme Pressure API GL4 1 litre tin
 Lead replacement fuel additive for use with lead-free fuel. Protects engine against valve seat recession under all driving conditions.

DA6266 Valvemaster Lead Replacement Additive 250ml bottle
 Castrol Valvemaster Plus provides an octane boost to unleaded fuel, reducing pinking, knocking or the need to retune.

DA6267 Valvemaster Plus Octane Boost 250ml bottle
 Transmission fluid for automatic gearboxes, incorporating additives to provide wear, oxidation and corrosion resistance.

DA6268 TQF 1 litre tin
 A special, rubber compatible grease for use on hydraulic brake and clutch components where hardening or swelling of rubber must be avoided. Useful in assembly of rubber components for brake, clutch and suspension units.

DA6269 Red Rubber Grease 500g pot

Castrol Classic Oils Merchandise

Drink your tea in a nostalgic way with this large tin mug.

DA6270 Castrol Tin Mug

Use either to decorate your workshop or study or to accurately measure lubricant quantities shown in imperial measures in vehicle handbooks.

DA6271 Castrol Pouring Jug Half pint

DA6272 Castrol Pouring Jug Pint

DA6273 Castrol Pouring Jug Quart (two pints)

Smart green baseball cap with embroidered Castrol logo.

DA6274 Baseball Cap One-size fits all

Never forget to change your oil with this self-cling window sticker with Castrol logo on one side and Change Due boxes on the other.

DA6275 Window Service Sticker 3" diameter

Ravenol Classic Oils

DA4963
 5 litres
Ravenol Classic SAE 30
 Monograde engine oil for pre-1960 Land Rovers.

DA4964
 5 litres
Ravenol Classic SE 20W-50
 Multi-grade engine oil for post 1960 petrol Land Rovers.

DA4965
 1 litre
Ravenol MZG EP 80W-90 GL4
 Transmission oil for early Land Rover gearboxes, transfer boxes and differentials. Recommended for the lubrication of all manual transmissions, differential gears, transfer boxes and steering boxes of most early Land Rovers where a GL4 specification is called for.

DA4966
 300ml
Ravenol Octane Booster
 Petrol engine lead replacement additive with octane booster. An environmentally-friendly valve seat lubricant and combustion enhancer which increases the octane rating by at least 3 points. It helps to prevent pinking and running on and allows more ignition advance, thus improving performance in the peak ranges. Especially suitable for low-grade or insufficient fuel quality. It helps to prevent wear and tear on valve seats and exhaust valves when using modern fuels in older engines.

The need for Classic Oils?

Oils for modern engines need to comply with the latest API ratings and specific ACEA and OEM specifications concerned with improving fuel efficiency, extending oil drain intervals and exhaust treatment systems such as diesel particle filters.

A classic car engine has the opposite characteristics with cork/graphite/rope seals, low pressure gear driven oil pumps, larger oil galleries with greater dependence on "splash" and "cling" lubrication, lower revving with larger machining tolerances. This type of engine design demands a totally different lubricant. The new range of Ravenol Classic Oils offers formulations that have been specially blended to meet the requirements of older vehicles.

Special anti-wear additives with the correct amount of zinc (ZDDP) are added to ensure that metal to metal contact and irreparable engine damage is prevented, especially to camshafts and followers, which can wear out in only a few thousand miles when using modern oils. The careful selection of appropriate corrosion inhibitors, special dispersant additives and the correct levels of detergent protect against pitting, the build-up of gums, lacquers, sludge, soot and metallic ash – the normal by-products of combustion.

By using Ravenol Classic Oils in your classic Land Rover you are protecting both engine and transmission – for generations to come.

Raptor

RAPTOR

- DA6382** Raptor 4 litre kit - black finish
4 x 750ml Raptor & 1 x 1 litre hardener
- DA6497** Raptor 1 litre kit - black finish
1 x 750ml Raptor & 1 x 250ml hardener
- DA6370** 1 x 5 litres of black Raptor
- DA6384** Raptor 4 litre kit - tintable finish
4 x 750ml Raptor & 1 x 1 litre hardener
- DA6498** Raptor 1 litre kit - tintable finish
1 x 750ml Raptor & 1 x 250ml hardener
- DA6436** 1 x 5 litres of tintable Raptor
- DA6371** 1 x 5 litres of Raptor hardener

Degreaser Slow

- > Anti-static and anti-silicone panel wipe.
- > Fast evaporation ideal for localised panel repairs.
- > Aggressive degreasing action removes contaminants including silicones.
- > Carefully formulated to avoid any attack on existing paint films.

- DA6390** 1 litre tin
- DA6391** 5 litre tin
- DA6392** 500ml aerosol

ACID#8™: Acid Etch Primer

- > Promotes paint adhesion to difficult substrates such as galvanised steel & aluminium.

- DA6393** 450ml aerosol

GRIP#4™: Universal Adhesion Promoter

- > Ready for use universal adhesion promoter for paints, adhesives and sealants.
- > Ideal for difficult to reach areas such as around door handles and sills.
- > Replaces the need for abrasion and prevents lifting.

- DA6394** 450ml aerosol

Raptor Traction

- > Slip resistant additive
- > 1 sachet needed for 1 litre Raptor
- > BSI Kitemarked

- DA6484** 200g sachet

Finishing Pads

- > High performance cleaning, conditioning & finishing pad.

- DA6395** 10 x Fine pads

Panel Wipe Cloths

- > White wipe that leaves the surface clean, completely grease & fibre-free.

- DA6396** 140m roll with 350 sheets in convenient centre-feed box dispenser.

Mixing Cups

- > Clear plastic 1,300ml mixing cups

- DA6397** 25 qty

Wooden Mixing Spatulas

- DA6398** 100 qty

Schutz Gun

- > Specially constructed for the application of Raptor.
- > Screws directly onto plastic bottle.

- DA6386** Raptor application gun

Gravity Fed Spray Gun

- > 1.7 tip with excellent transfer efficiency

- DA6447** Professional automotive spray gun

TOUGH & TINTABLE protective coating

Raptor is a highly durable protective coating that ensures protection against mechanical damage, fuels, hydraulic oils, rust, corrosion, salt water, damp, extreme temperatures and off-road muddy good fun.

Protect your Land Rover with Raptor

Surfaces*

- > Painted surfaces
- > Aluminium
- > Steel
- > Bare metal
- > GRP
- > Galvanised
- > Plastics
- > Wood
- > Polyester fillers
- > Glass
- > SMC

Usage

- > Automotive
- > Off-road
- > Marine
- > Commercial
- > Industrial
- > Agricultural

*Some substrates require additional surface preparation before applying Raptor.

Customisable

Raptor is available in black and tintable versions. The tintable version can be altered to suit the colour of your vehicle by adding a small amount of automotive solvent paint. Raptor can be applied as a smooth finish through to a very coarse finish.

Features & Benefits

- > Easy to use: simply FILL - SHAKE - SHOOT®
- > Easy to clean
- > Provides excellent UV protection
- > Waterproof - provides a water tight seal, keeping water out and protects new surfaces against rust
- > Sound deadener (reduces noise and vibrations)
- > Protects against rust, corrosion salt, damp and extreme temperatures
- > High resistance to everyday and off-road use
- > Abrasion and stain resistant
- > Dries rapidly, is flexible
- > Provides excellent adhesion
- > No need to wax after application

Application Areas

- > Chequer plate and grills
- > Loading area
- > Underbody protection
- > Bumpers and bull bars
- > Sills, side rails and steps
- > Wheels and wheel arches
- > Part and full vehicle overspray
- > And much more...

Application Methods

- > Raptor application gun
- > Roller
- > Brush

Watch online how easy it is to use at

www.britpart.com/raptor

One half of this Discovery 1 corner bumper is a very tired looking, tatty and weather beaten bit of plastic. The other half is transformed with a coating of Raptor and it will stay like this as Raptor is UV resistant.

www.britpart.com/raptor

Isopon Repair Consumables **NEW**

DA6604 NEW

Body Repair Kit For Holes

This kit contains everything you need to repair and prime rust holes (up to 75mm wide) in most types of metal ready for painting.

Much more information available
www.britpart.com/isopon

DA6605 NEW

Plastic Bumper Repair Kit

This kit contains everything you need to repair and prime scratches and scuffs in most types of plastic. The pre-measured sachets make mixing simple and it can be easily sanded and shaped to the exact bumper contour. Highly flexible with excellent adhesion, the filler gives a smooth durable repair that's ready for priming and painting.

DA6609 NEW

Scratch & Stone Chip Filler

A durable easy to use filler that's been specially formulated to repair fine scratches, stone chips and other minor damage. Used straight from the tube, it dries fast and is easy to sand smooth ready to prime. Just follow the simple instructions in this guide for a quick and easy repair.

DA6608 NEW

Body Filler For Holes

Fibreglass reinforced P.40 body filler for holes is the ideal choice for repairing holes up to 75mm wide in most types of metal. The pre-measured tubes make mixing easy and it can be used with the aluminium mesh to bridge larger holes.

DA6607 NEW

Plastic Bumper Filler

A flexible easy to use filler that's been specially formulated to repair scratches and scuffs in most types of plastic. The pre-measured sachets make mixing simple and it can be easily sanded and shaped to the exact bumper contour. Highly flexible with excellent adhesion, the filler gives a smooth durable repair that's ready for priming and painting.

DA6606 NEW

Stone Chip Protector

Long lasting protection from stone chips and rust. Can be over-painted. Specially formulated to protect sills, side skirts and the underside of vehicles from stone chips and rust. The black, quick drying spray formula is fast, easy to use and gives long lasting protection with just two coats.

DA6276 NEW

Metalik Paste

Long recognised as one of the only body fillers that will adhere to a Land Rover's aluminium body. A two component multi-functional smooth metallic body filler paste used for the filling of holes & imperfections in most substrates. It has been specially formulated for the professional user and combines good filling and smooth spreading properties together with ease of sanding. Metalik Paste is suitable for use on the following surfaces; bare metal, eg steel aluminium and zinc coated substrates (degrease and abrade with P80 paper), original painted surfaces (with the exception of thermoplastic acrylics - degrease and abrade with P180 paper) and GRP (degrease and abrade with P80 paper). 2K polyester body filler contains aluminium flakes and is smooth spreading with good adhesion & pinhole free. Sandable after 20 minutes (at 20C) and can be over-painted with most paint systems including 2K.

Dinitrol Products

These rustproofing kits are designed for those who don't have access to a compressor or air supply.

DA1985 NEW

Rust Proofing Aerosol Kit - Large Car

- 7 x Dinitrol 3125 Cavity Wax - 500ml aerosol
- 10 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 2 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

DA1986 NEW

Rust Proofing Aerosol Kit - Land Rover

- 7 x Dinitrol 3125 Cavity Wax - 500ml aerosol
- 5 x Dinitrol 445 Black Stone Chip - 500ml aerosol
- 5 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 2 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

DA1989 NEW

Rust Proofing Aerosol Kit - New Vehicle

- 7 x Dinitrol 77B Brown Cavity Wax - 500ml aerosol
- 5 x Dinitrol 445 Black Stone Chip - 500ml aerosol
- 5 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

These rustproofing kits are designed for those who have access to a compressor or air supply and includes an undercoating gun for easy application.

DA1987 NEW

Rust Proofing Litres kit - Large Car

- 4 x Dinitrol 3125 Liquid Cavity Wax - 1ltr bottle
- 6 x Dinitrol 4941 Black Underbody Protect 1ltr bottle
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs
- 1 x 600mm Extended nozzle for aerosols

DA1988 NEW

Rust Proofing Litres Kit - Land Rover

- 4 x Dinitrol 3125 Liquid Cavity Wax - 1ltr bottle
- 3 x Dinitrol 445 Black Stone Chip - 1ltr bottle
- 3 x Dinitrol 4941 Black Underbody Protect - 1ltr bottle
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs
- 1 x 600mm Extended nozzle for aerosols

DA1990 NEW

Rust Proofing Litres Kit - New Vehicles

- 4 x Dinitrol 3654 ML4 Cavity Wax - 1ltr bottle
- 3 x Dinitrol 445 Black Stone Chip - 1ltr bottle
- 3 x Dinitrol 4941 Black Underbody Protect - 1ltr bottle
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs

DA1986

NEW

DA1988

DA1983 NEW

600mm extended nozzle for aerosols. Ideal for applying the Dinitrol products.

DA1983

For much more information on each of the Dinitrol products in each kit and the technical data sheets -

www.britpart.com/dinitrol

DA1980

1 litre

Dinitrol 449 is an environmentally friendly bitumen based underbody and stonechip coating with good corrosion protection and sound deadening properties. After curing Dinitrol 449 has a very durable tough and elastic film, which results in a very good stonechip resistance. The product is not overpaintable.

- > Waterbased, environmental friendly
- > No VOC
- > Good corrosion resistance
- > Very good stone chip resistance
- > Durable tough elastic film

DA1981

1 litre

Dinitrol 977 is a semi-transparent, waterbased liquid anti corrosion coating for the protection of cavity areas in places where a rust preventative surface is needed. The product is water-repellent and has very good penetrating properties. After drying remains a wax coating which has a good temperature resistance up to +120°C and is almost tack free. When Dinitrol 977 is heated by sun or by engine-heat after it has dried, it does not have the typical smell of conventional cavity-waxes.

- > Waterbased, environmental friendly
- > Very low VOC
- > Good corrosion resistance
- > Good penetration
- > Low odour
- > Film almost tack free

NEW

DA1982 NEW

1 litre

Dinitrol 77B is a corrosion preventive fluid, designed for long-term protection against corrosion and, due to its residual hard film affords some protection against mechanical wear. Dinitrol 77 B contains environmentally acceptable low aromatic solvents, which once evaporated leaves a thick, brown waxy film. Dinitrol 77B is primarily designed for cavity protection but may also be used for storage, transport and underbody protection.

Loctite Consumables

The Loctite® brand, is renowned for the excellence of its adhesives and sealants. Since the original development of a unique anaerobic technology more than fifty years ago, Loctite® products have become vital components in many of the machines and products that are at the core of everyday life

Body Repairs

DA6310	Freeze & Release	400ml aerosol
Shock freezing (-43°C) is a quick and convenient method for releasing seized and corroded parts.		
DA6278	Chemical Metal NEW	180ml pack
The original rock-hard multi-purpose repair paste.		
DA6313	Leak Fix	Mini blister pack
Seals and repairs leaks in petrol tanks, radiators and sumps.		
DA6316	Terodicht Elastic Window Sealant	310ml cartridge
Ideal for re-sealing rubber mounted windscreens.		
DA6317	Terolan Special Sealant	1.4kg can & brush
Vehicle body sealant for application with special brush.		
DA6319	Terosan Etch Primer	500ml aerosol
Provides excellent adhesion to steel, galvanised steel and aluminium.		
DA6326	Zinc Spray	400ml aerosol
Sprayable anti-corrosion primer paint for vehicle body repairs. Electrically conductive (wet and dry). Allow to cure for 8-12 hours before over painting.		
DA6327	Terotex HV 350	1 litre bottle
A solvent containing anti-corrosive agent based on waxes, polymers and anti-corrosive additives. Contains high percentage of rust-proofing additives. Good creeping qualities. Penetrates to a depth of >35mm. Mild odour.		
DA6328	Terotex Record 2000	1 litre bottle
Non-bituminous coating material for permanently flexible corrosion protection of under bodies. To complement factory-applied under body sealant coats. For coating replacement parts like bumpers or wheel arches.		

Glues & Adhesives

DA6300	Super Glue	3g tube
High performance instant adhesive with thousands of applications.		
DA6301	Super Glue Brushable	5g bottle
Brushable version for extra accuracy and greater coverage.		
DA6304	Rear View Mirror Bonder	1 shot tube
Unique bonding system for rear view mirrors, car telephone aerials and all window mounted material.		
DA6306	Stud 'N Bearing Fit	24ml bottle
Locks and seals studs into position. Seals against leaks and vibration.		
DA6309	Instant Adhesive 401	20g tube
Surface insensitive formulation creates a permanent bond with virtually any material.		
DA6314	Super Steel Epoxy-Weld	2 x 25g tube
Sets like steel. Seals, repairs, bonds, fixes and replaces.		

For more information and images on our range of Loctite products visit www.britpart.com/loctite

Gasket Repairs (see website for full application details & technical specifications)

DA6311	Quick Gasket	200ml aerosol
Permanently flexible flange sealant for non-rigid flanges and for plastic-to-plastic and metal-to-metal assemblies.		
STC50550	Premium Silicone Black 5980	100ml tube
For flanges with permanent oil contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
DA6364	Premium Silicone Grey 5660	100ml tube
For flanges with permanent water/glycol contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
DA6365	Premium Silicone Copper 5990	100ml tube
For flanges exposed to high temperatures and high performance engines. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
DA6366	Silicone Blue 5926	40ml tube
Multi purpose flexible silicone sealant. For flanges of any size or shape. Can be used for metal, plastic and painted parts.		

Thread Lockers

Lock 'N Seal 243. Replaces traditional locking methods. Prevents bolts, screws & nuts from vibrating loose.
STC50552 - 10ml bottle / **DA6305** - 24ml bottle / **DA6307** - 50ml bottle

Touch Up Paint Pens

The best you can get without repainting!

Exclusive to Britpart in the UK.

- > TUPP single stage paint pen is ergonomic, light and easy to use.
- > It allows quick, one-step repairs of small scratches and nicks that may appear on any painted surface.
- > It will meet the highest colour matching expectations.
- > The patented valve mechanism and gravity action of the paint pen will give you an even flow of all components assuring the same particularities and brightness of the original finish.
- > An edged polyester fibre tip allows accuracy and can be removed to be cleaned or replaced.
- > The paint pen has a closed opaque container preventing accidental spills, hardening of the paint and colour change due to light exposure before the application.

The Pen - Paint is held in a barrel and automatically dispensed through a fine felt tip, providing the user unparalleled control over their painting instrument.

The Paint - High quality urethane paint is used which is the same as your vehicles manufacturer. The paint provides the user with a much closer colour match than other companies which primarily use lacquer paints.

The Results - The best you can get without refinishing the damaged areas.

More details and FAQs can be found at www.britpart.com/paintpens

36mm oil filter socket - 3/8" drive
Designed to protect the corners of the filter
from damage. Defender - Puma 2.2 & 2.4
Freelander 1 - Td4
Range Rover L322 - 2002 - 2009 - M57
3.0 diesel & M62 4.4 V8 petrol

DA1189
For removing and installing oil filters on
diesel models of the Freelander 2 and
Range Rover Evoque. 27mm combination
spanner with flexi head. 400mm long.
Manufactured from Chrome Vanadium.
Fully polished with ratchet. Manufactured
to Ansi standards.

DA6119
Crows foot oil filter wrench
Freelander 2
Range Rover Evoque 2.2 diesel
27mm x 1/2" D with switchable bi-hex
ratchet head. Euro 6 compliant engines
from 2010 onwards. Chrome plated
chrome vanadium. Equivalent to OEM
303-1579

DA1173
Oil filter remover for the paper element
from the canister. Prevents damage to the
filter housing.
Discovery 3 - TdV6
Discovery 4 - TdV6
Range Rover Sport - TdV6
Land Rover tool part number - 303-1128

Clutch Tools

DA1147
Clutch alignment tool
Defender - 2007 onwards
Discovery 3 - TdV6 manual
Replace two tools for one with this cost
effective clutch tool. One end is the Land
Rover 308-419 clutch alignment tool
which is used to align the clutch disc and
pressure plate on installation. The other
end of the tool is Land Rover 303-1096
aligner/installer tool which is used to align
the clutch drive plate and install the spigot
bearing.

DA6113
Clutch alignment tool
Defender - 2.4 TD4 - 2007 onwards
Specifically designed to hold the clutch
centre plate centred on the flywheel while
fitting the clutch cover plate. Ensures fast
effective alignment of the clutch centre
plate. 200mm long x 14mm dia with knurled
grip. Equivalent to OEM 308-419.

Brake Tools

DA1153

DA1153
Brake calliper rebuild tool kit
Anyone who has ever tried to rebuild a set of Land-Rover brake callipers will know that the most difficult part is fitting the dust seal after the pistons have been fitted. This extremely awkward task can now be made much easier with the seal fitting tools in this kit. The kit is supplied with a tool to fit 41mm and 44mm pistons and comes complete with a heavy-duty piston spreader to allow the seals to be pushed into place evenly.

DA7460
Heavy-duty piston spreader only.

204-591-02 NEW
Dynamic response control box. For use with 204-591-02. For professional use only.

204-591-01
Dynamic response system bleed bottle. For use with 204-591-02. For professional use only.

DA6136
Adjustable 3 pin EPB brake adaptor with standard 2 pin drive which is adjustable to fit many modern vehicles. Kit also contains a pneumatic brake calliper rewind tool - 3/8" D. This tool is for left and right hand threaded pistons. Suitable for most 3/8" D wind-back adaptors and pin type adaptors. A great time saver in the workshop.

Other Workshop Tools

Prop Shaft Fastener Tools
> Size - 3/8" 6 point (hexagon)
> Total length - 150mm
> Outside diameter - 20mm
Specialist socket for prop shaft fasteners on most Land Rovers. The 3/8" socket end is a perfect hexagon with rounded tip profiles to ensure the whole turning power is transferred onto the flanks of the nuts instead of on the corners. The socket's slim wall construction and wine glass profile, coupled to an integral slimline extension means it fits perfectly between the UJ yokes and over the prop shaft nuts without fouling. The 3/8" AF nuts are common to Series Land Rovers, Defenders (90 & 110 up to latest vehicles), Discoverys (up to and including Discovery 2) and Range Rovers (up to and including P38).
DA1065 3/8" square drive
DA1119 1/2" square drive

Range Rover L322

DA6111
Oil pump alignment tool
Defender - 2.2 TD4 diesel - 2006 - 2015
Developed to correctly align the engine oil pump in the sump after an engine rebuild as it is important that the pump be correctly and accurately aligned to ensure the oil pump sprocket is not operating with excessive side loads.

Other Workshop Tools - continued

DA1155
Panel popper tool kit. 12 piece set designed to aid in the easy removal of door trim panels, trim fasteners and mouldings inside or outside the vehicle. Manufactured from a tough & durable engineering plastic to minimise panel damage. Inc. an additional metal clip tool.

DA6126
Diesel injector sockets
A set of six sockets specifically designed for removing diesel injectors. Manufactured from chrome molybdenum for strength and finished in black to prevent corrosion. Contents: 21mm: Ford Duratorq 22mm x 2 lengths; 27mm; 28mm & 28mm with location collar for Defender - Puma 2.4.

DA6134
Diesel fuel system bleeder kit
Freelander 2 - 2.2 diesel
Range Rover Evoque - 2.2 diesel
Hand pressure pump and 4 adaptors. For bleeding/priming the system after fitting new filter or other maintenance on the fuel system. Essential service tool.

DA6132
Cooling system pressure test kit
A comprehensive cooling system pressure testing kit for universal use. 24 pieces including 16 individually sized adaptors, pressure testing pump with gauge, 2 pressure cap test connectors for use with No 3 adaptor and handle. Checks the leakage on original radiator cap. Application list and instructions included. The pressure pump is hand operated and is fitted with an accurate and easy to read gauge marked in both psi and bar. This kit includes a thermometer to aid diagnostics and also ensure the system is cool before removing the cap. Also included in this kit is a very useful radiator pressure cap tester.

DA1235
Defender - Puma
Locking tool to restrain the fuel injector sprocket during a fuel pump removal/installation.

DA1125
Ball joint remover tool kit.
Fit & remove RBG000010 to a Defender drop arm without having to remove the arm from the vehicle.

DA6135
GEN2 Wheel Bearing Kit 82mm
Freelander 2 - 2006 onwards
Front
This kit enables you to be able to remove and replace the bearing/flange in situ.

Discovery 4
Range Rover Sport - 2005 - 2013

DA7461
Front suspension, lower arm, rear bush removal & installer tool
Equivalent to OEM 204-535A. For use with RBX500291. Can be used on the vehicle saving time and money.
Discovery 3
Discovery 4
Range Rover Sport - 2005 - 2013

The lower hub bush tool (**DA7463**) and the upper hub bush tool (**DA7466**) have been developed to allow the technician to remove and refit these rear suspension bushes with the minimum of dismantling required. Being able to perform the task on the vehicle saves considerable time over the more traditional use of a workshop press and the requirement that the hub be completely removed. For reference, the **DA7463** bush tool (OEM equivalent 204-516) has been specifically designed to work with OEM bush RBK500220, and the **DA7466** bush tool (OEM equivalent 204-515) has been specifically designed to work with OEM bush RHF000260.

- > White light output simulates daylight.
- > Wide angle of light output that has uniform intensity.
- > Magnet for hands free use.
- > Integral hanging hook.
- > High power LED torch function.
- > Anti slip comfortable grip.
- > Li-ion battery for faster consistent recharging.
- > Includes AC mains charger and 12v DC charging lead.

Light output: 250 lumens
 Battery: 3.7v Li-ion 2200mAh
 8.14Wh
 Mains adaptor: Input 230v AC-50/60Hz
 Output 5v DC-500mA

Automatic Transmission Flush & Fill Machine

Need a fast, effective, efficient and easy way to change automatic transmission fluid?

DA6800

A standard automatic transmission drain and re-fill will only change about 50% of the contaminated fluid. Wynn's TranServe™ will change about 90% of the contaminated fluid in around 20 minutes. Wynn's TranServe™ is an automatic transmission flush and fill machine which flushes the oil system of automatic gearboxes and which changes the ATF in a simple and effective way.

Properties

- > Cleans the oil system of automatic gearboxes with the Wynn's Automatic Transmission Flush.
- > High exchange rate of up to 90% compared to only 50% with a classic drain and fill.
- > No mixing of old and new fluid.
- > Easy connection to the transmission or transmission oil cooler lines.
- > Operates on the vehicle's battery (12V).
- > Automatically detects the correct flow direction.
- > Different functions:
 - ATF exchange
 - ATF top up
 - ATF drain
 - Adding additive
- > Addition of the product Wynn's Automatic Transmission Treatment:
 - Provides supplementary protection of the gearbox.
 - Smoothens gear changes and improves kick-down response time.
 - Extends life of the transmission fluid by preventing ageing and oxidation.
 - Stops and prevents leaks by revitalising seals and O-rings.

Applications

- > Recommended when changing ATF of automatic gearboxes or when experiencing shifting problems, fluctuating RPM or not retaining the correct gear.
- > For all types of cars with automatic transmission but not to be used on high-pressure systems of buses, trucks, etc.

Automatic Transmission Service Kits

Use the Wynn's TranServe™ in conjunction with the range of automatic service kits from Britpart. For full kit details see the relevant pages in the service kit and transmission sections in the repair and service part of the catalogue.

Technical Data

- > Power source: 12V D.C. (vehicle battery)
- > Dimensions: 650mm W x 1,130mm H x 450mm D
- > Weight: 61 kg
- > Pump:
 - min. flow - 4.5l/min
 - max. flow - 5.5l/min
 - max. pressure - 9 bar
- > Automatic flow detection
- > Reservoir for additives
- > 2 filters
- > Integrated printer
- > Adapter set for all cars

DA6801

Wynn's Automatic Transmission Flush

Size - 325ml x 24 bottles
An oil soluble treatment developed to clean automatic gearboxes and restore their optimal operation.

- > Safely removes varnish deposits.
- > Prepares transmission for new fluid.
- > Cleans all internal transmission components.
- > Smoothens and quietens gear changes.
- > Prolongs component life.
- > Restores optimal gear shifting.
- > Only to be used with TranServe machine.

DA6802

Automatic Transmission Treatment

Size - 325ml x 24 cans
An oil soluble supplement developed to stop and prevent leaks and ease shifting.

- > Stops and prevents leaks.
- > Rejuvenates rubber seals & O-rings.
- > Cleans and protects the system by means of detergents & dispersants.
- > Eases shifting.
- > Prevents ageing and oxidation of automatic transmission fluids.
- > Prolongs component life.
- > 1 can of 325 ml treats up to 6.5 litres automatic transmission fluid.

Enhancements

Make your Land Rover stand out from the crowd. Britpart have a great selection of vehicle enhancements available for all models. The wide range includes both exterior and interior accessories. From steering wheels to vent trim kits, there is something to suit everyone.

- > Choose the relevant head unit connection lead according to the make of aftermarket head unit you wish to fit.
- > Contains universal patchlead.

DA4663

Range Rover L322 Vogue - 2002 onwards.
Heated leather steering wheel
Many of early L322 Range Rovers (Vogue shape) still look as good as new with only a few tell tale signs of their age and mileage but steering wheels on some models have lost their leather appearance, gone shiny and started to sag. Range Rover improved the specification of the wheels on later models so they are much more durable. This wheel has the grained leather surface - not the smooth leather as used on the 2010 models. Please note that the spoke covers are not supplied with this steering wheel. You retain your original airbag/switch assembly - this is just the steering wheel frame as shown in the picture.

Range Rover Sport - 2.7 & 3.6
Range Rover Sport - 3.0 - when timed climate is activated
Fuel burning heater is ideal for warming your engine on cold winter mornings while sat in the comfort of your house, no need to go outside and start your engine to defrost the car. The heater is triggered using one of two main options. The first is your Land Rover original blip using its 3rd button, secondly by sending an SMS. As well as a FBH this controller can do a host of other functions including - clear faults, fuel pump prime, diagnostic and statuses on SMS, various run modes, SMS controlled GPS tracking and so much more.

DA6290 Range Rover Sport - 2005 - 2011
 Tailgate conversion trim kit with chrome strip
 The rear tailgate on the Range Rover Sport changed in 2012 from a two piece tailgate (with opening top window section) to a one piece tailgate and above the registration plate a new silver strip was added that went the width of the tailgate. If you have a 2005 - 2011 model and want to make it look like the 2012 model from the rear you can fit this clever conversion kit. The kit consists of 3 panels - 1. Underside base - section made from ABS plastic in grey primer finish - you will need to paint this part black. 2. Top section - supplied in primed ABS plastic ready for painting body colour 3. Strip section - chrome plated plastic. This is a bolt on replacement kit that replaces the existing panels on the upper tailgate. The kit can be fitted with the tailgate on the car and you only need a Torx T20 driver socket and a 8mm socket.

Manufactured from ABS plastic these cowls will help prevent snow, mud and leaves from entering the heater intake and reducing the Defender heater performance. Fitting a cowl will reduce moisture build-up in the intake system which can happen if debris collects in the one-way valve. The cowl fits over the existing grille and follows the profile of the Defender's wing.

Defender

DA4664 Electric window kit
 Defender - 2002 onwards
 Fed up with winding your windows up and down?
 Make life easier, add electric front windows to your
 Defender with this comprehensive kit.
 Includes fitting instructions.

DA5717W
 Waeco version available.
www.britpart.com/DA5717W
 for full details

DA5717 NEW Retrofit insert seat heaters
 > Complete set for driver and passenger seats.
 > Two stages of heating.
 > Kit includes four heating elements and items needed
 for installation.
 > Pre-assembled cable set with switching relay and
 buttons included.
 > Temperature guard to prevent overheating.
 > Heating elements are durable and extremely flexible.
 > For use on seats which have a removable cover.
 > Includes fitting materials and instructions.
 > Test mark: e-approved to 95/54/EC
 (EMC guidelines for vehicles)
 Full details in the Seats & Trim section.

DA6554 LED Interior Lamp Light grey
 Defender - 1991 onwards
 MUD has worked in conjunction with one of the UK's
 leading automotive lighting manufacturers to create a
 100% British designed and manufactured product that
 uses only the highest quality components. The MUD LED
 Interior Lamp utilises ceramic LED technology to provide
 18 x more usable light than the traditional festoon bulb
 design and with a rating of 228 lumens is 400% brighter
 than the factory fitted Land Rover interior lamp. With a
 colour temperature of circa 6,000K, the LED light output
 falls into 'daylight' classification providing better colour
 rendition, i.e. colours look more true to life. Another neat
 feature of the MUD LED Interior lamp is the switchable
 white to red illumination function for improved night-time
 vision. Plug & Play connection with fixings supplied. The
 MUD Interior LED Lamp will replace both front and rear
 interior lamps in the Land Rover Defender. Rear Station
 Wagon fitment requires the use of the optional MUD LED
 Lamp plinth - DA6555. These lamps will fit the Defender
 roof consoles - DA4629 & DA4629B.

Electrical Enhancements

DA4679 Dual USB charger
 Easy to install in existing 12V DC socket hole providing
 convenient access for charging mobile devices.
 > Compatible with popular mobile devices
 > Protective cap
 > Easy to use
 Maximum output current - 2.1A DC (total)
 Cut out dimensions - 1 1/8 in (28.58 mm) dia. hole
 Input voltage - 12V
 Output voltage - 5V DC +/- 5%
 Parasitic current draw - 15mA
 USB - 2.0

DA4598 Heated mirror kit
 MUD-UK Defender heated mirror elements are unlike any
 other heated mirror element. They use the same carbon
 impregnated glasscloth technology found in underfloor
 heating and high-end bathroom mirror applications.
 Unlike traditional printed circuit heated mirror elements
 the current flow in flexible glasscloth is across the whole
 surface area of the element. This results in a larger
 'heated' surface area and avoids the "striping" effect of
 traditional elements. The mirror elements have no fine
 circuits which can damage easily and offer improved
 durability and performance over traditional printed circuit
 elements. The heated mirror elements are supplied with
 self-adhesive backing. Peel off the backing and stick
 the element to the back of the Defender mirror glass.
 Also supplied with a fitting kit that consists of 4m of twin
 core wire, assorted terminals and a relay. A switch is
 not supplied which allows the installer to match up any
 existing switches already installed. The wiring can be
 concealed within the arm of the wing mirror, to create a
 neat and tidy finish. Elements measure 115mm x 167mm.

DA7480 Plug and play cruise control system
 Defender - 2007 onwards
 Stalk fits to the right hand side of the steering column.

DA6555 LED Interior Lamp Plinth Light grey
 Defender - 1991 onwards
 The MUD LED interior lamp plinth allows you to fit the
 popular MUD LED lamp to the rear of a Defender Station
 Wagon. The plinth gives enough room to allow the lamp
 to fit to the existing wiring. Please note the plinth is not
 required when fitting to the front of the vehicle.

DA2342R

Air conditioning kits

Front Kits

As OE fitment, no drilling required. Once fitted the system is indistinguishable from factory fitted units. Plugs straight into the existing Land Rover wiring loom and fuse board. Easy to install as components are pre-assembled. Kit uses high performance condenser which eliminates need for an extended nose cone. Parts interchangeable with Land Rover parts.

Stainless steel strip with stainless steel fixings

DA1205 Defender - up to 2007
Fitting this Defender demister kit will help demist your windscreen better than the standard fitted demister and has the added bonus that it will also demist your side windows too. With full fitting instructions.

DA1170 SVX style cargo tie down point
Smart and easy to fit

DA6493 X-Trouser
Pair
Lost a pair of trousers getting in and out of your Defender? Here is the simple solution. Not only does it protect your trousers, in many cases it makes the door close more reliably and helps (though it does not entirely stop) the seat belt getting caught in the latch. If the seat belt does become caught as you close the door, it suffers less damage due to the smooth profile of the X-Trouser. The X-Trouser has a smooth profile, if your belt loop or pocket runs over it, it will slide off freely. Made from high quality 304 grade stainless steel. The X-Trouser catch is reversible so it will fit both the driver and passenger doors, left & right hand drive. It will also fit the rear side doors of 110 Station Wagons.

Interior Enhancements - continued

DA1204

DA1203

DA1204 Rear door stays
Does your Defender's rear door sometimes close on you unexpectedly? This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

DA1204 Defender - up to 2002
DA1203 Defender - 2002 onwards

DA4692 NEW 110 Utility Wagon trim panels
Protect the interior of your 110 Utility Wagon and improve upon the crude 'unfinished' factory look of the Land Rover 'window' trims with our MUD designed 110 Utility Wagon Trim Panels. The MUD 110 Utility Wagon Trim Panel fits behind the existing 'window' trim panel to create a smart factory look finish. The MUD 110 Utility Wagon Trim Panels are supplied in pairs with cargo nets that create useful extra storage within the cabin walls. Ideal for coats, shopping bags and pet paraphernalia! Each net features elasticised netting and is supplied with black headed flush fit fasteners for a professional appearance. With a typically MUD level of attention to detail, they've had the plastic of the MUD 110 Utility Wagon Trim Panel specially blended to match the correct 'Dark Granite' shade of the original trim panels to provide an OE appearance to the installation. Each MUD 110 Utility Wagon Trim Panel is supplied with four foam insulation panel that sit behind the trim panels to isolate vibrations and provides an additional layer of insulation.

MTC2640A NEW Defender - up to 1A999999
Black aluminium switch mounting panel
Excludes switches

DA4629

Roof consoles
DA4629 Grey
DA4629B Black

This roof console fits all Defenders except sunroof equipped models. Supplied with interior lamp extension loom and DIN blanking panel. Fitting kit and instructions are also supplied.

The console offers a unique storage solution for the Defender in providing additional overhead roof storage as well as a single DIN provision in one unit. The two side sections are designed to hold anything from maps to sunglasses, documents to magazines.

DA4629B

The console is supplied in three separate pieces. The product has been designed with CAD software and the moulding finished off using CNC machinery to ensure an OE level fit and finish to the product.

It is supplied with a DIN blanking panel but the central binnacle will fit any DIN sized accessory such as a stereo, CB/HAM radio or even a digital tachograph. The single DIN aperture will also accept a bank of seven Carling Technologies switches by using the Carling interlocking switch mounts.

Will the Defender roof console fit my vehicle?

The console has been designed to fit all post 1983 Defender models without a sunroof and with a factory headlining. The fixing method does not require removal or cutting of the headlining or sun visors. (Some later models will require trimming of the central area of the headlining when fitting a DIN unit). If you have a non-factory headlining it is unlikely it will fit without modification of the headlining. If you have a Series vehicle, again it is unlikely it will fit without modification.

DA4691 NEW Single DIN dashboard mount
Defender - 2007 onwards
The MUD dashboard mount creates a quick and easy method of mounting a single DIN accessory into the Puma dashboard. You will however have to route any wiring through the back of the dashboard. Ideal for mounting any DIN sized CB/HAM radio unit into your Defender. Mic extension leads are an inexpensive accessory and commonly available so that mic can reach the driver. The single DIN mount also comes with a handy 'coin tray' which sits behind the grab handle. The dashboard mount is also suitable as a digital tachograph mount. EU customers should be aware that mounting a tachograph on the passenger side of the dashboard does now meet EEC legislation. Supplied with all fixings required to provide a quick and easy installation. Fits both right-hand drive and left-hand drive vehicles.

Dynamat Xtreme Sound Deadening

Dynamat Xtreme is the highest efficiency sound deadening material available and the most effective product for stopping noise and vibration. Xtreme can be used on any and all interior sheet metal and fibreglass body panels. The aluminium constraining layer is very moldable and conforms easily to all interior surfaces. The patented extra sticky butyl layer is formulated with VECTOR chemistry for the most amazing energy conversion capabilities ever. Use it on your doors, floor, roof, bonnet and loadspace for a quiet, cool and incredibly solid ride.

- > Create a solid, luxury car feel with a reduction in road noise.
- > Stop resonance & vibrations, reduces buzzes & rattles.
- > Improved sound. Get more bass. Hear more of your music.
- > For use throughout your vehicle interior, the first step to a great car.

The highest efficiency sound deadening material available.

Landy Books

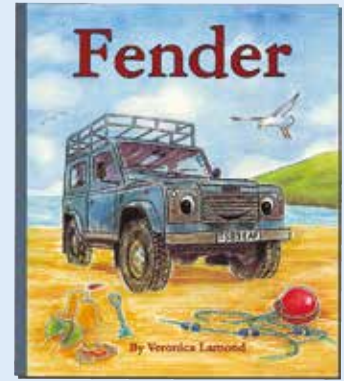

These charming hardback books, which are beautifully written and illustrated by Veronica Lamond, are an excellent gift idea for any Land Rover fan - whatever their age!

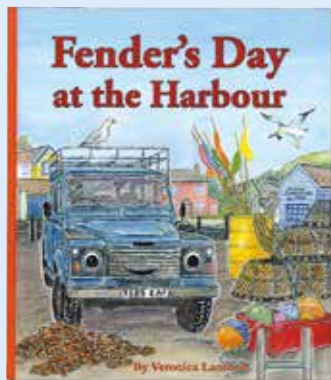

LANDY
"Landy has been left abandoned for many years until, one day, Jack finds him..."

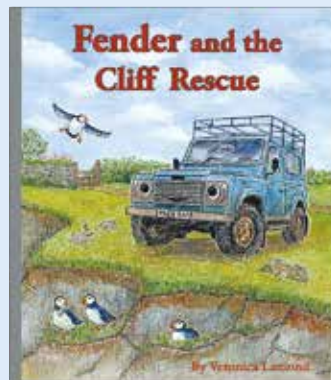

LANDY NEW HOME
"Jack and Landy are busy setting up their small holding but Landy feels left out. When Fender arrives, Landy realises he hasn't been forgotten after all..."

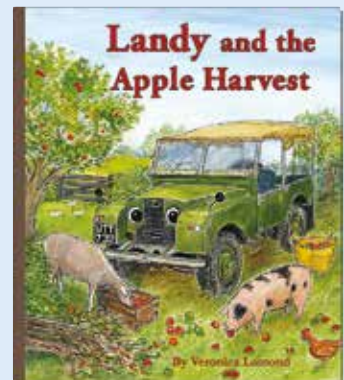

FENDER
"Scamp races Fender down the track - they have lots of things to do and lots of friends to meet..."

FENDER HARBOUR
"Fender watched the fishermen fixing their boats and the swing shovel at work. Meanwhile, Dan and Jack weren't having much luck..."

FENDER RESCUE
"Dan and Fender spend a day working up on the cliff top. Then Jack calls for help and they drive off to the rescue..."

LANDY HARVEST
"After a very windy night, Jack decides it's time to gather up all the fallen apples. Landy helps him bring the harvest home..."

Mag Books

DA3188B Issue 2
From the publishers of Land Rover Monthly a 228 page celebration of the Defender including vehicles through the ages, rebuilds & repairs and buyers guides.

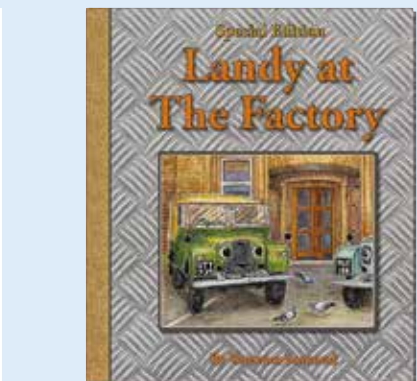

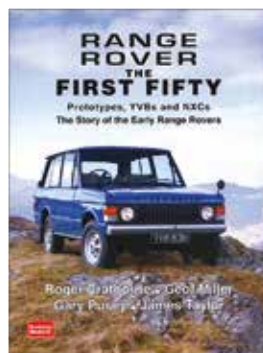

DA2988
From the publishers of Land Rover Monthly a 220 page celebration of the Discovery. Buying, restoring, modifying, driving - the ultimate Land Rover Discovery guide.

Range Rover - The First Fifty

DA3202
Range Rover - The First Fifty Prototypes
YVBs and NXCc - the story of the early Range Rovers.

Today, the Range Rover is a legend. The original design lasted in production for more than a quarter of a century. It is those very first Range Rovers which are the subject of this book. Its aim is to record the story of the earliest vehicles before it becomes lost in the mists of legend and distorted by commercial misrepresentation. It looks at three distinct groups of vehicles. These are the Engineering Prototypes (of which there were seven), the Pre-Production Vehicles (of which there were 28, most registered in the YVB-H series), and the Press Launch Vehicles (of which there were 20, all registered in the NXC-H series). The total comes to slightly more than 50 vehicles. With 160 illustrations and 160 pages.

LANDY FACTORY
"Inside the envelope, he found a letter from the Land Rover factory. "How exciting, Landy," said Jack. "We've been invited to visit the factory to celebrate your 60th birthday!..."

Join me and my friends on our adventures.

Land Rover Original Technical Publications

Original Technical Publications

The days of hunting around auto-jumbles for grubby and damaged workshop manuals, parts lists and owner manuals are over! At least they are if you own one of the many classic Land Rover and Range Rover models covered in the range of Original Technical Publications compilations.

Land Rover Original Technical Publications

Carefully reproduced from the extensive historical archives in England and in the USA, we are pleased to give you access to the original Land Rover publications needed to run and maintain your classic Land Rover, including parts catalogues (most models), service manuals and owner's literature. Original parts books, workshop manuals and handbooks for Land Rovers and Range Rovers have always been greatly sought after, and rightly so: nothing compares to a Land Rover workshop manual compiled by the car's manufacturer. Now owners and enthusiasts have the opportunity to effortlessly collect all the original publications for their favourite Land Rover or Range Rover, on one handy and cost-effective title. These publications are the original publications used by the Land Rover parts department, service garages and sales departments when these cars were still in production and being serviced. Each section provides detailed information on major systems, diagnostics, troubleshooting, overhaul, as well as the removal and installation of major components. Compiled in an easy to understand format, these publications contain step by step processes designed for the mechanic and the enthusiast. In addition most manuals are filled with detailed illustrations and sometimes photographs and diagrams to help with identification of components and proper assembly. What's more, you can find information and links to Land Rover Cars, Land Rover Heritage, Land Rover Clubs and Original Technical Publications. Check out the latest picture galleries, video and media archives - even download classic Land Rover and Range Rover wallpaper to personalize your computer, tablet or phone.

Which is best for me?

The Original Technical Publications are available in two formats - USB eBook or DVD with online access.

Windows PC user - Portable USB eBook or DVD with online access

Apple OSX user - DVD with online access*

Note - DVD option for OSX not suitable for retina displays, for retina displays use Online feature.

Apple iOS user - DVD via the online access

Android user - DVD via the online access

Note - Printing not available for Apple OSX or iOS applications unless running a Windows emulation software.

DVD With Online Access Product

In addition to the DVD, each OTP Product now includes an 'online access card inside the packaging. The card includes some additional text and instructions as well as the URL or web address required to access the interface and content from a personal computer (Mac OSX or Windows) as well as tablets or hand-held devices (Mac iOS, Windows or Android). Each OTP product continues to provide each registered customer with a single license for one device. In other words if a customer registers their personal computer they would be able to access BOTH the DVD as well as access the information online on that device. If a customer registers their hand-held device (iPad, tablet or hybrid) they would ONLY have access on that device once the viewer is installed and the license is authenticated.

Product Features

- > Printable - print only the pages you need
- > Viewable & zoomable
- > Searchable - search the entire section in seconds
- > Bookmarked - manuals are bookmarked to quickly locate sections

System Requirements

- > User must have administration rights to allow installation.
- > PC Windows 2000 or later DVD Drive, Safeguard Windows PDC viewer
- > Mac OS X 10.7 or above DVD Drive, Safeguard OS X PDC viewer*
- > iOS 5.0.1 and above Safeguard Mac iOS viewer
- > Android 4.0 and above Safeguard Android viewer

DVD option for Apple OSX not suitable for retina displays, for retina displays use online feature. Printing not available for Apple OSX or iOS applications unless running a Windows emulation software.

Portable USB Product

USB for Windows PCs. Installation of viewer on host computer is all that is required as the user license is bound to the USB. Internet access is not required for use or activation unless the user is prompted to check for a viewer update for the particular device where the USB is being used. Each (Portable USB ebook) product is a portable software product, no registration or activation is required. DRM license is bound to the supplied USB enabling product access only to that particular Portable USB. USB product part numbers will be the same as the USB DVD/Online designations however, with the suffix USB added to the end, no product registration codes are required.

Product Features

- > Printable - print only the pages you need.
- > Viewable & zoomable
- > Searchable - search the entire section in seconds.
- > Bookmarked - manuals are bookmarked to quickly locate sections.
- > Internet not required.
- > Portable between Windows computers.
- > Secure documents are instantly accessible just like ordinary files.

System Requirements

- > PC - Windows 2000 or later. DVD Reader, Safeguard Windows PDC viewer. Must have administration rights to allow installation.
- > USB port

Security Equipment

Skytag

DA9012

How It Works

- > Pinpoint GPS tracking
- > Worldwide coverage
- > 24/7 service
- > Tamper alerts
- > Intelligent movement alerts
- > Direct police access and liaison
- > Simple install and transferable
- > Internal backup battery
- > 5 year warranty

About Skytag

Skytag are now largest independent stolen vehicle recovery company in the UK, providing state of the art location equipment to recover your property quickly and efficiently. With an outstanding recovery record and an 11 minute fastest record, they are proud to offer a service second to none. With unique features like monthly operation checks and direct police access to live location information.

The Skytag device is a very small covert unit designed to be hidden in a vehicle, self installation enhances the covert nature of the product as everyone will put it somewhere different, making it virtually impossible to find, this also reduces costs and makes the unit easily transferable from vehicle to vehicle with no charges.

The device is smaller than a computer mouse and contains a GPS chip that can pin-point its location on the planet to within 5 metres. The device also contains a module that communicates this position to us via the GPRS data network. So we know exactly where your vehicle is in the event of a theft.

Our unit comes with the peace of mind of full worldwide cover and is IP65 waterproof. The device has an inbuilt backup battery that lasts 3 days should the vehicle battery be disconnected. It also alerts us when the battery has been disconnected; we can even tell when the vehicle battery is running low, ensuring continuous operation.

Skytag Packages

Standard Tracking

£6.99/month - payments to Skytag
Initial 3 months service included. Standard service includes battery disconnect alerts, tracker battery low power alert. Monthly health check and email notification. Worldwide coverage. 24 hour crime line with police liaison to recover your vehicle.

Active Monitoring

£10.99/month - payments to Skytag
Initial 3 months service included. Standard Tracking service plus active movement alerts.
'LeisureSafe' is designed for leisure vehicles which are used 2-3 times a week, 'LeisureSafe' is fully automatic with no requirement to remember to turn on or off. A bespoke zone is created where the vehicle is normally stored. If the vehicle moves out of this zone during the protected hours, alerts are sent direct to your mobile phone, your landline, text and email.

'NightSafe' is designed for everyday use vehicles where you need protection during the vulnerable night hours. Using a zone similar to 'LeisureSafe' the system alerts leaving the 'Safe Zone' during the armed period.

Live Tracking

£12.99/month - payments to Skytag
Live Tracking has all the features of the active monitoring service with the addition of user designed zones, speed alerts and the ability to log in from any internet enabled device and see the vehicle updated every 5 minutes with the ignition wired installation, or every 20 mins with standard fitting. "Liveview" service includes unlimited email alerts and 10 direct telephone alerts per week.

X-Column

DA9013

One thing that is common to virtually all stolen Land Rovers is that the column steering lock has been broken. It is normally broken by removing the lock barrel as this is surprisingly quick - the vehicle can then often be started with a screwdriver. This neat solution is a sleeve for the lock barrel assembly machined out of steel. It is strong enough to prevent the barrel being removed or the end broken off.

nothing to lock or unlock

The best thing about this solution is it's completely passive - i.e. nothing to lock or unlock. It stays permanently fitted to the vehicle providing 24 hour protection and deterrent value. The column lock will fit all Defenders LHD or RHD - up to 2014, including Puma/Tdci. One exception is that some ex-military vehicles do not have a steering lock. While the column lock will fit - it serves no purpose as there is nothing for it to protect.

Tamper Proof Nuts & Bolts

DA7333

Ensure your precious accessories remain firmly on your Land Rover by using a set of these tamper proof nuts and bolts. Ideal for securing your winch and front bumper. Each set contains either 4 nuts or bolts and 1 key.

- DA7330 M6 nut set & key
- DA7331 M8 nut set & key
- DA7332 M10 nut set & key

DA7332

- DA7333 M10 x 110 bolt set & key
- DA7334 M10 x 35 bolt set & key

Locking Fuel Cap

DA1227

Discovery 2
Locking fuel cap
Supplied with 2 keys.

Add some extra protection to your fuel.

Security Marking Kit

DA8533

The International Security Register (ISR) system has proved successful in deterring and detecting theft and fraud for over 30 years. It works on the principle that if a vehicle's windows and parts are marked using robust techniques and details are recorded on a secure database - supported by a 24/7 verification service - criminals stealing the vehicle will run a real risk of being caught and prosecuted. Each mark applied to a vehicle will contain a unique 8-digit code, the ISR logo and www.isrcodecheck.com

Pack Components

- > Full instructions on marking and registering a Land Rover are in the security marking kit.
- > 8 vinyl stencils, fluid and brush for marking windows.
- > 2 warning decals.
- > 2 sets of 6 UV self-etch labels for application to painted metal body panels.
- > 2 sets of 7 ultra-destruct labels with UV fluid and applicator for identifying plastic parts.
- > A set of three Britpart branded security tags for increasing the chance of items that are so often mislaid, being returned to the owner.
- > A Britpart branded ISR customer contact card.

Registration of Vehicle and Owner Data on the ISR

The vehicle owner - or the dealer - would complete the registration process online via the Britpart registration page at www.TheISR.org then select "All Vehicles" then "Vehicles" followed by "Britpart Registration Form" entering the unique code together with the vehicle make, model, colour, VIN and VRM together with the owners name and contact details. If an email address is supplied, an automated acknowledgement of registration would be sent. The code for the security tags would be automatically recorded.

Reducing the risk of your Land Rover being stolen or cloned.

More details of the kit can be found at www.britpart.com/security

X-Defend Pedal Lock

DA6601

DA6601 NEW Right hand drive
DA6602 NEW Left hand drive
 Defender - up to Td5 without air-con

The X-Defend Pedal Lock prevents the clutch, brake and throttle pedal from being operated, making a vehicle almost impossible to drive! Unlike other pedal locks, this remains bolted to the floor of the vehicle. When not in use, it folds flat on the floor and seat box, forming the floor of the cab. In this position it can be covered with your usual floor mat. This means you don't have to store a 20kg lump of metal which could be lethal if it hit you in the event of an accident or while off-roading. It also means that locking is incredibly quick. Just release the catch which holds it against the seat box and lock into position. A 10mm thick steel claw grabs the brake pedal shaft and ratchets in tight against it. It can be locked in a couple of seconds! To unlock turn the key which releases the pedal and fold flat on the floor. The Pedal Lock is supplied in tough, corrosion proof 304 stainless steel and uses formed hinges with a 6mm stainless pin. It is supplied with an anti-drill, British made Lowe & Fletcher RPT Lock. **Notes** - This does NOT fit Series/Defender - 2007 onwards. As not all Defenders are the same and build tolerances are at best acceptable it may be necessary to either relocate the bonnet pull bracket (you can drill out the spot welds and re-attach with pop rivets) or better still replace with the later Td5 type bonnet pull (FSC000050PMA). We have discovered that because Land Rover had no set place to fit the early type bracket it sometimes fouls the pedal lock.

Hinge Guards

DA1398 NEW 2-door kit
DA1399 NEW 4-door kit

The Bombproof Hinge Guard is built to exact specification and was developed to fit all Defender models and years. It has been engineered for maximum protection and ease of fitment. Each Hinge Guard kit consists of two CAD engineered stainless steel plates which fit inside of each hinge point, restricting outward movement of the door with the bulkhead bolts removed. Fitting the Hinge Guards is incredibly easy with comprehensive fitting instructions supplied. Each door kit can be easily fitted in 20-30 minutes. After installation, only the top of each plate can be seen, providing an unobtrusive modification and deterrent to would-be thieves.

Features

- > Notched upper guard - fits neatly around the dash padding without compromising security.
- > Custom folds - each plate has a carefully measured, very small offset to allow it to close around the door frame without tearing the door seal.
- > High-Grade 304 Stainless Steel - 2mm thick: thin enough to fit unobtrusively, more than thick enough to protect your hinges.
- > Individually profiled - lower and rear hinges profiled for a perfect fit across all variants.

Camping Equipment

Fridge Freezers

DA6545

35L Portable ARB Fridge Freezer

Great for short trips or as a second fridge, the 35L Fridge Freezer suits many compact SUV's due to its low height and small footprint.

Capacity 35 litres (50 x 375ml cans)
 Cooling capacity +10°C to -18°C
 Weight 20.7kg
 External dimensions 428mm (H) x 380mm (W) x 705mm (D)
 Internal dimensions Fruit & dairy compartment: 126mm (H) x 285mm (W) x 151mm (D) & Main compartment: 321mm (H) x 285mm (W) x 337mm (D)
 Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

DA6546

47L Portable ARB Fridge Freezer

Suitable for many medium to large SUV's, the class leading 47L ARB Fridge Freezer is your perfect travelling companion.

Capacity 47 litres (72 x 375ml cans)
 Cooling capacity +10°C to -18°C
 Weight 22.5kg
 External dimensions 508mm (H) x 380mm (W) x 705mm (D)
 Internal dimensions Fruit & dairy compartment: 206mm (H) x 285mm (W) x 151mm (D) & Main compartment: 401mm (H) x 285mm (W) x 337mm (D)
 Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

DA6547

60L Portable ARB Fridge Freezer

Perfect for family trips or off road touring, the 60L Fridge Freezer features a low profile to suit roller drawer systems, larger 4WDs, boats & camper trailers.

Capacity 60 litres (90 x 375ml cans)
 Cooling capacity +10°C to -18°C
 Weight 24.5kg
 External dimensions 428mm (H) x 450mm (W) x 845mm (D)
 Internal dimensions Fruit & dairy compartment: 126mm (H) x 355mm (W) x 151mm (D) & Main compartment: 321mm (H) x 355mm (W) x 477mm (D)
 Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

4X4 ACCESSORIES

ARB products available in the UK only.

Internal features

- > **Dairy compartment** - optimised internal capacity includes separate compartment for fruit and dairy products.
- > **Reversible basket with divider** - multiple storage options by separating fridge contents or alternatively allowing longer items to be positioned along the length of the cabinet.
- > **Drain plug** - integrated into fridge base for effortless cleaning.
- > **Integrated evaporator** - designed as an integral part of the interior cabinet, ensuring simplified cleaning and optimum use of internal storage space.
- > **Internal LED light** - low power draw LED light with magnetic switch turns off when lid is closed.

Canvas Transit Bag

The ARB transit bag shields your fridge from dents and scratches while also providing additional insulation in extreme temperatures. Made of tough, durable canvas, the functional ARB transit bag features a handy side pocket for items such as the power cord or instruction booklet, as well as openings for the fridge's rubber feet, power cables and drain plug hole.

- DA6820** 35 litre bag
- DA6821** 47 litre bag
- DA6822** 60 litre bag

Fridge Freezer Remote Monitor

DA8933

The ARB Remote Fridge/Freezer Monitor allows you to monitor the operating condition of your ARB fridge/freezer from the comfort of your driving seat.

- > Multiple receiving channels for minimised transmission disruptions.
- > Large easy viewing backlit display.
- > Ability to monitor 2 ARB fridge/freezers.
- > 30m (100ft) line of sight or 15m(50ft) interrupted transmission.
- > Quick release bracket for easy removal of LCD display.
- > Temperature displayed in either °C or °F.
- > Power supply 12V.

External features

- > **Secop compressor** - highest quality, Secop Compressor with smart electronic control system enables rapid cool down to target temperature.
- > **Durable detent hinge** - stainless steel detent hinge ensures the lid can be easily released and securely slid back into place.
- > **Rear clips** - rear clips secure 12/24v and 100-240v cables, preventing the plug from being accidentally disconnected.
- > **Lid with integrated seal** - tough, two piece injection moulded lid incorporates a recessed seal, preventing excessive wear and damage.
- > **Front latch** - simple to use, large over-centre cam lock latch provides a positive seal between the lid and cabinet for maximum cooling efficiency.
- > **Control panel** - easily accessible, recessed front control panel with maintenance-free digital temperature display (no dedicated battery required).
- > **Recessed handles** - powder coated steel handles, engineered to double as tie down points.
- > **Durable case** - powder coated, robust zinc steel cabinet sides designed to withstand extreme off road conditions.
- > **Rubber feet** - integrated into fridge base for increased grip and stability.

Cool Bag

VUP100140L

Waecol electric cool bag
 Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surfaces. Vertical space for standing 2-litres bottles. Exterior in high quality Oxford nylon, side in hard-wearing rubber coated nylon.

Technical data

- > Application: 12 volts
- > Power input: Approx. 3 A/36 W
- > Capacity: 14 litres
- > Cooling capacity: Max. 25°C below ambient temperature
- > Insulation: 20 mm solid polyurethane foam; 10mm expanded foam
- > Cooling unit: Thermoelectric elements, cooling only
- > Size: Height 380mm x length 380mm x width 220mm

Tent, Shade & Shelter

Awnings

Easy to mount and operate, these self standing, retractable awnings fit onto the side of a roof rack and are conveniently stored for immediate use on arrival. Specifically designed for harsh outback conditions, the awnings feature height adjustable, telescopic legs and provide fast and convenient protection from the elements. Easily mounting to the side of most roof racks or roof bars, the awning is secured in a heavy duty nylon reinforced PVC bag. Constructed from tough PU coated 300gsm poly/cotton rip stop canvas, the awnings are fully waterproof and offer a UVP 50+ rating.

DA6826	2,500 x 2,500mm
DA6827	2,000 x 2,500mm
DA6828	1,250 x 2,100mm

Wind Break

Designed to angle out from ARB awnings, these wind breaks offer additional protection from the rain while also providing extra shade and sun protection. ARB wind breaks are ideal for creating extra protection and storage for items like swags and chairs under the awning. Manufactured from lightweight PU coated 300gsm poly cotton canvas. Waterproof and UV protected with a UVP 50+ rating. Tie down points for each wind break to further secure the awning.

Note - Side awning not included - DA6844

DA6829	2,500mm
DA6844	2,100mm
DA6840	2,000mm

Awning Room with Floor

Designed to function as a fully enclosed room, the awning with floor provides additional weather protection and privacy. The awning room can be used with ARB awnings and features a durable floor, two large mesh windows with roll up blinds and a zippered door with both solid and mesh panels. It is fully enclosed with an integrated roof that hangs just below the main awning canvas. Rear wall features a central door that can be used to directly access the vehicle rear door or canopy depending on awning mounting position. Access points for 12v/240v power leads. Supplied with hardened steel pegs and adjustable tension straps.

DA6833	2,500 x 2,500mm
DA6832	2,500 x 2,100mm
DA6819	2,000 x 2,100mm

Three Wall Set

Comprised of three individual walls that wrap around the outside of ARB awning legs, the three wall set is both waterproof and UV protected. Manufactured from lightweight PU coated 300D Oxford polyester, two walls feature windows made from half mesh and half clear PVC, while the right hand wall includes a zippered door that can be rolled up out of the way. Connected via a zip, each wall can be used individually, as a pair or set. Available to suit ARB awnings. Supplied with hardened steel pegs and adjustable tension straps. No rear wall allows for full access to the vehicle. Mud/storm flaps at the bottom of each walls.

DA6835	2,500 x 2,500mm
DA6834	2,500 x 2,100mm
DA6839	2,000 x 2,500mm

Mosquito Net

ARB mosquito nets are manufactured from double stitched, 48gsm midge proof mesh and are available for ARB awnings. Providing a comfortable area to eat and relax, this updated version is now larger and includes a mud/storm flap to reduce grass seeds and other debris from collecting in the lower section of the mesh. Hardened steel pegs are supplied to firmly anchor the room to the ground via adjustable tension straps.

DA6830	2,500 x 2,500mm
DA6831	2,000 x 2,500mm

DA8981

Simpson Rooftop Tent

1,400mm wide x 2,400mm long x 1,300mm high
The ARB Simpson III Rooftop Tent will provide the ultimate in ease and convenience when travelling. Unfolding in minutes, a rooftop tent provides sleeping quarters off the ground, protected from the elements. Spacious and comfortable, all bedding can remain inside the tent during the journey, freeing up vital storage space in the vehicle, and allowing the tent to be quickly and easily packed away. More images available online.

Features

- > Incorporates an updated design and new materials for better strength, rigidity and water resistance.
- > Manufactured from high quality, poly/cotton fabric.
- > Incorporates Oxford polyester flysheet with excellent water shedding ability.
- > Sturdy aluminium retractable ladder.
- > High density bonded chip foam mattress with removable cover for increased comfort and durability
- > Incorporates pull out veranda.
- > Insect screened windows and door.
- > UV stabilised laminated PVC cover.
- > Bungee cord system to assist when closing.
- > Easily mounted to ARB's purpose designed roof rack.
- > Can be configured to unfold off either the side or off the rear of the vehicle.
- > All aluminium components feature an anodized finish for improved corrosion resistance and appearance.
- > Comes complete with mounting hardware, wrenches, ladder, travel cover and comprehensive instructions.
- > ARB awnings can also be paired with the rooftop tent.

Camping Chair

DA8929

ARB Air Locker camping chair is rated to 120kg and has a host of features, including a padded seat and backrest, convenient drink holder pouch, side pocket with Velcro flap for your keys, wallet or other small items, and a mesh magazine pocket on the rear of the backrest. Manufactured from durable nylon Oxford weave material, the chair also comes with a matching carry bag for compact storage and transportation.

A-Bars	11	Brake calliper pistons	166	Chassis	177
AdBlue diesel exhaust fluid	191	Brake cleaner	189, 193	Chassis components	179 - 182
Adjustable ball joint	131	Brake discs	110 - 111	Chequer plate	10
Adjustable suspension lift rod kit	93	Brake discs, EBC	111	Clear lights	51
Air compressors, diff lockers	86 - 87	Brake discs, XS	166	Clothing	233
Air compressors, tyres	40 - 41	Brake fitting kit	164	Clutch alignment tool	200
Air conditioning fans	119	Brake fluid	190	Clutch pedal assist kit	174
Air filters, K&N	117	Brake hoses	113	Clutch reservoir tanks	164, 176
Air filters, performance	116 - 117	Brake kits	164	Clutch tools	200
Air Lift	138	Brake lubrication	166	Clutches	175
Air spring conversion kits	141	Brake pads, DTEC	113	Comfort connectors	98
Air springs	138	Brake pads, EBC	111 - 112	Compressors	86 - 87
Air suspension compressors	134	Brake pads, XD	165	Compressors, air suspension	134
Air tank	87	Brake pads, XS	165	Con rod components	171
Alloy wheels	44	Brake pipe bending tool	164	Connecting spindle rods	129
Alternator	119	Brake pipe sets	164	Cool bag	231
Alternator upgrades	167	Brake pipe swivel mount bracket	178	Coolant hoses	118
Aluminium header tanks	118	Brake reservoir tanks	164, 176	Coolants	190, 193
Anti-freeze	190	Brake tools	201	Cooling system pressure test kit	202
Anti-rattle jack clamps	93	Bridging ladders	93	Corbeau seats	83
Anti-roll bars	128	Britpart clothing	233	Coupling control unit	176
Anti-squeal shims	164	Britpart Expedition roof racks	33	Covers, spare wheel	42
ARB diff lockers	88	Bulbs	51	Crankshaft tools	201
Armrests	76 - 77	Bulk filters	168	Crossmembers	179 - 182
Ashcroft Transmissions	89	Bulkhead	179 - 182	Crown wheel & pinion	174
Auto transmission lever parts	176	Bulkhead bars	77	Crown wheel & pinions, heavy-duty	89
Automatic torque biasing differentials	89	Bulkhead front assembly	183	Cruise control system	217
Automatic transmission fluid change kits	188	Bump stops	132	Cubby boxes	76 - 77
Awnings	232	Bumper fitting kits	12	Cup holder	76
Ball joint	131	Bumper, bodywork	183	CV joints	174
Ball joint repair kits	163	Bumper, LED	49	CV joints, heavy-duty	89
Batteries	98	Bumperettes	12, 18	Cylinder head overhaul kits	171
Battery charger	98	Bumpers	12, 18	Cylinder heads	168
Battery isolator switch	108	Bumpers, winch	104 - 105	Cylinder liner kit	168
Battery management system	99	Bungee Clic load securing kit	37	Damper kit	173
Bearing grease	189	Bush fitting tools	202	Dash camera	11
Bearings, propshaft	174	Bushes	128, 132 - 134, 137	Daytime lights	49
Bike racks	30 - 32	Calibration tools	199	Deflectors, wind	22
Bilstein shock absorbers	137	Camera kits, reversing	18	Demister kit	220
Black wheel nuts	43	Camera, dash	11	Detent repair springclip	174
Blanking kits	115 - 116	Camera, rear surround	18	Detroit lockers	90
Bleed screws	172	Camping equipment	231 - 232	Die-cast models	237
Blind spot mirror	16	Carburettors, Weber	62	Diesel injector sockets	202
Blindo wheels	45	Cargo barriers	64 - 65	Diesel system cleaner	193
Body components	179 - 182	Cargo tie down point	69	Diff coupling shaft	173
Body repair consumables	196	Carpet mats	70	Diff cover	88
Boge, shock absorbers	137	Castor corrected swivel housings	128	Diff guard	21
Bolt kits	224	Castor correction bushes	132	Diff lock lever	90
Bolts	163	Castor correction wedges	139	Diff lockers	86 - 90
Bonnet hinges	216	Castrol Classic oils	194	Diff overhaul kits	176
Books	227	Cellular Dynamic shock absorbers	136	Diff rebuild kit	176
Boot protection	66 - 69	Cera-Tec lubricant	110	Diff repair pans	173
Bottle jack	93	Chain cover	84	Dinitrol products	197
Bowler lightweight wheels	45	Chair, camping	232	Dirt D-fenders	16

Dislocation cones	131	Headlamp bulbs	51	Meyle bushes	129
Distributor merchandise	238	Headlamp protectors	13	Meyle heavy-duty	129
Dog guards	64 - 65	Headlamps	50	Mirrors	16
Door card fixing kit	84	Heated mirror kit	16	Model engine	238
Door handle covers	206, 208	Heated seats	81	Models	237
Door hinges	183	Heated windscreen	218	Mont Blanc roof bars	32
Door lock button	183	Heater blower motor kit	173	Mudflap brackets	17
Door stays	84	Heater control light upgrade	51	Mudflaps	17
Doors	179 - 182	Heater matrixes	173	NAS lights	50
Double cardan repair kit	176	Heater plug upgrade kit	169	Number plate mounting bracket	105
Double S exhausts	122 - 123	Heavy-duty drive flanges	128	Nuts & bolts, tamper proof	12
Downpipes	121	Heavy-duty shock absorbers	135	Oil analysis kit	193
Dr. Tranny Instant Shudder Fixx	190	Heavy-duty steering arms	143	Oil cooler repair kit	169
Drive flanges	128	Hi-Lift jacks	92	Oil filler cap	172
Driving lights	48	Hinge guards	230	Oil filter tools	200
DTEC brake pads	113	Hinges	183	Oil pump	171
Dual battery management system	99	Hood sticks	79	Oil pump gear set	169
Dust caps	40	Hoods	79	Old Man Emu shock absorbers	137
Dynaline shackle	107	Hub assembly	163	Old Man Emu springs	139
Dynalite alternator	119	Hylomar consumables	189	Optima batteries	98
Dynamat Xtreme	222	iCarsoft multi-system scanner	160	Original technical publications	228
Dynamic response tools	201	Ignition conversion kits	167	Overdrive units	125
EAS override module	141	Ignition lead sets	167	Paint pens	198
EBC brake discs	111	Ignition module	167	Panhard rods	128
EBC brake pads	111 - 112	Injector pipe sets	168	Parabolic springs	138
EGR blanking kits	115 - 116	Injector washers	169	Parking brake springs	164
Electric windows	217	Inner tubes	40	Parking sensors	18
Electronic distributors	167	Inspection lamps	53	Parts catalogues	226
Electronic fan conversion kits	119	Intercooler hoses	118	Performance air filters	116 - 117
Emergency equipment	90 - 91	Intercoolers, performance	117	Performance brake discs	110 - 111
Emergency hammer	91	Interior festoon bulbs	50	Piston ring set	171
Engine bay enhancements	172	Interior lamp	217	Pistons	170
Engine oils	190, 192	Interior roof consoles	220	Polybush sets	132
Engines	169	Interior trim	84	Polyurethane bushes	133
Enhancements	206 - 222	IRD repair kit	174	Portable PowerPacks	94
Exhaust clamps	123	Isolator switch	108	Power steering fluid	193
Exhaust fitting kit	122	Isopon repair consumables	196	Power steering reservoir cap	172
Exhausts components	123	Jack base	93	Powerflex bushes	134
Exhausts, stainless steel	121 - 124	Jack clamps	93	Powerlite starter motors	119
Expansion bottle cap	172	Jackall jacks	92	PowerPacks	94
Extended fuel tanks	91	Jacks	92 - 93	Pressure relief valve	169
Extended seat rails	77	Jerry cans	91	Programmable wiper relay	167
Exterior lights	48, 52	Jubilee clips	189	Prop shaft fastener tools	201
Fairleads	106	Ladders	30, 31, 34, 36	Propshaft bearings	174
Fan conversion kits	119	Land meters	93	Propshaft spacers	143
Fasteners	189	Land Rover merchandise	235 - 236	Propshafts	143
FBH controller	208, 210	Land Rover roof racks	32	Protection, rear	18
Filler plugs	172	Landy books	227	PSI Tuning	120
Filter guards	115	Leaf spring castor correction wedges	139	Pulleys	107
Filters, bulk	168	Leaf springs	138	Puncture repair kit	40 - 41
Fire extinguishers	91	LED bumper	49	Radiator hose kit	171
First aid kits	90	LED headlamps	51	Radiator muffs	230
Floor mats	70 - 71	LED interior festoon bulbs	50	Radius arms	129
Fog lights	48	LED light bars	52	Raised air intakes	94 - 95
Fridges/freezers	231	LED lights	50	Raptor	195
Front bumpers	12	Lift rod kit	131	Ratchet straps	69
Front Runner roof racks	31	Lifted springs	140	Ravenol Classic oils	194
Fuel burning heater	208, 210	Light bars	52	Ravenol consumables	192 - 193
Fuel cooler guard	21	Light conversions	49 - 51	Rear diff & carrier	176
Fuel filter holder	169	Light guards	13 - 15	Rear protection	18
Fuel latch repair	184	Light kits	49	Rear silencers	124
Fuel tank fitting kit	184	Light mountings	52	Rear steps	25 - 26
Fuel tank guards	21	Light upgrades	49 - 51	Rear surround cameras	18
Fuel tanks, extended	91	Lighting, workshop	203	Recovery kits	91
Fulcrum brackets	128	Lights, driving	48	Remote reservoir shock absorbers	135
Fume curtain	79	Lights, fog	48	Replacement headlamps	50
Fuse box screws	219	Lights, LED	50	Retention kits	69
Gaiter kits	22	Lights, spot	48	Re-trim kits	82
Gaiters	78	Link assembly anti-roll bars	129	Reversing camera kits	18
Galvanised products	178	Load securing system	37	Revotec electric fans	119
Galvanised roof racks	31	Load straps	69	Richards chassis	177
Gasket sets	168	Loadspace mats	67 - 69	Roamerdrive	125
Gear box gaiters	78	Loadspace nets	69	Rock sliders	19
Gear change kits	174	Locking fuel cap	229	Rockers	170
Gear lever knobs	219	Locking wheel nuts	42	Roll cages	36
Gearbox bearings	174	Loctite consumables	198	Roller fairleads	106
Gearboxes	174	Long range fuel tanks	91	Roof bars	31 - 32
Glove boxes	77	Lowered springs	139	Roof boxes	32
GPS tracking	229	Lynx Evo diagnostics interface	146	Roof console	220
Grab handles	219	Lynx Eye LED headlamps	51	Roof rack ladders	30
Grease	193	Lynx replacement parts	160	Roof racks	31 - 34
Grease nipples	189	Mach 5 wheels	45	Roo-Lites	49
Ground anchors	93	Mag books	227	Ropes	106
Guards, dog	64 - 65	Main bearing sets	168, 171	Rubber mats	67 - 69, 70 - 71
Guards, light	13 - 15	Manifold assembly fuel sensor	171	Rubbing strips	20
Half-shafts	89	Manifold inlet seal	169	Safety Devices roll cages	36
Handbooks	226	Manifold link	171	Safety Devices roof racks	34
Handbrake conversion	114	Marsland chassis	177	Sand ladders	93
Hawse fairleads	106	Mats	67 - 69	Screw kits	224
Haynes manuals	226	MaxXtrac wheels	45	Seat belt stress plate	78
Head bolt sets	168	Merchandise	233 - 238	Seat belts	78
Header tanks, aluminium	118	Metallik paste	196	Seat covers	72 - 73

Seat handle	82	Steering wheels	221	USB charger	217
Seat heater kits	81	Steps, rear	25 - 26	Utility link pipes	124
Seat rails	77	Steps, side	24 - 26	Valve caps	40
Seat re-trim kits	82	Strops	106	Valve unit	173
Seats	80 - 83	Stub axle kits	162	Vehicle enhancements	206 - 222
Seats, Corbeau	83	Sump guard/plates	21	Vent hinge pins	216
Seats, Sparco	83	Super Gaz, shock absorbers	136	Vent knobs	219
Seats, XS style	82	Suspension arms	129	Voltmeter gauge	217
Security box	76	Suspension ball joint repair kits	163	Waffle boards	93
Security equipment	229 - 230	Suspension bolt kits	163	Water pumps	170
Security marking kit	229	Suspension bolts	130	Water sensor repair kit	170
Service kits	185 - 188	Suspension kits	142	Waterproof seat covers	72 - 73
Service sticker	188	Suspension mounts	179 - 182	Watts linkage bush	132
Shackles	107	Swivel housing gaiter kits	22	Weber carburettors	121
Shelter/shade	232	Swivel housing grease	189	Wet clutch oil	191
Shims, anti-squeal	164	Swivel housing kits	162	Wheel adaptors	42
Shock absorber brackets	130	Swivel housings, castor corrected	128	Wheel arch kits	20
Shock absorber turrets	130, 135	Swivel oil seal retainers	162	Wheel bearings	163
Shock absorbers	135 - 137	Swivel pin kits	162	Wheel carriers	40
Short oil filter	169	Swivel pin/mudshield bracket	178	Wheel chocks	108
Side protection	19 - 20	Tailgate chain cover	84	Wheel hub assemblies	163
Side protectors	24	Tailgate conversion trim kit	209	Wheel nuts	43
Side steps	24 - 26	Tailgate half door	183	Wheel protection	42
Silicone hoses	115, 118	Tailgate hinge brackets	183	Wheel spacers	42
Silicone sleeves, universal joint	21	Tamper proof nuts & bolts	229	Wheel valve caps	40
Skytag	229	Td5 oil pump	171	Wheel wrenches	42
Slings	106	TdV6 engine parts	171	Wheels	43 - 45
Snatch block	107	Technical publications	228	Wide angle propshafts	143
Snorkels	94 - 95	Techno style seats	80	Winch accessories	106 - 108
Snow cowls	215	Tents	232	Winch accessory kits	108
Sockets	200	Thule roof bars	31	Winch bumpers	104 - 105
Sound deadening	222	Timing belts	169	Winch remote control	108
Space saver wheels	40	Timing chain kit	169	Winch ropes	106
Spacer blocks	131	Timing tools	199	Winch safety equipment	108
Spanners	200	Tools	199 - 204	Winch shackles	107
Sparco seats	83	Top hat liner set	169	Winch spare parts	103
Spare light bulbs	51	Touch up paint pens	198	Winches	100 - 103
Spare wheel carriers	40	Towing equipment	56 - 62	Wind breaks	232
Spare wheel covers	42	Trade tack stab	189	Wind deflectors	22
Spare wheel strap	40	Transfer boxes	176	Windows	179 - 182, 184
Speedo Healer	43	Transmission filter conversion kits	173	Windscreen wiper motors	167
Split charge relay	99	Transmission flush & fill	204	Wing mirrors	16
Spot lights	48	Transmission guards	21	Wings	179 - 182
Spring kit, parking brake	164	Transmission oils	190, 192 - 193	Wiper blades	238
Spring retainers	131	Transmission service kits	173	Wiper relay	167
Spring seats	131	Travel kits	90	Work lights	52
Spring spacer blocks	131	Tree sliders	19	Workshop fasteners	189
Springs, air	138	Trim removal tool kit	202	Workshop fluids	190 - 191
Springs, coil	139 - 141	Trim, dash	84	Workshop manuals	226
Springs, leaf	138	Trim, door	84	X-Column	229
Springs, lifted	140	Truetrac lockers	90	XD brake pads	165
Springs, lowered	139	T-shirts	233	XD handling kit	139
Springs, Old Man Emu	139	Tuning products	120 - 121	XD oil	191
Springs, parabolic	138	Turbo Boost Box	121	XD remote reservoir shock absorbers	135
Stabiliser link bars	129	Turbo hoses	118	X-Defend pedal lock	230
Stainless steel exhausts	121 - 124	Turret rings	131	Xenon headlamp bulbs	51
Stainless steel fixings	224	Tyre inflators	86	XS brake discs	166
Starter motors	119	Tyre maintenance	41	XS brake pads	165
Starting handle	238	Tyre pressure monitoring	40	XS style seats	82
Steel wheels	43	Tyre repair kit	40 - 41	XS water pumps	170
Steering arms	143	Unbreakable mirrors	21 - 22	X-Trouser	220
Steering box repair kit	162	Underside protection	21 - 22	Zu wheels	46
Steering dampers	136, 143	Universal joint silicone sleeves	21		
Steering rack ball joint repair kits	162	Upgrade chips	120

Get All The Latest Britpart News

We have two easy ways to keep in touch with all the latest news and product releases.

1. Newsletter

Simply log on to www.britpart.com and register your details in the 'Mailing List' section or simply send an e-mail with newsletter in the subject field to - marketing@britpart.co.uk

2. Facebook

Go to www.facebook.com/britpart and click the 'like' button to see all the latest product releases when they happen - no need to wait for the next catalogue release.

Make Your Land Rover A Star

If you have a great picture of your Land Rover and would like to see it featured in the next Britpart catalogue, then please send it to marketing@britpart.co.uk with all your details. We look forward to seeing them and each one sent in will automatically be entered into the next Britpart calendar competition. See www.britpart.com/calendar for more details on the competition. Happy snapping!

The Small Print

- > Britpart is a wholesaler only.
To purchase parts and for technical questions, contact your local stockist.
To find yours go to www.britpart.com/distributors
- > Part numbers used for identification purposes only and do not imply or indicate the identity of a manufacturer.
- > Genuine Land Rover parts and accessories are for sale in EU countries only.
- > Parts are subject to stock and supply.
- > Pictures are for reference only and specifications may alter without notice.
- > Colour swatches are for reference only - samples are available on request.
- > All products available at time of printing and we reserve the right to withdraw any product at any time.
- > Land Rover logos and trade names are for reference only.
- > No part of this catalogue may be used or reproduced by any means without the express permission of Britpart.
- > Product specifications are given but it is up to the end user to ensure that the product is fit for that purpose.
- > E&OE

BRITPART

The quality parts for Land Rovers

North Eastern 4x4 is committed to providing the highest quality service to Land Rover owners. Established in 2007 by two IMI Level 4 Master technicians, Warren Portues & Chris Ferguson, North Eastern 4x4 has a dedicated team of specialist and trustworthy fully trained technicians who can help with all your Land Rover needs – at a fraction of the price of main dealers.

We specialise in:

- > Servicing
- > Diagnostics
- > Parts
- > Accessories

We are ATA accredited, which means that we have the stamp of approval from the Automotive Technician Accreditation (ATA).
